1. PLAN DESCRIPTION

The following description of the Fresh Express Plant Workers Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan available for participation by substantially all full-time and part-time domestic employees of Fresh Express Inc. (the "Company" or the "Plan Sponsor") and its participating subsidiaries who are covered by a collective bargaining agreement where benefits have been the subject of good faith bargaining, have completed 60 days of service and have attained the age of 21. Although it is anticipated that the Plan will continue indefinitely, the Board of Directors of the Company, can amend, suspend or terminate the Plan at any time, subject to the provisions of the Plan, the Internal Revenue Code of 1986, as amended (the "IRC") and the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In the event of Plan termination, active participants become 100% vested in their accounts.

The Plan document was adopted on November 29, 2019 and implemented effective December 1, 2017 for employees who are covered by collective bargaining agreements with the Company where participation in the Plan is the subject of good faith bargaining. The Plan includes one amendment, adopted in December 2018, which provided a special Company matching contribution for a limited time to comply with an arbitration decision.

The Plan has appointed Reliance Trust Company as Trustee and MassMutual Life Insurance Company ("MassMutual") as recordkeeper of the Plan. Plan assets invested with MassMutual may be held and invested under a group annuity contract in MassMutual's general investment account.

Participant Contributions—During 2018 and for the period December 1 to December 31, 2017, participants could elect to defer as a before-tax contribution or after-tax designated Roth contribution any whole percentage of their compensation, subject to the limitations, as defined in the Plan document, and subject to the non-discrimination standards of the IRC. A participant's taxable compensation is reduced by the amount of before-tax contributions, and those amounts are contributed to the Plan on the participant's behalf by the Company. A participant's before-tax contributions and designated Roth contributions in any one year are also limited to a fixed dollar maximum ($18,500 for 2018 and $18,000 2017), as specified by the IRC. The first 6% of compensation contributed to the Plan is eligible for employer matching contributions (50% match in 2018 and 2017). Participants age 50 or older can make catch-up contributions if they contributed the maximum elective deferral under the Plan. A participant's catch-up contributions in any one year are limited to a fixed dollar maximum ($6,000 for 2018 and 2017), as specified by the IRC.

The Plan also accepts rollover contributions ("Rollovers") from other qualified plans and from certain individual retirement accounts. Rollovers are credited to a participant's rollover contributions account and are treated in a manner similar to before-tax contributions or after-tax designated Roth contributions (consistent with how rollover contributions were treated as in the previous plan) for Plan accounting and federal income tax purposes. Rollovers are not eligible for Company matching contributions. There were none in 2018 or 2017.

Company Contributions—The Company makes a basic matching contribution based on eligible participant contributions. The Company's matching contributions are subject to the non-discrimination standards of the IRC.

The basic matching contribution is 50% of a participant's before-tax contributions and/or after-tax designated Roth contributions up to 6% of compensation in 2018 and 2017. All Company matching are made in cash. Under the IRC, a participant's annual before-tax contributions, after-tax designated Roth contributions, and employer matching contributions for any calendar year cannot exceed the lesser of a fixed dollar amount ($55,000 for 2018 and $54,000 for 2017) or 50% of the participant's compensation for that calendar year.

Participant Accounts—Each participant's account is credited with the participant's contribution and related matching contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting-Participants are fully vested in their Employee contribution accounts. Matching Contributions made by the Company become vested at a rate of 25% for each year of service to the Company. A participant with less than five years of service becomes fully vested in his or her matching contributions account immediately at age 65 while still actively employed or when employment terminates as a result of retirement, death or disability.

Notes Receivable from Participants—The Plan has a loan feature under which active participants may borrow up to 50% of the value of their vested and non-forfeitable account balance (up to a maximum of $50,000) upon the demonstration of a hardship event, as defined by the Plan. The loan must bear interest at a rate reasonable at the time of application. The Company has established a fixed interest rate which is the prime rate plus 1%. Loans are repaid via payroll deduction over a period of not less than one year or more than five years, except for loans used to purchase a primary residence, which are repaid over a period of up to ten years. Upon participant termination, retirement or death, the participants' vested account balance will be reduced by the remaining outstanding loan balance, and any portion of the outstanding loan balance that is not repaid is treated as a distribution to the participant. Currently there are no outstanding participant loans.

Payment of Benefits—A participant's account may be withdrawn only in limited circumstances, as permitted by the IRC and the Plan.

Upon termination of service, a participant with a vested account balance equal to or greater than $5,000 may apply to receive a distribution of the vested portion of his or her account balance in a lump-sum amount. If the participant's account is greater than $1,000 and less than $5,000, the participant may elect to receive distribution in a single lump-sum. If the participant does not specify an election, the payment will be automatically rolled over to an individual retirement plan designated by the Plan Sponsor. If the participant's account is $1,000 or less, the participant will receive a lump-sum distribution.

