NOTE A – SUMMARY DESCRIPTION OF PLAN

The following description of the Provost & Pritchard, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) Profit Sharing Plan covering substantially all full-time employees of Provost & Pritchard, Inc., who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions – Each year, participants may contribute a portion of pre-tax compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement Plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company makes a safe harbor nonelective contribution of 3 percent of eligible compensation. The Company may also make discretionary matching, discretionary nonelective, and qualified nonelective contributions. Matching contributions, if any, are limited to 4 percent of eligible compensation contributed to the Plan. Participants must complete at least 1,000 hours of service during the plan year and be employed as of the last day of the Plan year to be eligible to receive any discretionary nonelective contributions that may be made for the Plan year. The Company made a discretionary nonelective contribution of $300,000 for the year ended September 30, 2019. Contributions are subject to certain IRS limitations.

Investment options – Participants direct the investment of their account balances into various investment options offered by the Plan. Participants can change their investments at any time. The Plan currently offers various registered investment companies and money market accounts as investment options for participants.

Participant accounts – Each participant's account is credited with the participant's contributions, the Company safe harbor contribution, as well as allocations of the Company's discretionary matching contributions (if any), and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions, Company safe harbor contributions and qualified nonelective contributions plus actual earnings thereon. Vesting in the Company discretionary matching and nonelective contributions are based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50% as determined periodically by the Plan administrator. Principal and interest is paid ratably through payroll deductions on at least a quarterly basis. Generally, the term of the loan may not exceed five years.

Payment of benefits – On termination of service due to death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in their account. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution. Assets allocated to participants who have terminated but have not withdrawn from the Plan as of September 30, 2019 total $2,765,782.

Forfeited accounts – At September 30, 2019 and 2018, forfeited non-vested accounts totaled $7,713 and $5,872, respectively. These accounts will be used to pay administrative expenses of the Plan and then to reduce future employer contributions. In 2019, employer safe harbor nonelective contributions were reduced by $5,881 from forfeited non-vested accounts.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company (Fidelity). See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of September 30, 2019 or 2018.

If a participant ceases to make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administration Expenses
Certain operating expenses of maintaining the Plan are paid directly by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Management's Review of Subsequent Events
Management has evaluated subsequent events through July 7, 2020, the date the financial statements were available to be issued.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2019 and 2018.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market fund: Valued at cost, which approximates fair value.

NOTE D – FAIR VALUE MEASUREMENTS – (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2019 and 2018:

NOTE E – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note B, the Plan made direct payments to Fidelity Management Trust Company totaling $2,170 and a third-party investment advisor totaling $2,544 for the year ended September 30, 2019, which were not covered by revenue sharing.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE G – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE G – TAX STATUS – (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and believes that as of September 30, 2019 and 2018 there are no significant uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by federal taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The President of the United States declared the COVID-19 outbreak in the United States a national emergency on March 13, 2020. Further, on March 19, 2020, the California governor issued a statewide Stay at Home Order to slow the spread of COVID-19. The Order requires all individuals living in California to stay at home, except as needed to maintain continuity of the federal critical infrastructure sectors. The Plan Sponsor's operations fall under public works essential workforce, which is designated on the list of essential critical infrastructure workers. Accordingly, the Plan Sponsor is continuing to maintain its normal operations, while at the same time, taking measures to protect the health and safety of its workers. The financial impact on the Company that could occur as a result of the pandemic is unknown at this time.

The impact to the Provost & Pritchard, Inc. 401(k) Profit Sharing Plan is the significant market fluctuations that have caused substantial losses in the first quarter of 2020. Market volatility has a direct impact on the fair value of the Plan's investments and could continue to effect the Plan's investment performance during the subsequent quarters of 2020.
