REPORT OF INDEPENDENT AUDITORS

To the Valvoline Retirement Committee
and Participants of the Valvoline 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the Valvoline 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in its net assets available for benefits for the year ended December 31, 2019 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule as listed in the accompanying table of contents referred to as "supplemental information" is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial

statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Valvoline 401(k) Plan
Notes to Financial Statements

NOTE 1 – DESCRIPTION OF THE PLAN

General

The Valvoline 401(k) Plan (the “Plan”) is a contributory, defined contribution plan established on January 1, 2017 that covers substantially all eligible U.S. employees of Valvoline LLC (“Valvoline” or the “Company”). Employees in designated eligible groups may immediately enroll in the Plan, regardless of the amount of Company service. The Plan is designed to qualify under sections 401(a), 401(k), and 401(m) of the Internal Revenue Code of 1986, as amended (“IRC”), and under section 404(c) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Certain participants are given the option to transfer amounts from the Plan to the Company’s U.S. qualified pension plan once they meet retirement age. These transfers are presented in Transfers to U.S. qualified pension plan within the Statement of Changes in Net Assets Available for Benefits.

Contributions and funding

All eligible employees of the Company may defer a portion of their eligible compensation by making contributions to the Plan. Participants may elect to contribute up to sixty-five percent of their eligible compensation, up to certain IRC limits. Annual tax-deferred contributions per participant for the 2019 Plan year were limited to \$19,000.

Participants are eligible for employer matching contributions equal to 100% of their contributions, up to a maximum of four percent of eligible compensation (five percent for certain participants paid on an hourly basis). In addition, Valvoline contributes another four percent of eligible compensation as a basic retirement contribution to certain eligible employees.

The Plan also allows eligible employees, aged 50 and older to elect to make additional catch-up contributions, subject to IRC limits. Catch-up contribution amounts are not eligible for employer matching contributions. The annual limit on catch-up contributions was \$6,000 in 2019.

Participants may direct their contributions, as well as employer matching contributions and basic retirement contributions (collectively, “employer contributions”), among various investment options, including market index funds, collective trusts, a Company stock fund, money market funds, and self-directed brokerage accounts.

Vesting

Participants are immediately vested in employee and employer contributions plus actual earnings on these contributions, and upon termination of employment, participants are entitled to full distributions of these amounts.

Participant accounts

Employee and employer contributions are credited to the participant’s account. Investment fund returns are allocated to participant accounts based on the participant’s account balance and the earnings or losses generated by the fund during the period it was owned by the participant. A participant is entitled to the participant’s account balance including allocated returns.

Employee Stock Ownership Plan

Under the terms of the Plan, the Valvoline Common Stock Fund is an employee stock ownership plan in accordance with IRC Section 4975(e)(7). Participants have the option to receive dividends on their shares of

stock held in the Valvoline Common Stock Fund distributed in cash or reinvested within the Valvoline Common Stock Fund.

Notes receivable from participants

For periods prior to January 1, 2018, participants were permitted to hold up to two loans at any one time (only one loan may be held effective January 1, 2018). Participants may borrow up to a maximum of \$50,000 or 50% of their account balance, whichever is less, reduced by the difference between the highest outstanding loan balance during the twelve months prior to the loan origination and the actual balance on the date of the loan origination. Participant loans are collateralized by the balance in the participant's account and bear a monthly fixed interest rate based on the prime rate in effect on the last business day of the month prior to loan origination plus 1%. Annual interest rates on notes receivable outstanding as of December 31, 2019 range from 3.25% to 9.25%. The term of the loans may be up to five years; however, participants may make early payments, and there are certain loans which were transferred into the Plan under the terms of other benefit plans that continue to be repaid according to the terms of those original loans.

A loan origination fee and annual maintenance fees are deducted from the participant's account. Principal and interest is paid ratably over the term and are allocated to the investment funds elected for current contributions. The notes receivable balance represents the unpaid principal balance plus accrued but unpaid interest.

Withdrawals and payments of benefits

There are certain restrictions on a participant's right to withdraw contributions and any returns thereon while actively employed by Valvoline based on the source and use of the funds and the participant's age. Participants may withdraw their account balances upon reaching the age of 59½ or upon termination of employment. Upon termination of employment, a participant receives a lump-sum amount equal to the value of his or her account if it is less than \$1,000 (unless the participant chooses a direct rollover within 30 days). A terminated participant with an account value of more than \$1,000 may elect to receive a direct rollover to another tax-qualified plan or individual retirement account, a lump-sum payment, periodic installment payments, or the participant may leave the benefits within the Plan until the participant reaches the Plan's retirement age. Upon the death of a participant, the participant's beneficiary shall be eligible to receive a distribution of the participant's account.

Plan termination

The Company currently has no plans to terminate the Plan; however, the Company reserves the right to terminate the Plan at any time, subject to the provisions set forth in ERISA.

Risks and uncertainties

The Plan provides for various investment options in securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the values of investment securities, participants' account balances and the amounts reported in the financial statements.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value as disclosed in Note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in Net appreciation or depreciation in the fair value of investments within the Statement of Changes in Net Assets Available for Benefits, which consists of the realized and unrealized gains and losses on investments purchased, sold and held during the year.

Payment of benefits

Distributions of benefits are recorded when paid.

