Independent Auditors' Report

Board of Trustees
Ohio Wesleyan University Defined Contribution Retirement
Plan and Tax Deferred Annuity Plan
Delaware, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Wesleyan University Defined Contribution Retirement Plan and Tax Deferred Annuity Plan (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended June 30, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Bases for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Bases for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance & Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") (together "TIAA-CREF"), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Custodian as of June 30, 2019 and 2018, and for the year ended June 30, 2019, that the information provided to the plan administrator by the Custodian is complete and accurate.

In addition, because of inadequacies in the Plan's records for the periods prior to January 1, 2009, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of June 30, 2019 and 2018, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year ended June 30, 2019.

Disclaimer of Opinion

Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of June 30, 2019 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

OHIO WESLEYAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the Ohio Wesleyan University Defined Contribution Retirement Plan and Tax Deferred Annuity Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code ("IRC") covering all qualified employees of Ohio Wesleyan University (the "University"), established as of January 1, 1967. Eligible employees may participate in the Plan immediately following his or her employment. Participants will be eligible for employer contributions after having attained age 18 and working at least 1,000 hours per year, as defined by the Plan. Beginning July 1, 2017, the Plan will exclude employees from participating in the Plan who normally work less than 20 hours per week or are student employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to make contributions of his or her eligible earnings on a "pre-tax" basis subject to certain limitations of the IRC. The University will match an amount equal to 100% of the first 5% of participant compensation for the first two years of service. After completion of two years of service, the University will match an amount equal to 100% of the first 1.5% of participant compensation and will provide a non-discretionary contribution at the rate of 10% of participant compensation for non-faculty. For faculty members, the non-discretionary contribution will be 11% of compensation for those contracted after July 1, 2012, and for those contracted before July 1, 2012 will vary between 10%-13%, dependent on age. The Plan also provides for the investment of qualified rollover contributions, catch-up contributions for participants age 50 or older and additional contributions for participants with 15 years of service or more.

Effective as of October 1, 2018, the plan also allows after-tax Roth elective deferrals into the plan. The Plan allows for matching contributions from the University on contributions made from eligible compensation as defined by plan documents.

Participants' Accounts

Teachers Insurance & Annuity Association of America and College Retirement Equities Fund ("TIAA-CREF"), the Custodian of the Plan, maintains an individual account for each participant. These accounts are credited with participants' contributions, University contributions and related earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants elect to maintain his or her aggregate contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times vested in all contributions and earnings thereon.

AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Notes Receivable From Participants

Prior to June 2019, participants could borrow against their accounts. The loans were permitted by the Plan but are administered by TIAA-CREF and are transacted outside the Plan. These participant loans are not included in the Plan assets. At June 30, 2019 and 2018, these outside loan balances totaled \$212,150 and \$275,695, respectively, and are generally collateralized by vested participant accounts in the Plan at 110% of the loan amount. As these loans are repaid, the collateral balance is reduced accordingly.

In June 2019, the Plan had been amended to allow for loans through the Plan, which are included in Plan assets. Loans must be for at least \$1,000 but are limited to 50% of a participant's vested account balance up to a maximum of \$50,000. Loan terms are generally limited to a five-year term but may be longer for the purchase of a primary residence. The loans are secured by the vested balance in participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Participants repay principal and interest ratably over the term of the loan through payroll deductions.

Payment of Benefits

A participant, upon termination, death, disability or retirement, may elect to commence distribution of his or her account in the form of a transfer to an annuity or a lump sum payment. In the case of a severe financial hardship, TIAA-CREF, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions of the Plan document and/or the related insurance contract.

Termination Provisions

Although it has not expressed any intent to do so, the University has the right to amend, modify, suspend, or terminate the Plan subject to the provisions of ERISA. No amendment, modification, suspension, or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of participants or their beneficiaries. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

The financial statements of the Plan may not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the University has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment in the benefit-responsive guaranteed investment contracts is reported at contract value. All other Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's retirement committee determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 and Note 5 for a discussion of fair value measurements and Guaranteed Investment Contracts, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan believes all notes are fully collectible. No allowance has been recorded as of June 30, 2019.

Payment of Benefits

Benefits are recorded when paid by the Plan.

OHIO WESLEYAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

All administrative fees of the Plan are paid by the University or the Plan at the option of the University.

To discourage short-term trading and help protect the long-term value of certain funds, a redemption fee will be charged equal to 2% of money transferred out of certain funds less than 60 days following initial purchase date. Redemption fees imposed on these funds are paid by the affected participants.

