PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Pengate Retirement Savings & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Pengate Handling Systems, Inc. and Pengate Handling Systems of New York, Inc. (the Company), except union and non-resident alien employees, who have completed three consecutive months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Retirement Savings & Profit Sharing Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Stockholders.

The Plan was amended effective January 1, 2019, to comply with the requirements of current laws and regulations.

Plan Merger

Effective July 1, 2019, the stockholders of the Company entered into an agreement with a subsidiary of The Raymond Corporation to sell their shares of the Company in accordance with provisions of the Shareholder agreement. Due to this change in ownership, the Plan merged into The Raymond Corporation Consolidated Dealers Savings Plan effective September 30, 2019. The Plan's funds and all participant accounts were transferred into The Raymond Corporation Consolidated Dealers Savings Plan on that date. All assets continued to be held by Fidelity Management Trust Company, the trustee, custodian, and record keeper of both the Pengate Retirement Savings & Profit Sharing Plan and The Raymond Corporation Consolidated Dealers Savings Plan.

Contributions

Each year, participants were able to contribute up to 75% of pretax annual compensation, as defined in the Plan document. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants may have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). During 2019 and 2018, participants rolled over \$1,000 and \$28,352.

Participants directed the investment of their contributions into various investment options offered by the Plan. The Company could make discretionary matching contributions to match employee contributions to the Plan in amounts determined by the Company. The Company contributed 50% of the employee deferrals, not exceeding the first 5% of employee compensation during 2019 and 2018. Additional discretionary nonelective employer contributions could be contributed as directed by the Company. There were no discretionary nonelective employer (profit sharing) contributions made during 2019 and 2018. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

(continued)

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan document permitted participants to make Roth elective deferrals. Roth elective deferrals were (1) designated irrevocably by the participant at the time of the deferred election as Roth elective deferrals, and (2) treated by the employer as includible in the participant's income at the time the participant would have received the amount in cash had the participant not made a deferred election. Roth elective deferrals could not be reclassified as any other type of contribution. Roth elective deferrals were treated in the same manner as a pre-tax elective deferral under the terms of the Plan. Employees had the effective opportunity to make (or change) an election to make Roth elective deferrals in the same manner as pre-tax elective deferrals. For purposes of interpreting the Plan and the elections made under the adoption agreement, the term elective deferral meant both pre-tax elective deferrals and Roth elective deferrals.

The Plan automatically enrolled eligible employees into the Plan, with a deferral percentage of 1%, unless an eligible employee affirmatively elected otherwise. Automatically enrolled participant contributions were invested in a target date retirement fund that most closely aligned with the participant's projected retirement date until changed by the participant. Participant deferral percentages increased annually by 1% unless the participant affirmatively elected otherwise. Automatic increases for participants who were automatically enrolled and made no deferral elections did not exceed 5%. The participants were permitted to change their elections at any time after enrollment.

Participant Accounts

Fidelity Management Trust Company (Fidelity) held the funds for the Plan and maintained an individual account for each participant. Contributions made on a participant's behalf under the Plan were directly allocated to that participant's account and were invested, based on the individual's direction, in mutual funds or participant directed brokerage accounts.

Each participant's account was credited with the participant's contribution and the Company's matching contribution as well as allocations of (a) Company profit sharing contributions and (b) Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings or account balances, as defined by the Plan document. Transaction based fees associated with optional Plan services were charged directly to the respective participant's account. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts for the year ended December 31, 2018, and for participants terminated prior to September 30, 2019, was based on years of continuous services as follows:

(continued)

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

<u>Years of Vesting Service</u>	<u>Vesting Percentage for Company Contributions</u>
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Regardless of the vesting schedule, a participant became fully vested if, while employed by the Company, the participant 1) reached early retirement age, 2) died, or 3) became disabled.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes receivable were secured by the vested balance in the participant's account and bore interest at rates that ranged from 4.25% to 5.99%, which were commensurate with local prevailing market rates as determined by the Plan Administrator. Principal and interest was paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may have elected to rollover their entire vested interest, receive a lump-sum distribution of their vested account balance, or receive single sum distributions of a portion of their vested account balance. For termination of service for other reasons, a participant may have received the value of the vested interest in his or her account as a lump-sum distribution. Participants may have received the value of his or her rollover account while employed. Withdrawals from the Plan may have also been made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. In-service distributions of all or a portion of the participants vested account were allowed for participants that have reached the age of 59 ½.

Forfeited Accounts

At December 31, 2018, forfeited nonvested accounts totaled \$31. On September 30, 2019, a balance of \$76 of forfeited nonvested accounts was transferred to The Raymond Corporation Consolidated Dealers Savings Plan. These accounts were used to reduce Plan administrative expenses or future Company contributions. In 2019 and 2018, Company contributions were reduced by \$9,827 and \$11,322 from forfeited nonvested accounts.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Savings & Profit Sharing Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the Trustee, Fidelity. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2019, or December, 31, 2018. If a participant ceased to make loan repayments, the Plan Administrator deemed the participant loan to be in default, and a distributable event occurred, the participant notes receivable balance was reduced and a benefit payment recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15 of the following year.

Payment of Benefits

Benefits are recorded when paid.

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through June 29, 2020, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(continued)

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investments that are registered with the Securities and Exchange Commission. These investments are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,350,907	\$ -	\$ -	\$ 8,350,907
Participant directed brokerage accounts	60,440	-	-	60,440
Total assets at fair value	<u>\$ 8,411,347</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,411,347</u>

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Fidelity has certified the following information, which has not been subject to audit by independent auditors, to be complete and accurate:

- Investments and notes receivable from participants balances included in the statements of net assets available for benefits at September 30, 2019, and December 31, 2018, and in the notes to the financial statements.
- Investment income (loss) and interest income on notes receivable from participants included in the statements of changes in net assets available for benefits for the period January 1, 2019, through September 30, 2019, and the year ended December 31, 2018, and in the notes to the financial statements.

(continued)

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

5. PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity was the Trustee, Custodian, and Third Party Administrator, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations. Fees paid directly to Fidelity amounted to \$1,975 and \$2,150 during 2019 and 2018. The Plan issues notes receivables to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers of the Company. No such officer or employee receives compensation from the Plan.

6. TAX STATUS

The Plan adopted a volume submitter profit-sharing plan with a cash or deferral arrangement, which received an opinion letter dated March 31, 2014, from the IRS indicating this prototype plan was an acceptable plan under Section 401 of the Internal Revenue Code (IRC) for use of employers for the benefits of their employees. An employer who adopts this plan will be considered to have a plan qualified under Code Section 401(a), providing all the terms of the Plan are followed and the eligibility requirements and contribution or benefit provisions are not more favorable to officers, owners, or highly compensated employees than for other employees. The Plan did not have its own determination letter. Although the Plan had been amended the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan was qualified and the related trust was tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks.

(continued)

PENGATE RETIREMENT SAVINGS & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

8. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100 percent vested in their employer contributions. As discussed in Note 1, all participant funds were merged into The Raymond Corporation Consolidated Dealers Savings Plan.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018, to the Form 5500.
