1. DESCRIPTION OF PLAN

General

The following description of the OneSource Distributors, LLC 401(k) Profit Sharing Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was established on January 1, 1987 as a defined contribution plan. The Plan covers all eligible employees, as defined, of OneSource Distributors, LLC (the Company or the Plan Sponsor) who are 18 years of age or older and have completed at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation, as defined in the Plan and subject to Internal Revenue Service (IRS) limitations. The automatic enrollment contribution rate is 2% of eligible compensation, as defined by the Plan document. A participant may increase or decrease the amount contributed at any time. A participant's pre-tax contributions to the Plan are limited to the amount allowed under the provisions of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company may make matching or discretionary contributions at a rate determined by the Company. For the year ended December 31, 2019, the Plan Sponsor elected to match 25% of the first 6% contributed by participants.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's deferral contributions and the Company's matching contributions and an allocation of the Company's profit sharing contributions and Plan investment income and charged with any benefit payments and allocation of Plan investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of a participant's account.

Investments

Participants direct the investment of their account into various investment options offered by the Plan.

1. DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vested Interest
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Forfeitures

The Plan used approximately $32,000 of forfeitures to reduce the Company's employer match for the year ended December 31, 2019. Unallocated forfeited amounts at December 31, 2019 and 2018 were $345 and $2,720, respectively.

Notes Receivable from Participants

The Plan allows participants to borrow against their vested balances. Loans may not exceed the lesser of $50,000 or 50% of a participant's vested balance at the time of the origination of the loan. The loans are secured by the balance in the participant's account and must be repaid in level payments through payroll deductions over a five-year period, except for the purchase of a principal residence which may be repaid over a period of ten years. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant's vested account balance is distributed in a lump-sum upon retirement, termination of employment, death, disability, or Plan termination. Participants may withdraw any part of their vested account any time after attaining age 59½. Benefits are automatically paid by the Plan if a participant is terminated and the participant's vested balance is less than $5,000. Participants may also receive hardship distributions, which are described by the Plan, from their deferral contribution account.

Investment Options

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Trustee" or "Principal") as under a trust agreement holds the assets of the Plan, including all contributions and earnings thereon.

Plan Expenses

Plan administrative expenses are paid by the Plan Sponsor or through the application of forfeitures, or they may be charged to the Plan and deducted from participants' individual accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements, in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in various investment securities. In general, investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities at least reasonably possible that changes in the values of investment securities will occur in the near and that such changes could materially affect the amounts reported in accompanying statements of net assets available for benefits and the participants' account balances.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of the mutual funds are valued at the net asset value (NAV) of shares of such investments held by the Plan. The valuations of the investments in the pooled separate accounts and common/collective trust funds are based upon the NAV as published by the custodian of the fund. The NAV of the pooled separate accounts and common/collective trust funds are based on the fair value of the underlying investments held by the fund less their liabilities. Purchases and sales of investments are recognized on the trade date. Dividend income is recorded on the ex-dividend date. Net depreciation includes gains and losses on investments bought and sold, as well as held during the period.

Notes Receivable from Participants
Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all participant loans with no payments received for six months as in default. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
All expenses incurred to administer the Plan are paid by the Company, with the exception of investment management fees and participant-initiated transaction fees which are paid by the Plan.

3. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. FASB ASC Topic 820 defines fair value as the price would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement.)

- Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities at the measurement date.
- Level 2 - Inputs are inputs, other than quoted prices included within Level 1, which are observable directly or indirectly, through corroboration with observable market data at the measurement date.
- Level 3 - Inputs are unobservable inputs that reflect management's best estimates of the (including assumptions about risk) that market participants would use in pricing the asset or liability at the measurement date.

The level in the fair value hierarchy within which a fair value measurement in its entirely falls in based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018. There were no transfers to or from Levels 1, 2, or 3 of the fair value hierarchy in 2019 or 2018 nor were there any investments valued at Level 2 or 3. The Plan's policy is to recognize transfers between levels as of the end of the reporting period.

[(1)]In accordance with FASB ASC Subtopic 820-10, *Fair Value measurement and Disclosures,* certain investments that are measured using the NAV per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2019 and 2018, respectively.

4. TRUSTEE CERTIFICATION

The Plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has obtained certifications from the Trustee that the following investment information is complete and accurate:

a) Investments as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018;

b) Investment activity (dividend, and net appreciation in the fair value of investments), as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019; and,

c) Supplemental schedule of assets (held at end of year) as of December 31, 2019.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Principal; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2019, fees paid to Principal were approximately $110,000.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become completely vested accounts.

7. TAX STATUS

The Plan has adopted a prototype plan sponsored by Principal Financial Group. The IRS has determined and informed the Principal Financial Group by an opinion letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the IRC. The prototype plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examination for any Plan years.

8. SUBSEQUENT EVENTS

A novel strain of coronavirus (COVID-19) was first identified in December 2019, and subsequently declared a pandemic by the World Health Organization during the first quarter of 2020. The outbreak of COVID-19 has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of COVID-19. Nevertheless, COVID-19 presents material uncertainty to the Plan, its performance, and its financial results.

Management has evaluated subsequent events through June 18, 2020, which is the date the financial statements were available to be issued and have determined that there are no additional subsequent events that require disclosure under FASB Topic ASC 855, *Subsequent Events*.
