NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the 48Forty Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The inception date of the Plan is June 1, 2018 due to 48Forty Solutions, LLC (the Plan Sponsor) being acquired by new ownership on February 14, 2018. The Plan is a defined contribution plan covering substantially all employees of the Plan Sponsor with the exception of leased employees, nonresident aliens, independent contractors and those whose employment is governed by a collective bargaining agreement, who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute a portion of their eligible pre-tax and post-tax annual compensation, as defined in the Plan document subject to limitations established by the Internal Revenue Service. Participants age 50 or older are permitted to defer "catch-up" contributions under the Internal Revenue Code section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may contribute a discretionary 401(k) match and additional discretionary amounts to the Plan. The Plan is participant-directed and participants may change their investment options at any time. All contributions are subject to certain Internal Revenue Service limitations.

For the year ended December 31, 2019, the Plan Sponsor matched contributions to the account of each eligible employee equal to 100 percent of deferrals that do not exceed 3 percent of eligible compensation plus 50 percent of deferrals that exceed 3 percent and do not exceed 5 percent of eligible compensation.

Effective June 1, 2018, the Plan Sponsor elected a one-time non-elective employer matching contribution of 2% to certain employees. Employees had to meet the following criteria: employees who were unable to contribute to the Plan for the period from February 14, 2018 through June 1, 2018 (date of inception), employees must have contributed a minimum of 6% of their year-to-date earnings less the year-to-date gross bonus to the Plan by December 31, 2018, and employees must have been active at December 31, 2018. Matching contribution was $169,532 and is recorded as an employer contribution receivable in the accompanying statements of net asset available for benefit at December 31, 2018.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Plan Sponsor's contributions, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan. Participants may change their investment options daily.

Vesting: Participants are immediately vested in their contributions and employer contributions plus actual earnings thereon.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in his or her account. Involuntary distributions of balances less than $5,000 will be made in accordance with the Plan agreement upon termination of services. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59 ½.

Hardship Withdrawals: Subject to the approval of the Plan administrator, participants may withdraw their employee pre-tax contributions to satisfy immediate and heavy financial need, as determined by the Plan agreement.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a fixed rate of interest based on prevailing interest rates for loans made under similar circumstances. Principal and interest are paid ratably through payroll deductions over periods ranging up to 60 months, unless the loan is for the participant's primary residence, in which case the repayment period is longer, as authorized by the Plan administrator.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

NOTE 4 - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS - UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent auditors.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2019 Using		
	Total	Quoted Prices Active Markets in Active for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Collective trusts*	$ 15,690	$ -	$ -	$ -
Mutual funds	13,217,114	13,217,114	-	-
Total	$ 13,232,804	$ 13,217,114	$ -	$ -

		Fair Value Measurements at December 31, 2018 Using		
	Total	Quoted Prices Active Markets in Active for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Collective trusts*	$ 3,182	$ -	$ -	$ -
Mutual funds	8,714,697	8,714,697	-	-
Total	$ 8,717,879	$ 8,714,697	$ -	$ -

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Plan Sponsor. The Plan invests in shares of mutual funds issued by Fidelity, an affiliate of Fidelity Management Trust Company, the Plan Trustee. Transactions in such investments and the Plan's payment of trustee fee, record keeping fees and investment management fees to Fidelity Management Trust Company qualify as party-in-interest transactions. The Plan's payment of investment advisory fees to Lockton Companies, Inc., the Plan's investment advisor, also qualifies as a party-in-interest transaction. Notes receivables from participants also reflect party-in-interest transactions.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the volume submitter plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Plan management believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore they believe that the Plan was qualified and the related trust was exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through July 7, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law by the President on March 27, 2020, waives the required minimum distribution (RMD) rules for defined contribution plans for the period of January 1, 2020 through December 31, 2020, providing relief to individuals who would otherwise be required to withdraw funds from such retirement accounts during an economic slowdown due to COVID-19.

(Continued)

NOTE 8 - SUBSEQUENT EVENTS (Continued)

The CARES Act provides that qualified Participants may take penalty free, coronavirus-related distribution of up to $100,000 from eligible retirement plans for the period from January 1, 2020, through December 30, 2020. A coronavirus-related distribution can be included in income in equal installments over a three-year period, or an individual has three years to repay a coronavirus-related distribution to a Plan to undo the tax consequences of the distribution. Repayments won't be subject to the annual retirement plan contribution limits. As of the report date, there was approximately $735,000 in coronavirus-related distributions made by qualified Participants.

Ladies and Gentlemen:

We are providing this letter in connection with your limited-scope audit of the financial statements of 48Forty Solutions 401(k) Plan ("Plan") as of December 31, 2019 and 2018 and for the year ended December 31, 2019. We understand that, at our instruction, and as permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, you did not perform any audit procedures with respect to information prepared and certified by Fidelity Management Trust Company, in accordance with DOL Regulation 2520.103-5, other than comparing such information to the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules taken as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Except where otherwise stated below, immaterial matters less than $77,000 collectively are not considered to be exceptions that require disclosure for the purpose of the following representations. This amount is not necessarily indicative of amounts that would require adjustment to or disclosure in the financial statements.

