Report on the Financial Statements

We have audited the accompanying financial statements of the Quaker Chemical Corporation Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the 2019 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018 were audited by another auditor who expressed an unmodified opinion on those statements on June 20, 2019.

Report on Supplementary Information

Our audit were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Quaker Chemical Corporation
Retirement Savings Plan
Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Quaker Chemical Corporation Retirement Savings Plan (the “Plan”) provides only general information. The Plan document provides a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan for certain U.S. employees of Quaker Chemical Corporation (the “Company”) and participating employers (AC Products, Inc. (“AC”), Epmar Corporation (“Epmar”), Summit Lubricants, Inc. (“Summit”) and ECLI Products, LLC (“ECLI”). The Plan is administered by the Retirement Savings Plan Committee, which is appointed by the Company’s Board of Directors, and is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employees of the Company and adopting affiliates are eligible to participate in the Plan on their first day of employment or as soon as administratively practicable thereafter, unless specified differently in any bargaining unit agreement.

Plan Amendments

Effective January 1, 2019 pursuant to Amendment No. 4 to the amendment and restatement of the Plan dated January 1, 2016 (the “2016 Restatement”), the Plan was amended to: (i) comply with the final Department of Labor regulations regarding disability claims and appeals procedures; (ii) clarify certain provisions relating to the merger between the Company and G.W. Smith & Sons and to clarify that employees of ECLI are not eligible for certain contributions under the Plan; and (iii) modify the definition of compensation to exclude moving expenses.

Effective January 1, 2020, the Plan was amended and restated as the “Quaker Houghton Retirement Savings Plan” (the “2020 Restatement”), merging the Houghton International Inc. Tax Advantaged Capital Accumulation Plan (the “Houghton Plan”) and the Wallover Enterprises Inc. Profit Sharing Plan and Trust (the “Wallover Plan”) into the Plan. The 2020 Restatement changed the Plan to: (i) incorporate amendments adopted after the 2016 Restatement; (ii) add Houghton International Inc. and Wallover Oil Company, Inc. as participating employers in the Plan; (iii) clarify the definition of compensation; (iv) increase the deferral limitation from 50% to 75% of compensation; (v) increase the automatic enrollment percentage to 6% of compensation with automatic increases up to 10% of compensation; (vi) permit hardship withdrawals for all vested amounts; (vii) permit qualified reservist distributions and deemed severance distributions; and (viii) increase involuntary cash-outs to \$5,000 or less (with automatic rollovers above \$1,000).

Effective March 1, 2020 pursuant to Amendment No. 1 to the 2020 Restatement, the Plan was amended to automatically enroll eligible employees hired on or after March 1, 2020 as of the first pay date on or after the 30th day after their hire date.

Effective February 10, 2020 pursuant to Amendment No. 2 to the 2020 Restatement, the Plan was amended to clarify eligibility for nonelective contributions for certain collectively bargained employees.

Effective April 17, 2020 pursuant to Amendment No. 3 to the 2020 Restatement, the Plan was amended to permit matching contributions and nonelective contributions to be made in cash or in Company common stock, in the sole discretion of the Retirement Savings Plan Committee.

Contributions

Participants may elect to contribute on a before-tax and/or after-tax basis any whole percentage of their compensation as defined, up to 50% (increased to 75% effective as of January 1, 2020), during the year, not to exceed the annual Internal Revenue Code (“IRC”) limits. At the discretion of the Retirement Savings Plan Committee, the Plan matches 50% of the first 6% of compensation as defined that is contributed to the Plan, with a maximum matching contribution of 3% of compensation. No changes were made to the discretionary matching provision during 2019 or 2018. In addition, the Plan provides for non-elective nondiscretionary contributions on behalf of participants who have completed one year of service equal to 3% of the eligible participant's compensation, as defined.

The Company’s Board of Directors (and AC’s Board of Directors with respect to AC participants) reserves the right to make future discretionary non-elective contributions, which are allocated on the basis of eligible participants’ compensation, as defined. Upon completing one year of service, an eligible participant is eligible to receive discretionary non-elective contributions on the first day of the month coinciding with or following the date on which the participant meets the one year of service requirement. Epmar, Summit and ECLI participants are not eligible for discretionary non-elective contributions.

Participants who are eligible to make contributions and who have or will attain age 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with, and subject to, the limitations of IRC Section 414(v). No Company matching contributions are made with respect to catch-up contributions.

