NOTE 1 - DESCRIPTION OF PLAN

The following description of the RK Electric, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on October 1, 1992 as a defined contribution plan established to provide eligible employees of RK Electric, Inc. (the Company) (the Plan Sponsor) with retirement, death and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code (IRC).

Participant Eligibility, Contributions and Vesting - All employees are eligible to participate in the Plan providing they are at least 18 years of age and completed at least one hour of service during the first three months of employment except the following classes: (a) employees who are covered by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining, (b) employees who are non-residents aliens who do not receive earned income from the Company which constitutes income from sources within the United States, (c) leased employees, (d) employees of affiliated employers that don't adopt the Plan and (e) employees who are indentured apprentices. Participants may begin deferring up to 100% of their compensation into the Plan on the first day of the following month upon meeting the eligibility requirement. The Plan allows participants to designate contributions as Roth 401(k) contributions. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the IRC.

The Plan Sponsor is allowed to make safe harbor matching and discretionary employer contributions as defined in the Plan and as approved by the Board of Directors. Safe harbor matching contributions will not exceed 4% of Plan compensation. Participants must complete one year of service (i.e. 1,000 hours) and be employed on the last day of the Plan year to be eligible for discretionary employer contributions. Indentured apprentices are eligible for discretionary employer contributions only and there is no minimum service requirement. For the year ended September 30, 2019, the Plan Sponsor approved employer contributions totaling $897,883, net of forfeitures applied.

Participation in the Plan is voluntary. Participants are fully vested in the entire amount of their contributions and any rollover amounts from other qualified plans, together with actual earnings thereon, at all times. The Plan Sponsor's safe harbor matching contributions are vested immediately. The discretionary employer contribution vests according to the employee's years of service, as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 - DESCRIPTION OF PLAN (Continued)

In addition, the Company's contribution is fully vested when a participant becomes totally disabled or dies.

For the year ended September 30, 2019, forfeitures in the amount of $6,900 were used to offset employer's contributions. As of September 30, 2019 and 2018, the Plan had $8,327 and $6,969, respectively, of available forfeitures to offset employer contributions.

Investment Options - Participants exercise control over the types of investments made on their behalf, provided that such accounts are invested in investment funds designated by the Plan. Participants may invest in any one or more investment funds and change their investment options at any time.

Payment of Benefits - Upon retirement (age 65), termination, disability or death, a participant or their beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Upon termination, automatic distributions are required for balances of less than $5,000. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70 ½.

Notes Receivable from Participants - Participant loans are not allowed per the Plan document.

Participant Accounts - Each participant's account is credited with the employee's payroll contributions, the employer's contributions, and Plan earnings and losses. Allocations to participants' accounts are based on participant compensation or account balances in accordance with the provisions of the Plan.

Administration - The Plan Sponsor is the plan administrator. The Plan's assets are managed by Charles Schwab Bank (Schwab), the custodian of the Plan. The custodian, appointed by the Plan Sponsor, executes investment transactions and holds Plan investment assets. The plan administrator reviews the performance of the various available investments and makes decisions on the addition or deletion of an investment fund.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld. Benefit payments and expenses are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties - The Plan provides for various investment securities. These securities are exposed to various risks such as interest rate, market fluctuations and credit risks. Further, due to the level of risk associated with these securities and the level of uncertainty related to changes in the values of investment securities, it is possible that changes in the various risk factors in the near term would materially affect the participants' account balances and the amounts reported in the accompanying financial statements.

Valuation of Investments - Investments in interest-bearing cash and mutual funds are stated at fair value determined by quoted market prices. Purchases and sales of investments are recorded on a trade-date basis. Net change in fair value of investments consists of the change in unrealized appreciation or depreciation during the year and the realized gain or loss of sold investments during the year. Acquisition costs are included in the cost of investments and sales are recorded net of selling expenses.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net change in fair value of investments.

Subsequent Events - Subsequent events were evaluated through July 8, 2020, the date the financial statements were available to be issued.

Subsequent to year end, as a result of the COVID-19 outbreak, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 3 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Schwab regarding the current value of assets held as of September 30, 2019 and 2018, and transactions entered into during the Plan year were used in the preparation of the accompanying financial statements and supplemental schedules. The following table summarizes the assets certified by Schwab:

	2019	2018
Interest-bearing cash	$ 354,980	$ 427,518
Mutual funds	19,954,061	20,119,972
Cash, noninterest-bearing	23,366	25
	$ 20,332,407	$ 20,547,515

NOTE 3 - CERTIFIED INFORMATION (Continued)

In addition, Schwab certified the following amounts for the year ended September 30, 2019:

Interest and dividends	$ 1,344,669
Net change in fair value of investments	(551,806)
	$ 792,863

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). Observable inputs are those that market participants would use in pricing the assets based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Values are unadjusted quoted prices for identical assets or liabilities in active markets accessible at the measurement date.

Level 2 – Inputs included in quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value at September 30, 2019 and 2018.

Interest-bearing cash: Valued at the closing price at year end.

Mutual funds: Valued at the Net Asset Value (NAV) of shares held by the plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with generally accepted accounting principles, the following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of September 30, 2019:

	Level 1	Level 2	Level 3	Total Amount
