REDDY ICE LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2019 and 2018

1. Description of the Plan

General

The following description of the Reddy Ice LLC 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Reddy Ice LLC (the "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Dallas, Texas.

The Plan was established on April 1, 1996, and was restated and amended effective September 15, 2019, as a defined contribution plan available to all employees of the Company who have attained age 21 and completed thirty days of service. Before January 1, 2017, the Company allowed employees of the Company to participate in the Plan that had attained age 21 and completed one year of service and 1,000 hours. Eligible employees may enter the Plan on the first day of the following month after the date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death or disability.

Contributions

Upon attainment of the eligibility requirements, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Upon eligibility, employees are systematically enrolled into the Plan at a salary deferral contribution rate equal to 4% of their compensation, unless employees choose, in writing, online, or by telephone, not to participate. Eligible participants may make a rollover contribution to the Plan. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company may make discretionary matching contributions to the Plan as determined annually by its Board of Directors. The Company made a discretionary match at a rate of 10% of the first 4% of eligible compensation deferred during the period from January 1, 2019 through April 20, 2019, and for the year ended December 31, 2018. Effective April 21, 2019, management approved a change to its discretionary matching contribution to participants. The discretionary matching contribution was changed to be 25% on the first 6% of participant eligible compensation deferred. To be eligible to receive matching contributions, a participant must make salary deferral contributions during the Plan year and have completed 1,000 cumulative hours of service on a rolling Plan year basis. In addition, the Plan also provides for additional discretionary contributions by the Company. No additional discretionary contributions were made for the 2019 and 2018 Plan years.

1. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; and (b) Plan earnings; and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2019 and 2018, interest rates ranged from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Participants making withdrawals during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

1. Description of the Plan – continued

Benefit Payments – continued

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from vested contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) to pay for burial or funeral expense for the participant's deceased parent, spouse, child, or dependent; (5) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; or (6) to pay expenses for the repair or damage to the participant's principal residence that would qualify for the casualty deduction under the Internal Revenue Service ("IRS") tax code.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses and offset employer discretionary matching contributions in subsequent periods. Forfeitures of $57,086 and $18,974 were allocated to reduce discretionary matching contributions during the years ended December 31, 2019 or 2018, respectively.

Unallocated forfeited amounts available to be offset against future Plan administrative expenses or fund discretionary matching contributions were $933 and $22,727 as of December 31, 2019 and 2018, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options. Participants may change their investment options at any time.

Plan Expenses

Certain administrative expenses are paid by the Company, with the remaining expenses paid by the Plan. Employees of the Company perform certain administrative functions with no compensation from the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

2. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are recorded at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note 3 for information related to the Plan's valuation methodologies. Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participant loans are recorded at the unpaid principal balance plus accrued but unpaid interest.

Fully Benefit-Responsive Investment Contracts

The Plan accounts for an unallocated fixed group annuity contract with Lincoln National Life Insurance Company at contract value in accordance with GAAP.

Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The concept of a value other than contract value does not apply to this contract even upon a discontinuance in which case contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue.

2. Summary of Significant Accounting Policies – continued

Fully Benefit-Responsive Investment Contracts – continued

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The Lincoln Stable Value Account contract guarantees a minimum interest rate of 1.5% and is paid quarterly based on the Barclays Capital Intermediate U.S. Government/Credit Index yield minus 0.10%. The formula is guaranteed for five years. Participants receive the principal and earnings that are credited to their accounts on withdrawals for allowed events such as termination, retirement, or hardships.

There are no events that limit the ability of the Plan to transact at contract value with the issuer. There are also no events and circumstances that would allow the issuer to terminate the fully benefit responsive investment contract with the Plan and settle at an amount different from contract value.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets. The Plan contains mutual funds which are presented at fair value based on the Net Asset Value ("NAV") as of the close of each business day. This unadjusted quoted price is readily observable in active markets. As such, these are categorized as Level 1 within the fair value hierarchy.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

3. Fair Value Measurements – continued

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The following tables detail the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019 and 2018. The Plan had no Level 2 or 3 investments at December 31, 2019 and 2018.

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$23,188,415	$ -	$ -	$23,188,415
Total investments at fair value	$23,188,415	$ -	$ -	$23,188,415

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$18,809,818	$ -	$ -	$18,809,818
Total investments at fair value	$18,809,818	$ -	$ -	$18,809,818

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no significant transfers between levels.

4. Information Certified by the Trustee

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2019 and 2018, and the total investment income (loss) for the years then ended, and all information included in the supplemental schedule, Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2019.

5. Tax Status

The Plan has adopted the Lincoln Financial Group Volume Submitter Profit Sharing /401(k) Plan that is designed in accordance with applicable requirements of the Code and the Plan sponsor relies on its favorable advisory letter dated March 31, 2014. The letter states that the written form of the volume submitter plan document is acceptable under Section 401(a) of the Code and that any employer adopting this volume submitter plan document will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from federal income taxation.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of December 31, 2019 and 2018.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons. The Plan invests in shares of mutual funds and a stable value fund managed by Lincoln Financial Group Trust Company, Inc. ("Lincoln") as of December 31, 2019 and 2018, respectively. Lincoln also acts as the trustee for Plan investments as defined by the Plan. Transactions in such investments, as well as participant loans, qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

7. Plan Termination

The Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA, although it has not expressed any intention to do so. In the event the Plan is terminated, all amounts credited to participant accounts become 100% vested.

8. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through July 2, 2020, the date the financial statements were available for issuance.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread worldwide. The pandemic has adversely affected, and may continue to adversely affect, the macro-economic environment and global economy. Due to the disruption of COVID-19 on the global economy, the values of investment securities have declined and may continue to be adversely affected. Management is not able to reasonably estimate the extent or duration of the negative impact.

During April 2020, the Plan adopted the Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed Plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, the Plan was amended in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

In July 2020, the Plan transferred its trustee and record keeping services from Lincoln to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company.