There were no non-cash contributions made by the Company during the years ended December 31, 2019 and 2018.

Retirement Savings Plan

Participant Accounts

Each participant's account is credited or deducted with the participant's contribution and any applicable direct expenses and allocation of the Company's contributions and any Plan earnings and losses. Allocations are based on participant earnings, account balances, or specific participation transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participant Notes Receivable

Participants may borrow from their fund accounts (other than amounts invested in the Company Stock Fund) an amount limited to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans bear interest at a rate equal to the prevailing rate of interest charged for similar loans by lending institutions in the community (generally the prime rate), plus 1%. The term of each participant loan generally may not exceed five years except for the purchase of principal residence loans. Interest rates on outstanding participant notes receivable at December 31, 2019 ranged from 4.25% to 6.50%. Principal and interest is paid ratably through periodic payroll deductions. Loan application fees and annual maintenance fees on all outstanding loans are paid by the participant.

Additionally, pursuant to the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), participants that have an existing loan from the Plan or take a new loan that has a first repayment date on or before December 31, 2020 may extend the period for loan repayments up to one year.

Payment of Benefits

Generally, upon separation of service, for any reason, a participant may receive a lump sum amount equal to the value of the participant's account. In addition, a participant may elect to take an in-service distribution from their rollover account prior to reaching age 59 ½, and from all accounts upon reaching age 59 ½. If a participant's vested account balance exceeds \$1,000, the participant may defer payment until April 1 following the year the participant reaches age 70 ½ or following the year in which the participant terminates employment, if later. Effective January 1, 2020, pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), the required minimum distribution age was raised to 72 from 70 ½.

Additionally, pursuant to the CARES Act, the Plan allows coronavirus-related penalty-free distributions made to qualified individuals, as defined in the CARES Act. The maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or \$100,000.

Hardship Withdrawals

Participants who are actively employed and who meet certain requirements may take a hardship withdrawal from their elective contributions. Participants who receive a hardship withdrawal will not be eligible to make contributions for six months following the receipt of the hardship withdrawal. Effective January 1, 2020, pursuant to the SECURE Act, participants who receive a hardship withdrawal are eligible to immediately make contributions following the receipt of the hardship withdrawal.

Vesting

Upon entering the Plan, participants are fully vested in Company matching contributions, Company discretionary non-elective contributions, Company nondiscretionary non-elective contributions and employee deferrals plus actual earnings.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. The most significant estimate is the determination of the fair values of the Plan's investments. Actual results could differ from those estimates.

Quaker Chemical Corporation
Retirement Savings Plan
Notes to Financial Statements - Continued

Administration of Plan Assets

The Plan's assets are held by a collective trust managed by an affiliate of Vanguard Fiduciary Trust Company ("VFTC"), which acts as the Trustee for Plan investments. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Substantially all administrative expenses, including the Trustee's and audit fees, are paid directly by the Company and are therefore excluded from these financial statements.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. Refer to Note 4 – Fair Value Measures for further information.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold during the year as well as unrealized gains and losses on those held at year end. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Net investment returns reflect certain fees paid by the investment funds, which include costs for portfolio management, administrative and other services as described in each fund's prospectus. These fees are deducted by the investment funds prior to allocation of the Plan's investment earnings activity and are therefore not separately identified as Plan expenses.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses was recorded as of December 31, 2019 or 2018. Delinquent notes receivable from participants are recorded as a benefit payment when the Plan Administrator deems the participant note receivable to be in default based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Standards

In February 2017, the Financial Accounting Standards Board ("FASB") issued ASU No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. The amendments in this update require employee benefit plans to report its interest in a master trust and the change in the value of the interest as separate line items on the statement of net assets available for benefits and the statement of changes in net assets available for benefits, respectively. The update requires a plan to disclose the master trust's other assets and liabilities, as well as the dollar amount of its interest in these balances. In addition, the amendments in this update remove the requirement to disclose the percentage interest in the master trust for plans with divided interest and requires that a plan disclose the dollar amount of its interest in the general types of investments held by the master trust. The amendments in this update are effective for fiscal years beginning after December 15, 2018, and should be applied on a retrospective basis for the periods presented. The Plan adopted the guidance in 2019 with no impact to its financial statements.