Forfeitures—The non-vested portions of a terminating participant's account are forfeited upon distribution and are used to pay Plan expenses and reduce future Company contributions. There were $527 cumulative forfeitures available to pay Plan expenses and offset Company contributions at December 31, 2018. During the period ended December 31, 2018, no forfeitures were used to pay Plan expenses or offset Company contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates—The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits—Benefits are recorded when paid.

Expenses—Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Recently Issued Accounting Pronouncements–In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement which amends ASC 820 to add,

remove and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied on retrospectively, while others applied prospectively. We are currently evaluating the impact of adoption of this standard on our financial statements of net assets available for plan benefits and statements of changes in net assets available for plan benefits.

3. INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Reliance Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

December 31,		2018		2017
Investments, at fair value	$	**568,416**	$	2,309
Fixed annuity contract	$	**161,651**	$	854

Periods Ended December 31,		2018		2017
Dividend income from mutual funds	$	**25,517**	$	5
Net depreciation in fair value of investments	$	**(66,018)**	$	(5)
Interest income from fixed annuity contract	$	**3,001**	$	1

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at fair value as of December 31, 2018	**Total**	**Level 1**
Mutual funds	**$ 568,416**	**$ 568,416**
Total assets at fair value	**$ 568,416**	**$ 568,416**

Assets at fair value as of December 31, 2017	Total	Level 1
Mutual funds	$ 2,309	$ 2,309
Total assets at fair value	$ 2,309	$ 2,309

Changes in Fair Value Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may requires the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets

available for benefits. For the periods ended, December 31, 2018 and 2017, there were no transfers within the fair value hierarchy.

5. GROUP ANNUITY CONTRACT WITH MASSMUTUAL

The Plan entered into a benefit-responsive investment contract with MassMutual through the MassMutual Diversified Separate Account Guaranteed Investment Contract (the "SAGIC"). MassMutual maintains the contributions in a separate account. The separate account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the SAGIC is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the SAGIC. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is set quarterly. The SAGIC does not allow the crediting interest rate to fall below zero percent.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);

2. changes to the Plan's prohibition on competing investment options;

3. bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary); that cause a significant withdrawal from the Plan; or

4. the failure of the trust to qualify for exemption from federal income taxes.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2018 and 2017:

		2018		2017
Net assets available for benefits per the financial statements	**$**	**754,067**	$	3,163
Less: contribution receivables		**(24,000)**		**-**
Net assets available for benefits per Form 5500	**$**	**730,067**	$	3,163

The following is a reconciliation of net increase per the financial statements to the Form 5500 for the periods ended December 31:

		2018		2017
Net increase per financial statements	**$**	**750,904**	$	3,163
Less: 2018 contributions paid in 2019		**(24,000)**		-
Net increase per Form 5500	**$**	**726,904**	$	3,163

7. VOLUNTARY CORRECTION PROGRAM

During the period ended December 31, 2018, the Plan Administrator determined that certain procedural errors resulted in eligible employees not being notified or given the opportunity to make elective deferrals. The Plan Administrator and its attorney determined that the failures were eligible for self-correction under the terms of the Internal Revenue Service Voluntary Correction Program (VCP). As of the date the financial statements were available for issue, the Company was finalizing its corrective plan, and calculating the amount the Company will contribute to the Plan to get the Plan into compliance. The final amount will be comprised of participant and employer contributions, as well as calculated lost earnings.

8. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTION

Investments were managed by MassMutual in 2018 and 2017 and they served as record-keeper for the Plan. Pursuant to a Master Services Agreement between the Company and MassMutual, MassMutual provides certain administrative services to the Plan including managing certain Plan investments. The Plan maintains an investment in the MassMutual Core SAGIC fund, which is a pooled separate account insured by a general account guarantee to preserve principal and pay a stated rate of return. Under the investment agreement, asset charges owed to MassMutual for its administrative services related to this investment are assessed each month and deposited into an ERISA Benefits Account ("EBA"). Amounts in the EBA are used to offset amounts owed to MassMutual and other qualified providers for administrative services to the Plan. If amounts in the EBA exceed amounts owed for expenses incurred on behalf of the Plan, MassMutual remits the excess to the Plan's trust. During 2018, $3,820 was used to offset Plan administrative expenses and $0 was remitted to the Plan's trust. There was no EBA account activity in 2017.

These transactions qualify as allowable party-in-interest transactions. Loans to Plan participants also qualify as party-in-interest transactions.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

10. TAX STATUS

The Plan is a pre-approved volume submitter plan and, as such, was not issued an IRS determination letter. The volume submitter was issued an IRS opinion letter on March 31, 2014.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 7, 2020, the date the financial statements were available to be issued.
