Note 1 - Description of Plan

The following description of the AABR, Inc. 403(b) Thrift Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on July 1, 2007 and amended on July 1, 2017, is a defined contribution plan covering all full-time employees of AABR, Inc. (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors is responsible for oversight of the Plan. The Board of Directors determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors. The Plan's Third Party Administrator is Professional Capital Services, LLC ("PCS" or the "TPA"). The Custodians are AdvisorTrust, Inc., an affiliate of the TPA; Mutual of America Life Insurance Company ("MOA"); Invesco Investment Services, Inc. ("Invesco"); Brighthouse Life Insurance Company ("Brighthouse"); and Plan Member Services. The Roosevelt Investment Group serves as Investment Advisor to the Plan.

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the "Code") of $19,000 for 2019 and $18,500 for 2018, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. The Plan also allows for special Code Section 403(b) catch-up contributions for those participants with 15 years of service. Contributions may be made as a pre-tax deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary, nonelective contributions by the Sponsor to eligible participants, defined as those who have attained 21 years of age and have a minimum of 1,000 hours of service in the Plan year. The amount allocated quarterly to each participant is a percentage of their compensation, based on the number of years of service the participant has worked. Each year, the Sponsor determines whether there will be a contribution as well as the total amount of the contribution and the percentages to be allocated. The total Sponsor contribution amounted to $600,685 during the year ended June 30, 2019 and was allocated using the following percentages of compensation:

Group	Years of Service	Percentage of Compensation
One	Less than 5 years	2.00%
Two	5 years, but less than 10 years	3.00%
Three	10 years, but less than 15 years	5.00%
Four	15 years, but less than 20 years	7.00%
Five	20 years or more	8.00%

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Sponsor's contribution, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings or loss thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is fully vested after six years of continuous service according to the following schedule:

Years of Service	Percentage Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In addition, a participant's account becomes fully vested upon termination of service due to death or disability while employed.

Notes Receivable

Participants may borrow a minimum of $1,000 from their fund accounts, up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 2 percent, which is determined as of the date of origination and is fixed for the loan term. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the term of the loan may be up to ten years. Loans from Invesco and Brighthouse are paid directly by the participant, rather than through payroll deductions. A loan may be repaid in full at any time without penalty. A participant may not have more than one loan outstanding at any time.

Note 2 - Summary of Significant Accounting Policies

Payment of Benefits

On termination of service due to reasons other than death, a participant will receive the value of the vested interest in his or her account as a lump sum distribution. In the case of death, a participant's beneficiary may elect to receive the value of the vested interest in either a lump sum or as substantially equal payments over an extended period, as provided in the Plan document. If the balance of the account is less than $1,000, it will be paid in a lump sum. Hardship withdrawals and in-service withdrawals are also permitted as defined in the Plan document.

Forfeited Accounts

At June 30, 2019 and 2018, forfeited nonvested accounts totaled $13,990 and $12,843, respectively. Forfeited amounts may be used to reduce Sponsor contributions or pay Plan expenses. During the Plan year ended June 30, 2019, $7,015 in forfeitures were used to reduce Sponsor contributions.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2019 or 2018. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at June 30, 2019 ranged from 3.25% to 8.25%.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Reclassification

Certain amounts in the prior year financial statements have been reclassified to conform to the June 30, 2019 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3 - Information Certified by the Plan's Custodians

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 *Fair Value Measurement* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts and Fixed Annuity Accounts: Valued at the daily closing NAV as a practical expedient. Pooled separate accounts and fixed annuity accounts held by the Plan are registered with the SEC. These investments have readily determinable fair values as they are required to publish their daily NAV and to transact at that price. The pooled separate accounts and fixed annuity accounts held by the Plan are deemed to be actively traded.

Interest Accumulation Account: The Plan has investments in a general account with Advisor Trust. The general account is credited with deposits and variable interest rate earnings on the underlying funds and is charged for withdrawals and administrative expenses. The account assets are completely liquid without front-end or back-end charges, accumulate earnings at current interest rates, have same-day no withdrawal restrictions and are not affected in value by withdrawal requests. The functioning is similar to that of a money market or bank savings account. As such, the carrying amount of the account balance is the fair value.

Note 4 - Fair Value Measurements (cont'd.)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at June 30, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended June 30, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	2019
Balance, beginning of year	$ 1,553,256
Total gains or losses, included in the change in net assets	59,093
Sales	(416,155)

Note 4 - Fair Value Measurements (cont'd.)

The significant unobservable inputs used in the Plan's Level 3 fair value measurements are as follows as of June 30, 2019 and 2018:

	June 30, 2019		
	Fair Value	Valuation Technique	Unobservable Input
Metropolitan Life Insurance Company	$1,006,586	Discounted cash flow	Issuer crediting rate
Mutual of America Life Insurance Company	189,608	Discounted cash flow	Issuer crediting rate
	$1,196,194		

	June 30, 2018		
	Fair Value	Valuation Technique	Unobservable Input
Metropolitan Life Insurance Company	$1,363,354	Discounted cash flow	Issuer crediting rate
Mutual of America Life Insurance Company	189,902	Discounted cash flow	Issuer crediting rate
	$1,553,256		

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The Custodians of the Plan are AdvisorTrust, Inc., MOA, Invesco, Brighthouse, and Plan Member Services, and the Recordkeeper is PCS. Therefore, fees paid to these entities qualify as party-in-interest transactions. Such fees amounted to $36,012 for the year ended June 30, 2019.

In addition, certain Plan investments are shares of mutual funds or pooled separate accounts managed by Invesco, Brighthouse, and MOA. Therefore, fees paid related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain tax-exempt status for plan participants under Section 403(b).

The Plan has adopted the CCH Incorporated DBA FTWilliam.com volume submitter 403(b) plan. Accordingly, the Plan is permitted to rely on FTWilliam.com's opinion letters. The IRS has determined and informed FTWilliam.com by a letter dated March 31, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at June 30, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Delinquent Employer Contributions

Certain employer contributions at various times during 2018 plan year, totaling $30,392, were inadvertently not deposited into the Plan. These were subsequently corrected and deposited during the 2019 plan year as delinquencies were corrected.

Note 10 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after June 30, 2019 through June 22, 2020, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure except as noted above below.

Subsequent to June 30, 2019, local, U.S. and world governments have declared a global pandemic due to the coronavirus disease ("COVID-19"). Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Although it cannot be reasonably determined at this time whether this will have a long-term impact, in the short-term, this has caused significant losses in U.S. and global markets and the values of investment securities, which could negatively impact participants' account balances and the amounts reported in the statements of net assets available for benefits.

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act's provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within 3 years without tax penalty, and allow for certain other benefits. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates with the revised limits.
