NOTE 1 - Description of Plan

The following brief description of SDG, MGMT Company, LLC (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who have completed 60 days of service and are 21 years of age of the Company or any affiliate who has adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the limit set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds as investment options for participants. The Company may make a matching contributions equal to a uniform percentage of the participants' salary deferrals. Each year, the Company will determine the amount of the discretionary percentage to be contributed, or determine that no matching contributions will be made. During the year ended December 31, 2019, the Company made approximately $728,000 of discretionary contributions.. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of service. A participant is 100% vested after three years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the vested balance or $50,000. The loans are secured by the balance in the participant's account. Interest rates and other terms and conditions, and security and repayment provisions under the Plan must be comparable to those available through a bank and other commercial lenders for loans made at the same date and under similar circumstances. The repayment period for principal residence loans may exceed five years; all other loans must be repaid within five years.

NOTE 1 - Description of Plan (continued):

Payment of Benefits

Payments can only be in the form of a lump-sum distribution. Distributions shall commence by the valuation date in which a normal, early or late retirement occurs.

Hardship Withdrawals

Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the Plan Document. The Company must approve any such hardship withdrawals.

Forfeited Accounts

At December 31, 2019 forfeited nonvested accounts totaled approximately $101,000. Forfeited accounts can be used to pay plan expenses, or reduce future employer contributions.

NOTE 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. Other fees, such as professional fees, are paid by the Company on behalf of the Plan.

NOTE 2 - Summary of accounting policies (continued):

Subsequent Events

The Plan has evaluated subsequent events through June 26, 2020, which is the date the financial statements were available to be issued.

As a result of the spread of COVID-19, economic uncertainties have arisen which may have an unknown and uncertain impact on plan income. Other financial impact could occur, though such potential impact is unknown at this time.

NOTE 3 - Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Newport Trust Company. Newport Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 4 - Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification (The Fair Value Topic) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under The Fair Value Topic are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - Fair Value Measurements (continued):

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018, respectively.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,833,141	$ 0	$ 0	$ 11,833,141

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,374,240	$ 0	$ 0	$ 6,374,240

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation in fair value of investments. The Plan's policy is to recognize transfers between levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. There were no such events for the years ended December 31, 2019 and 2018.

NOTE 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - Tax Status

The Plan obtained its opinion letter on a prototype plan approved by the Internal Revenue Service (the IRS), effective October 31, 2011. The IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC.

The adopted Plan has been amended since the date of the letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2016.

NOTE 7 - Information Certified by Plan Custodian (Unaudited)

The following account balances and transactions were obtained from a statement certified by Newport Trust Company:

Mutual funds	$ 11,833,141
Total investments	$ 11,833,141
Net appreciation in fair value of investments	$ 1,598,892
Dividends	276,695
Total investment income	$ 1,875,587
Interest income on notes receivable from participants	$ (5,776)

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