We confirm, to the best of our knowledge and belief, as of the date of this letter, the following representations made to you during your audit:

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated February 5, 2020 for the preparation and fair presentation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States, and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and we believe the financial statements and supplemental schedules are fairly presented.
2. We are responsible for designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to error or fraud. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
3. All transactions have been recorded in the accounting records and reflected in the financial statements.
4. We have provided you:
    a. Access to all financial records, documentation and other information that is relevant to the preparation and fair presentation of the financial statements.
    b. Additional information that you have requested from us for the purpose of the audit.
    c. Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
    d. All minutes of the meetings or summaries of actions of recent meetings for which minutes have not yet been prepared.
    e. Plan instruments, trust agreements, and amendments to such documents entered into during the year (including amendments made to comply with applicable laws), or insurance contracts.
    f. All correspondence to and from regulatory agencies, including communications concerning compliance with laws and regulations.
    g. Results of the assessment of risk that the financial statements may be materially misstated as a result of fraud.
5. We have no plans or intentions that may materially affect the carrying amounts or classifications of assets and liabilities.
6. We have identified all accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the

estimates are reasonable in the circumstances. These estimates include the fair values of Plan investments and derivative instruments and the classifications of Plan investments and derivative instruments within the fair value hierarchy, pursuant to and in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, as well as the actuarial present value of accumulated plan benefits.

7. Adequate provision has been made for adjustments and losses in collection of receivables. There were no investments in default and none are considered to be uncollectible.

8. The following have been properly recorded or disclosed in the financial statements, if applicable:

   a. Material liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB ASC 450, *Contingencies.*

   b. Significant accounting estimates that are susceptible to changing materially as a result of an event or change in conditions that is reasonably possible of occurrence within one year from the financial statement date.

   c. Concentrations that make the Plan vulnerable to the risk of a severe impact within one year from the financial statement date (including the nature and type of investments held by the Plan, or markets for which events could occur which would significantly disrupt normal finances within the next year).

   d. Amendments to the Plan document during the year or subsequently.

   e. Derivative financial instruments such as futures, forwards, swaps or options, or other financial instruments.

   f. Securities lending arrangements, including the associated collateral and policy for requiring collateral.

   g. Other financial instruments with significant "off-balance-sheet" risk of accounting loss to which the Plan is a party.

   h. Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or other lending institution.

9. Related parties and all related party relationships and transactions, and transactions with parties-in-interest (as defined in ERISA section 3(14), and related amounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements and guarantees, have been disclosed to you, and have been appropriately accounted for and disclosed in the financial statements in accordance with the requirements of accounting principles generally accepted in the United States.

    b. Employees who have significant roles in internal control, whether material or not.

c. Others when the fraud could have a material effect on the financial statements.

13. The Plan and trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. The Plan sponsor has operated the Plan and trust in a manner that has not jeopardized this tax exempt status. The Plan has received the required disclosures from service providers under ERISA Section 408(b)(2). We understand that failure to comply could cause the Plan to enter into a prohibited transaction.

14. All required filings of Plan and trust documents have been filed with the appropriate agencies

15. There are no --

    a. Nonexempt transactions with parties in interest, as defined in ERISA section 3(14) and related regulations, that were not disclosed in the supplemental schedules or financial statements.

16. The Plan has complied with the fidelity bonding requirements of ERISA.

17. There are no violations of any laws or regulations (including ERISA, DOL and IRS) whose effects should be considered for disclosure in the financial statements or as a basis for reporting a loss contingency, or other material liabilities or gain or loss contingencies that are required to be accrued or disclosed.

18. The Plan has satisfactory title to all owned assets. None of the Plan's assets were mortgaged, assigned, pledged, or encumbered by law in any other manner. No security agreements have been executed under the provisions of the Uniform Commercial Code, there are no liens or encumbrances on assets, and no assets have been pledged.

19. The Plan had no purchase commitments for investments at prices in excess of fair value at the date of the financial statements, no agreements to repurchase items previously sold, and no sales commitments at prices expected to result in losses on fulfillment.

20. All investments and derivative instruments are valued at fair value, as defined by FASB ASC 820. Quoted prices in active markets for identical investments and derivative instruments are used to determine fair values, when available. All matters of judgment involved in the calculation and

determination of the fair values of investments and derivative instruments, and all related valuation methods and assumptions and financial statement disclosures, including the reporting of investments and derivative instruments within the fair value hierarchy defined by ASC 820, are the responsibility of management. The valuation methods and assumptions used are reasonable and supportable, have been determined in compliance with ASC 820, and have been adequately disclosed in the financial statements for all periods presented.

27. We have disclosed to you all known actual or possible litigation and claims whose effects should be considered by management when preparing the financial statements. These matters have been accounted for and disclosed in conformity with accounting principles generally accepted in the United States.
