Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Datapath, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Co., the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplementary Information

The supplementary information as of December 31, 2018 and 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Custodian, have been audited by us in accordance with U.S. GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of the Datapath, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) Plan established effective January 1, 2015 by Datapath, Inc. (the “Company,” “Sponsor,” or “Employer”) to provide retirement benefits to substantially all employees who have completed two months of service and are age 21 or older. Reliance Trust Company serves as Custodian of the Plan and Standard Insurance Company (“Standard”) serves as the Plan’s record keeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year participants may contribute compensation up to the maximum allowed by law, as defined in the Plan document, subject to Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 1 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company contributes a matching contribution of 50% of each participant’s contribution, up to a maximum of 4% of the participant’s compensation contributed to the Plan. The Company, at its discretion, may contribute additional discretionary matching contributions.

During 2018 and 2017, the Company contributed approximately \$467,000 and \$458,000, respectively, for the employer match. For both 2018 and 2017 the Company did not make additional discretionary matching contributions. The contributions are included in the Company contributions, net of forfeitures, in the statements of changes in net assets available for benefits. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a guaranteed investment contract (“GIC”) as investment options for participants.

Participant accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and plan earnings (losses), and charged with benefit payments, fees for participant initiated transactions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Datapath, Inc. 401(k) Retirement Plan
Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. A participant's interest in any matching contributions made by the Company is subject to forfeiture until fully vested after four years as follows:

<u>Years</u>	<u>Vested Percentage</u>
1	25%
2	50%
3	75%
4	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance immediately preceding the date the loan is issued. The maximum term of repayment for a loan is five years, except if the loan is for purchase of a principal residence, then the term may not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at rates which are one percentage point higher than prevailing rates at the time of origination. At December 31, 2018 and 2017, outstanding loans bore interest rates ranging from 3.25% to 5.25%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount or partial withdrawal with at least a minimum amount of \$1,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 65.

Forfeitures

At December 31, 2018 and 2017, the forfeiture accounts totaled approximately \$6,000. Forfeited funds may be used to reduce future employer contributions or to pay Plan expenses.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 3 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Cost for a participant loan is \$125 per loan at origination, which are charged to the participant's account.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions are charged directly to the participant's account.

3. Fair Value Measurements

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Datapath, Inc. 401(k) Retirement Plan
Notes to Financial Statements

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in methodology used at December 31, 2018 and 2017. The following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3
Mutual funds	\$ <u>6,513,469</u>	\$ <u>-</u>	\$ <u>-</u>
			\$ <u>6,513,469</u>

Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3
Mutual funds	\$ <u>5,496,188</u>	\$ <u>-</u>	\$ <u>-</u>
			\$ <u>5,496,188</u>

4. Fully Benefit-Responsive Investment Contracts

The Plan has a fully benefit-responsive investment contract with Standard. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following represents the contract value of the investment contract held by the Plan at December 31, 2018 and 2017:

	2018	2017
Stable Asset Value Fund	\$ <u>196,036</u>	\$ <u>175,895</u>

Datapath, Inc. 401(k) Retirement Plan
Notes to Financial Statements

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. Actual crediting rate was 2.53% and 2.30% for years ended December 31, 2018 and 2017, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) and uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreement without the consent of the issuer.

5. Unaudited Information Certified by Custodian

The accompanying financial statements include the following unaudited information as of December 31, 2018 and 2017, and for the years then ended that was obtained from data prepared and certified to be complete and accurate by the Plan's Custodian:

	<u>2018</u>	<u>2017</u>
Mutual funds	\$ 6,513,469	\$ 5,496,188
Common/collective trust	196,036	175,895
Net appreciation (depreciation) in fair value of investments	(673,443)	638,983
Interest and dividends	225,066	148,148

6. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Custodian and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the Custodian by the Plan for administrative services were approximately \$81,000 and \$60,000, respectively, for the years ended December 31, 2018 and 2017. Plan participants are not charged any of the Plan's operational fees other than those associated with participant loans.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype (or volume submitter) plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the prototype (or volume submitter) plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2018 and 2017 financial statements to Schedule H of Form 5500 as of December 31:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits per financial statements	\$ 7,051,881	\$ 6,008,493
Contribution receivables	<u>(161,384)</u>	<u>(159,090)</u>
Net assets available for benefits per Form 5500	<u>\$ 6,890,497</u>	<u>\$ 5,849,403</u>

The following is a reconciliation of the increase in net assets per the financial statements to the Schedule H of Form 5500 for the years ended December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Net change per the financial statements	\$ 1,043,388	\$ 2,066,165
Contribution receivables	(161,384)	(159,090)
Contribution receivables (prior year)	<u>159,090</u>	<u>73,883</u>
Net income per Form 5500	<u>\$ 1,041,094</u>	<u>\$ 1,980,958</u>

11. Contingencies

The Plan Administrator has identified several matters relating to Plan operations in 2018 and 2017 that will require self-correction, including incorrect calculation of participant deferrals, incorrect calculation of employer match contributions and delinquent remittance of elective participant deferral contributions. The Plan Administrator noted a failure to calculate participant deferrals and matching contribution on compensation, as defined in the Plan documents. The Plan Sponsor and the Plan Administrator determined the total magnitude of the correction and for 2018 and 2017, and is required to make a qualified non-elective contribution ("QNEC") for both plan years. It is also possible the Plan and/or the Plan Sponsor will incur penalties after a DOL audit. The Plan has recorded the contribution as a receivable at December 31, 2018.

The Plan has not filed the Form 5500 from the 2018 plan year. The Plan and Plan Sponsor are coordinating with their TPA to bring the Plan into compliance pursuant to DOL Delinquent Filer Voluntary Compliance Program.

12. Subsequent Events

On November 25, 2019, the Plan was amended to elect safe harbor status and change the definition of compensation for deferrals. Effective January 1, 2020, all matching contributions equal to 100% of salary deferrals that do not exceed 3% of compensation and 50% of salary deferral between 3% and 5% of compensation will be 100% vested. Additionally, the Plan amended the definition of compensation to include total salary except certain uplifts such as hazard pay and overtime.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (i) adding COVID-19-related distributions of up to \$100,000 for eligible participants, (ii) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (iii) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (iv) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.

The Plan has evaluated subsequent events through June 23, 2020, the date the financial statements were available to be issued.
