SAFE HARBOR BEHAVIORAL HEALTH 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE A DESCRIPTION OF THE PLAN

The following description of the Safe Harbor Behavioral Health 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Safe Harbor Behavioral Health of UPMC Hamot (the “Organization”) for the benefit of its employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

In May of 2016, the Board of Directors of Safe Harbor Behavioral Health of UPMC Hamot approved amending the Plan to freeze contributions into the Plan and cease future loans to participants effective June 30, 2016. Effective, July 1, 2016, the Organization’s eligible employees were able to participate in the UPMC 401(a) Retirement Savings Plan.

Plan Merger

On May 27, 2016, the Board of Directors of Safe Harbor Behavioral Health of UPMC Hamot authorized the merger of the Safe Harbor 401(k) Plan with and into the UPMC Savings Plan at a future date. The merger was implemented during 2019 transferring all assets into the UPMC 401(a) Retirement Savings Plan on November 5, 2019.

Administration

The Plan is administered by the Organization. Recordkeeping is maintained by The Vargo Company. Plan assets are held and administered by John Hancock Life Insurance Company (the “Custodian”).

Contributions / Funding Policy

Prior to June 30, 2016 when the Plan was frozen, the Plan permitted employees a salary deferral election to have the Organization make annual contributions of up to 100% of eligible compensation. Employees were eligible to participate upon hire, with no age or service requirement. Employee rollover and employee Roth contributions were also permitted. The Organization made matching contributions of 100% of participant elective deferrals on the first 3% of compensation, if the participant contributed at least 3% of compensation and the employee had at least one year of service. Contributions were subject to certain limitations. Forfeitures were able to be used to reduce Organization contributions and/or pay Plan expenses.

Participant Accounts

Each participant’s account is credited with allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, plus earnings thereon. Vesting in the Organization’s contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants are considered to have completed one year of service for purposes of vesting upon the completion of 1,000 hours of employment. Employer contributions are vested at 20% per year beginning after the second year of service, with participants becoming fully vested after six years of credited service. The non-vested balance is forfeited upon termination of service.

SAFE HARBOR BEHAVIORAL HEALTH 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTE A DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, whether voluntary, or due to disability or retirement, a participant may elect to receive an amount equal to the participant's vested interest in his or her account in either a lump sum amount or in installment payments. In the event of a participant's death, distributions are made in a lump sum payment to the beneficiary. Hardship withdrawals for immediate and heavy financial need, as defined in the Plan, are available to participants while currently employed. In-service withdrawals are available to participants who are at least 59 ½ years of age and from participant rollover accounts, regardless of a participant's age.

Forfeited Accounts

At November 5, 2019 and December 31, 2018, forfeited non-vested accounts totaled \$0 and \$22,122, respectively. These accounts were used to pay Plan expenses. During the period January 1, 2019 through November 5, 2019 and the year ended December 31, 2018, the amount of forfeitures used by the Plan Sponsor to pay Plan expenses was \$6,718 and \$3,151, respectively.

On October 1, 2019, the Executive Committee approved the Special Employer Contribution to contribute to each participant and beneficiary account in the Plan as of October 1, 2019. This special contribution was the remaining balance of the accumulated forfeitures after the payment of Plan expenses as permitted by an amendment adopted October 1, 2018.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants until June 30, 2016, at which time the Plan ceased issuing any new loans. Participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate was set at prime interest rate plus 1% point. Principal and interest are paid ratably through bi-weekly payroll deductions.

Plan Amendments

On May 27, 2016, the Board of Directors of Safe Harbor Behavioral Health of UPMC Hamot approved the merger of the Safe Harbor 401(k) Plan with and into the UPMC 401(a) Retirement Savings Plan ("UPMC 401(a) Plan").

On June 30, 2016, the Plan was frozen with all contributions stopping.

On October 1, 2018, the Plan was amended to permit the allocation of a Special Employer Contribution to all participant and beneficiary accounts, unfreeze the Plan for a limited time and for the limited purpose of allowing the Special Employer Contribution, and immediately thereafter, freeze the Plan again to all future contributions of any type.