Rollover contributions

Participants may elect to rollover balances from other tax-qualified retirement plans into the Plan, which are included in the Rollover caption within contributions in the Statement of Changes in Net Assets Available for Benefits.

Administrative expenses

The costs and expenses of administering the Plan are shared by Valvoline and Plan participants, except loan origination and periodic account maintenance fees, which are paid by participants. Investment management fees are paid to the investment managers from their respective funds.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. As part of the framework for measuring fair value, the accounting guidance provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). An instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the instrument's fair value measurement. The three levels within the fair value hierarchy are described as follows:

Level 1 – Observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs, other than quoted prices included in Level 1, that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 – Unobservable inputs for the asset or liability for which there is little, if any, market activity at the measurement date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments that are measured at fair value as of December 31:

	2019		2018	
	Level 1	Total	Level 1	Total
Valvoline common stock fund				
Money market fund	\$ 612,094	\$ 612,094	\$ 179,117	\$ 179,117

(a) Collective trust funds that are measured at fair value using the net asset value ("NAV") per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the Statements of Net Assets Available for Benefits.

There were no Level 2 or 3 assets in 2019 and 2018.

The following is a description of the valuation methodologies used for investments measured at fair value:

Valvoline common stock fund

Certain assets of the Plan are invested in employer common stock through a unitized stock fund, which includes common stock of Valvoline and investments in a money market fund for liquidity purposes. Valvoline common stock is valued at the closing quoted market price of the underlying shares held by the Plan reported on the active market in which the securities are traded. Money market funds trade in an active market and are valued using quoted market prices.

Self-directed brokerage accounts

Self-directed brokerage accounts allow participants to invest in a broad range of securities, including common stock and mutual funds, and are valued using quoted market prices of the underlying investments in active markets. These accounts may also include uninvested cash recorded at carrying value, which approximates fair value.

Registered investment companies

Investments in publicly traded funds of registered investment companies, or mutual funds, are valued at the NAV of the funds, which is reported in the active markets that the individual funds are traded in.

Collective trust funds

Collective trust funds represent investments held in pooled funds that are valued based on the NAV provided by the funds as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, a twelve month notice period for \$21,471,646 invested in the PIMCO Stable Value Fund would be required. There were no other significant redemption restrictions or unfunded commitments on these investments as of December 31, 2019.

NOTE 4 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Related party transactions during the year primarily consisted of loans made to participants as disclosed in Note 1 and investments in Valvoline common stock. As of December 31, 2019 and 2018, the Plan held 2,832,826 and 3,330,092 shares, respectively, of Valvoline common stock, which had a fair value of \$60,650,805 and \$64,437,280, respectively. During 2019, the Plan received cash dividends on Valvoline common stock of \$1,314,713.

Certain investments of the Plan were held in investment funds managed by Fidelity Management Trust Company ("Fidelity"), who also acts as the trustee and recordkeeper of the Plan. Fees of \$286,586 were paid by the Plan to Fidelity in 2019 for investment management.

The Company also provides certain administrative and accounting services to the Plan for which it is not compensated. None of these related party transactions are prohibited transactions as defined under ERISA.

NOTE 5 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2019	2018
Net assets available for benefits per financial statements	\$ 397,553,385	\$ 356,030,125
Less certain deemed distributions of participant loans	(359,566)	(334,719)
Net assets available for benefits per Form 5500	<u>\$ 397,193,819</u>	<u>\$ 355,695,406</u>

The following is a reconciliation of the net asset appreciation per the financial statements to the Form 5500 for the year ended December 31, 2019:

Increase in net assets per the financial statements	\$ 41,523,255
Less certain deemed distributions of participant loans and related interest	(24,847)
Total increase in net assets per Form 5500	<u>\$ 41,498,408</u>

NOTE 6 – TAX STATUS OF THE PLAN

The Plan received a favorable tax determination letter from the Internal Revenue Service ("IRS") dated August 1, 2018, which states that the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is exempt from federal income taxes. Although the Plan that the IRS reviewed in issuing its most recent determination letter was since amended, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC to maintain its qualified status. Accordingly, income taxes are not provided for in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. There is currently an IRS audit in progress of the Ashland Inc. Leveraged Employee Stock Ownership Plan (the "LESOP") for the years ended December 31, 2016 and 2015. Plan sponsorship of the LESOP transferred from Valvoline's former parent, Ashland Inc. (which together with its successors, predecessors and consolidated subsidiaries is referred to as "Ashland") to Valvoline on September 1, 2016. Effective May 1, 2017, the LESOP was merged with the Plan and resulted in a portion of the LESOP's assets being transferred into the Plan and the remainder transferred into the Ashland Employee Savings Plan.

NOTE 7 – SUBSEQUENT EVENT

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic has adversely affected global economic activity and contributed to significant deterioration and instability in financial markets. Though in certain regions, restrictions as a result of the pandemic are in the early stages of being reduced, and there have been some early signs of improving market conditions, it remains unclear how long or severe the pandemic and related market volatility will be. While the related impact on the Plan cannot be estimated at this time, it is at least reasonably possible that changes in the fair values of investments could materially affect participants' account balances and the amounts reported in these Plan financial statements.

On March 27, 2020, the U.S. federal government enacted the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act contains several provisions that temporarily impact 401(k) plans, such as enhanced hardship withdrawal, loan and payment terms, the provisions of which have been incorporated into the Plan. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
