Notes to Financial Statements
December 31, 2019 and 2018

Note 1 - Description of the Plan:

The following description of Mon Yough Community Services, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Mon Yough Community Services, Inc. ("the Company") upon their date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On July 1, 2016, the Company was acquired by UPMC. The Plan was frozen effective June 30, 2017 through an amendment adopted by the Plan regarding the transfer from the Plan to the UPMC Retirement Program (UPMC), which in part, did not allow employees to join the Plan as of that date. Effective June 30, 2017, and for eligible compensation paid after that date, all employee contributions, matching contributions and employer contributions shall end. However, the Plan will continue to be administered and operated according to its terms and conditions until such time as it is otherwise managed. In addition, all participants in the Plan who are actively employed by, or on an approved leave of absence from the Company, shall be immediately vested in their benefits. Also under this amendment, effective June 1, 2017, the Plan ceased to administer any future new loans to participants.

Prior to this amendment, all employees were eligible to participate in the 403(b) feature of the Plan as of their hire date. To be eligible to receive a matching contribution, employees must have completed one year of service with the Company and have attained age twenty-one.

Contributions

Due to the Plan being frozen. effective June 30, 2017 for eligible compensation paid after that date, all employee contributions, matching contributions and employer contributions ended, and there were no contributions recorded for the years ended December 31, 2019 and 2018.

Participant Accounts

Prior to the Plan amendment, each participant's account was credited with the participant's contribution and allocations of the company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Effective June 30, 2017 all participants who are actively employed by, or on an approved leave of absence from the Company are considered 100% vested in their employer contributions.

Note 1 - Description of the Plan (Continued):

Vesting (Continued)

The vesting schedule prior to June 30, 2017 was as follows:

Years of Service	Vesting Percentage
One year	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Forfeitures

Effective June 30, 2017 all participants who are actively employed by, or on an approved leave of absence from the Company are considered 100% vested. Forfeiture of non-vested company contributions can be used to restore rehired participants' previously forfeited balances or pay administrative expenses. As of December 31, 2019 and 2018 forfeited nonvested accounts totaled $1 and $701, respectively. Also in 2019, $5,997 of forfeited nonvested accounts were used to pay administrative expenses.

Notes Receivable from Participants

Prior to the amendment to the Plan, participants could borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participants' account and bear a reasonable rate of interest which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vesting interest in his or her account, or annual installments over a period of not more than participants' or their beneficiary's assumed life expectancies. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies (Continued):

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded in the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are recorded as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Consideration of Subsequent Events

For the year-ended December 31, 2019, the plan has evaluated subsequent events for potential recognition and disclosure through June 12, 2020, the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies (Continued):

Recent Accounting Pronouncement

In August 2018, The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in this update modify the disclosure requirements on fair value measurements in topic 820, Fair Value Measurement, based on the Concepts in FASB Concepts Statement, Conceptual Framework for Financial Reporting - Chapter 8: Notes to Financial Statements, including the consideration of cost and benefits. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted, and to be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. Plan management is currently evaluating the effects the amendment would have on the Plan.

Note 3 – Certified Investments:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Financial Services, Inc. (the custodian of the Plan).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of fair value hierarchy under FASB ASC 820 are described as below:

> Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Note 4 – Fair Value Measurements (Continued):

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs that are significant and unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a brief description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements (Continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ 2,831,101	$ -	$ 2,831,101
Investments at Fair Value	$ -	$ 2,831,101	$ -	$ 2,831,101

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ 3,277,990	$ -	$ 3,277,990
Investments at Fair Value	$ -	$ 3,277,990	$ -	$ 3,277,990

Note 5 – Related - Party Transactions and Party In Interest Transactions:

Certain Plan investments are shares of mutual funds managed by Nationwide Financial Services, Inc. (Nationwide). Nationwide is the custodian as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status:

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan has been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedures 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Note 7 - Tax Status (Continued):

Accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 8 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