Effective September 30, 2019, the Plan amended to provide that any portion of a deferred vested participant's account that is not vested under the Plan as of the date of the participant's severance from employment shall be forfeited upon the earlier of (a) the date six weeks following the participant's severance from employment or (b) the date the participant receives a distribution of the participant's nonforfeitable benefit under the Plan following the participant's severance from employment.

The Plan was further amended effective November 1, 2019, to vest the accounts of all participants under the Plan who have not forfeited the unvested portion of their accounts under the Plan.

SAFE HARBOR BEHAVIORAL HEALTH 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with United States generally accepted accounting principles ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. All Plan assets were transferred to the Savings Plan before close of business on November 5, 2019.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 5, 2019 or December 31, 2018.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion. Fees related to the administration of notes receivable from participants and benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events that occurred through June 29, 2020, the date the financial statements were available to be issued.

SAFE HARBOR BEHAVIORAL HEALTH 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTE C INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at November 5, 2019 and December 31, 2018, and net appreciation (depreciation) in fair value of investments and interest for the period January 1, 2019 through November 5, 2019 and the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (the custodian of the Plan).

NOTE D FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification ("FASB ASC") 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 5, 2019 and December 31, 2018.

Pooled Separate Accounts: Pooled separate accounts are calculated daily before taking into consideration unitholders' contributions and withdrawals made on that day. These transactions are then valued using those unit values and recorded for that day. Each of the pooled separate accounts invests in a single, open-ended mutual fund which is generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the mutual funds identified in the name of the fund or trust. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

NOTE D FAIR VALUE MEASUREMENTS (CONTINUED)

Guaranteed Interest Account: This account is valued based upon John Hancock's published rates for the account determined by comparing rates in effect on that date to the rates on which the actual interest is determined.

There have been no significant changes in the valuation techniques during the period January 1, 2019 through November 5, 2019 and year ended December 31, 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Guaranteed Interest Account in the Fair Value Hierarchy	\$ -	\$ 23,466	\$ -	\$ 23,466
Investments Measured at Net Asset Value ^(a)	-	-	-	2,296,430
Total Assets at Fair Value	\$ -	\$ 23,466	\$ -	\$ 2,319,896

(a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no significant transfers between Levels 1, 2 or 3 investments during the period January 1, 2019 through November 5, 2019 and year ended December 31, 2018.

NOTE E CONTRACT WITH INSURANCE COMPANY

The Organization entered into a guaranteed interest contract with the John Hancock Life Insurance Company that is not fully benefit responsive. Guaranteed interest account guarantees the return of principal plus compound interest earned over a defined ten-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period. Interest rates are established on the first day of the month and apply to any regular ongoing contributions made to the account in that month. At the end of each year, a composite rate of interest is determined for each participant account, depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective interest rate earned by all contributions to the guaranteed interest account during that reporting year for that participant. Contributions continue to earn the calculated composite interest rate for the duration

of the guarantee term. At the end of the guarantee period, contributions and interest earned from a guaranteed account may be invested into any of the investment options available under the group annuity contract. However, if written instructions are not received at least 30 days before the maturity date specifying the participant's choice of investment option for the maturing amount, it will be automatically reinvested in a guaranteed account of the same term at the current new money rate. The average annual new money rate for 2019 and 2018 was 1.33% and 1.96%, respectively.

NOTE F PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Custodian provides certain administrative services to the Plan pursuant to a services agreement between the Organization and John Hancock Life Insurance Company. John Hancock Life Insurance Company receives revenue from mutual fund service providers for services John Hancock Life Insurance Company provides to the funds. This revenue is used to offset certain amounts owed to the Custodian for its administrative services to the Plan.

If revenue received by John Hancock Life Insurance Company from such mutual fund service providers exceeds the amount owed under the service agreement, the Custodian remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019 and 2018, there were \$2,385 and \$2,940, respectively, of excess amounts allocated to participants, which is included in appreciation (depreciation).

NOTE G TAX STATUS

The Internal Revenue Service has determined that the Prototype Non-Standard Profit Sharing Plan adopted by the Plan Sponsor is acceptable under Section 401 of the IRC in a letter dated January 30, 2017. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