NOTE 3 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the risks associated with investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan therefore provides for investment options in various investment securities, which allows participants to diversify their securities portfolios and mitigate these risks.

The following table shows details on investments that represent a concentration of greater than 10% of the Plan's net assets:

Investments	December 31, 2019		December 31, 2018	
	Balance	% of Net assets	Balance	% of Net assets
Vanguard 500 Index Fund	\$ 19,709,441	13%	\$ 17,432,090	12%
Quaker Chemical Corporation Common Stock Fund	34,363,906	23%	43,622,392	30%

Due the concentration of investments denoted above, in addition to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 4 – FAIR VALUE MEASURES

The Plan applies the guidance of the FASB regarding fair value measurements, which establishes a common definition for fair value. Specifically, the guidance utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs that reflect the reporting entity's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Registered Investment Companies

The shares of registered investment companies, which represent the Net Asset Value ("NAV") of shares held by the Plan, are valued based on quoted market prices on an exchange in an active market and are classified as Level 1 investments.

Common Stock Fund

The common stock fund is comprised of investments in the Quaker Chemical Corporation Stock Fund, which is composed of shares of the Company and uninvested cash. The shares of the Company are traded on an exchange in an active market and are classified as a Level 1 investment.

Participant-Directed Brokerage Account

The participant-directed brokerage account is mainly composed of investments in common stock and registered investment companies, which are valued based on quoted market prices on an exchange in an active market and are classified as Level 1 investments.

Common/Collective Trust

The Plan also invests in a common/collective trust, the Vanguard Retirement Savings Trust (the "Trust"), a stable value fund that invests in the Vanguard Retirement Savings Master Trust ("VRSMT"). The VRSMT is composed of an investment in fully benefit-responsive contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond funds and trusts that are selected by Vanguard Fiduciary Trust Employer, the Trustee. Contract value, as reported by VRSMT, is the amount participants would receive if they were to initiate a permitted transaction under the terms of the Plan, and also, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the Plan's ability to transact at contract value, including: 1) premature termination of the contracts by the Plan; 2) Plan termination; and 3) bankruptcy of the Plan sponsor. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. Contract issuers may terminate and settle the contracts at other than contract value if there is a change in qualification status of a participant, sponsor or plan, a breach of material obligations under the contract and misrepresentation by the contract holder or failure of the underlying portfolio to conform to pre-established investment guidelines. The Trust is valued at the NAV of units held at year end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV (\$1 at each December 31, 2019 and 2018) is based on the fair value of the underlying investments less any liabilities. The practical expedient would not be used when it is determined to be probable that the Trust will sell the investment for an amount different than the reported NAV. The Trust has a fair value of \$14,053,213 and \$13,976,759 as of December 31, 2019 and 2018, respectively, with no unfunded commitments, daily pricing frequency, and daily redemption notice periods.

The valuation methodologies described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no significant changes in methodologies used or transfers between levels during the years ended December 31, 2019 and 2018.

The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchies to the line items presented in the statements of net assets available for benefits.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and a collective trust managed by an affiliate of VFTC, which acts as the Trustee for Plan investments.

In addition, shares of Company common stock included in the Quaker Chemical Corporation Stock Fund are offered as an investment to Plan participants. As of December 31, 2019 and 2018, the Plan held 208,874 and 245,470 shares of common stock of Quaker Chemical Corporation, respectively, with a fair value of \$34,363,906 and \$43,622,392. Total sales at market value related to the Quaker Chemical Corporation Stock Fund for the year ended December 31, 2019 was \$14,730,685. Total contributions into the Quaker Chemical Corporation Stock Fund for the year ended December 31, 2019 was \$611,288. Transactions in such investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Participant notes receivable qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

NOTE 6 – TAX STATUS

The IRS informed the Company by letter dated November 15, 2017 that the Plan is qualified under IRC Section 401(a). The Plan has since been amended, however, the Plan administrator continues to believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan administrator has not identified any uncertain tax positions which would require adjustment to or disclosure in the Plan's financial statements. The IRS has the ability to examine the Plan's tax return filings for all open tax years, which generally relate to the three prior years; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 7 – SUBSEQUENT EVENTS

The Company and the Plan have evaluated subsequent events through the date that these financial statements were available to be issued, and there were no subsequent events which would require an adjustment or additional disclosures to the financial statements.
