Bestway Rental, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Bestway Rental, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a defined contribution plan available to all U.S. employees of the Company over the age of 21 who have been credited with one year of eligible service, as defined by the Plan. The Plan was established on September 1, 1994. The Plan sponsor and trustee is Bestway Rental, Inc. An entity related to Bestway Rental, Inc. that is also participating in this Plan is EZY Rentals, Inc. (collectively, the Employer or the Company). The Plan record keeper is America's 401k, Inc. and the Plan custodians are Great-West Life and Annuity Insurance Company and Great-West Trust Company, L.L.C. effective April 1, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan qualifies as a "Safe Harbor 401(k) Plan". A Safe Harbor 401(k) Plan eliminates the requirements for annual nondiscrimination testing. The Safe Harbor provision is satisfied by the employer's mandatory matching contributions as defined below.

Contributions

Participants in the Plan may make elective contributions based on a percentage of their annual compensation, as defined, equal to a minimum of 1%, on a pre-tax basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective April 1, 2012, the plan was amended and began accepting after tax (ROTH) contributions as well. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a mandatory matching contribution of 100% of the first three percent of the participant's salary reduction and 50% of the next two percent of the participant's salary reduction contributions. This contribution is intended to satisfy a safe harbor contribution formula permitted by Internal Revenue Service (IRS) regulations. By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made by the Plan. The Employer may make an additional discretionary contribution to the Plan on behalf of each participant in an amount determined by the Employer. For the years ended July 31, 2019 and 2018, the Employer did not make a discretionary contribution to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant has a fully vested and non-forfeitable interest in all amounts attributed to voluntary contributions and mandatory matching contributions, as defined. Each participant directs the contributions made to the Plan in one or more investment funds established under the Plan.

Discretionary amounts contributed by the Employer on behalf of participating employees vest 20% each year from the participant's anniversary date, amounting to 100% after the fifth year of continuous service. Upon termination, any unrestricted amounts forfeited by participants may be used to restore employer matching account balances of re-employed participants, to pay plan expenses, or to be allocated to participants' employer matching contribution accounts.

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Notes Receivable from Participants

Each participant is eligible to draw loans against their account. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through periodic payroll deductions.

Payment of Benefits

Upon separation of service due to death, disability, or retirement of employment, a participant or their beneficiary have a non-forfeitable right to receive the full amount available for distribution from their account. Upon termination of employment, for reasons other than those above, the participant has a non-forfeitable right to receive only their vested interest in their account. All distributions are paid in lump-sum amounts.

Forfeited Accounts

At July 31, 2019 and 2018, forfeited nonvested accounts totaled $3,331 and $246 respectively. These accounts will be used to reduce future Company contributions and to pay Plan expenses. During 2019 and 2018, Company contributions were reduced by $246 and $5,687, respectively, from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Any administrative fees for recordkeeping services and professional fees are paid by the Employer. Personnel and facilities of the Employer, which are utilized by the Plan for its accounting and other activities, have been provided at no charge to the Plan.

New Accounting Pronouncements / Accounting Changes

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements. The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The Company is evaluating the impact of the adoption of this ASU on the Plan financial statements.

Note 3. Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held and notes receivable from participants at July 31, 2019 and 2018, and net appreciation in fair value of investments, investment income, and interest income on notes receivable from participants for the years ended July 31, 2019 and 2018, was obtained or derived from information provided to Plan management and certified as complete and accurate by Great-West Life and Annuity Insurance Company and Great-West Trust Company, L.L.C., the custodians of the Plan.

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of July 31, 2019 and 2018:

	2019	2018
Level 1		
Mutual funds	$ 3,273,919	$ 2,581,303
Total assets in the fair value hierarchy	3,273,919	2,581,303
Investments measured at net asset value		
Collective trust fund	2,234,092	2,236,545
Investments at fair value	$ 5,508,011	$ 4,817,848

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of July 31, 2019 and 2018, respectively.

	2019	2018

Fair value	$ 2,234,092	$ 2,236,545
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None

Note 5. Guaranteed Investment Contract with Great-West Life and Annuity Insurance Company

During 2019 and 2018, the Plan held a fully benefit-responsive guaranteed investment contract (GIC) with Great-West Life and Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract, (2) a material misrepresentation, or (3) a material amendment to the agreement without the consent of the issuer.

Note 6. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are collective trust fund managed by Great-West Life and Annuity Insurance Company and Great-West Trust Company, L.L.C., the custodians for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan. Such providers are parties in interest under ERISA.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note 8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at July 31, 2019 and 2018 to Form 5500:

	2019	2018

Note 11. Subsequent Events

COVID-19

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The extent of the operational and financial impact the COVID-19 pandemic may have on the Plan Sponsor has yet to be determined and is dependent on its duration and spread, any related operational restrictions and the overall economy. The Plan Sponsor is unable to accurately predict how COVID-19 will affect the results of its operations or the Plan because the virus's severity and the duration of the pandemic are uncertain. Potential impacts include, but are not limited to, additional costs for responding to COVID-19, potential shortages of personnel, delays, loss of, or reduction to revenue and overall market decline. Management believes the Plan Sponsor is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available for issuance.

The Plan has evaluated subsequent events through July 10, 2020, the date the financial statements were available to be issued.