The University has entered into a contract with TIAA-CREF that returns to the Plan, as a Plan asset, revenue that exceeds the revenue required to operate the Plan. Revenue credits may be used either to (i) pay direct, reasonable and necessary expenses of the Plan which the Plan is allowed to pay or (ii) provide benefits for Plan participants and beneficiaries in the form of revenue credits. Revenue sharing credits of \$33,946 were deposited into the Plan, \$31,308 was used to pay Plan expenses, there was \$445 in investment income earned on the credit balance and nothing was allocated to participants during the year ended June 30, 2019. Unallocated amounts remaining in the Plan were \$3,151 and \$68 at June 30, 2019 and 2018, respectively.

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF has certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits at June 30, 2019 and 2018, the supplemental schedule of assets (held at end of year) at June 30, 2019, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended June 30, 2019, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

OHIO WESLEYAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

Level 3 – Unobservable inputs in which little or no market data exists.

The following is a description of the valuation methodologies used for Plan assets measured at fair value as of June 30, 2019 and 2018:

- Investments in the guaranteed investment contracts comprise TIAA Traditional Annuity contracts which are reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate, as approved by TIAA-CREF. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.
- NBR TIAA Traditional Annuity account balances are reported at fair value as determined by TIAA-CREF based upon the individual purchases and sales of individual contracts and the correlation between the contracts' crediting rate with the highest quality debt security yields, adjusted for contract liquidity. These are considered to be Level 3 inputs.

The NBR guaranteed investment contracts are reported based on information provided by the investment manager as validated by management and its advisors and, as such, additional quantitative disclosures are not required.

- Included in pooled separate accounts is a fund invested in TIAA Real Estate, whose value is principally derived from the market value appraisals of the underlying real estate holdings or other real estate-related investments. The TIAA general account provides this real estate fund with a liquidity guarantee to ensure there are funds to meet participant redemption, transfer, or cash withdrawal requests. These investments are revalued daily primarily using market quotations or prices obtained from independent pricing sources and are classified as Level 2.
- Included in registered investment companies are TIAA-CREF Funds which are based on market quotations or prices from independent pricing sources and are classified as Level 1. Also included are various CREF Funds that are not available for sale on any securities exchange but whose underlying investments consist of equity securities and fixed income instruments. The valuation of these funds is based upon the daily quoted net asset value of shares held by the Plan and is classified as Level 2.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2018 to 2019. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level the Plan's assets at fair value as of June 30, 2019 and 2018:

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets. Guaranteed Investment Contracts (NBR), for the year ended June 30, 2019:

Balance, beginning of year	\$ 35,062,090
Interest earned	387,859
Realized gains	504,876
Unrealized gains	588,877
Purchases	701,787
Sales	<u>(1,349,365)</u>
Balance, end of year	<u>\$ 35,896,124</u>

Note 5. Guaranteed Investment Contracts

The Plan holds investments in unallocated investment contracts (the "guaranteed investment contracts"). These investments contain provisions that could be construed as placing restrictions on the availability of funds and, therefore, are included in the financial statements at estimated fair value because they are not fully benefit-responsive. The principal investments underlying the guaranteed investment contracts are high-quality fixed income instruments, principally corporate and government bonds and asset-backed securities.

OHIO WESLEYAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Guaranteed Investment Contracts (Continued)

The Plan also has fully benefit-responsive guaranteed investment contracts with TIAA. TIAA maintains the contributions in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because these guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under section 403(b).

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of June 30, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

OHIO WESLEYAN UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN
AND TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 7. Party-in-Interest Transactions

Plan assets are held in guaranteed investment contracts, a pooled separate account and registered investment companies managed by TIAA-CREF or its affiliates. TIAA-CREF is the Plan Custodian, therefore, these transactions qualify as party-in-interest transactions. Total fees paid to TIAA-CREF amounted to \$31,413 during the year ended June 30, 2019.

Note 8. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Voluntary Correction Program

The Plan submitted a voluntary correction program to the Internal Revenue Service, which was approved on March 4, 2020. This was in relation to inconsistencies between the plan documents and the intended operation of the Plan between July 1, 2009 and June 30, 2012. During this time period, the plan document allowed all employees to be eligible for the plan, however, management excluded student-employees or employees who work less than 1,000 hours per year. Management followed the original intention of the Plan which was included in the plan documents prior to and after the above noted time period. The approximate amount of the corrective contributions will be \$47,000 plus estimated lost investment earnings. The corrections are expected to be completed during the year ended June 30, 2020. The corrections are not reflected in the June 30, 2019 financial statements.

Note 10. Subsequent Events

Subsequent to year end, physical and economic conditions worldwide have been impacted by the COVID-19 pandemic. There are uncertainties surrounding COVID-19's impact on the economy as a whole, on businesses, and on the investment market. There is also uncertainty regarding the positive impact of any federal government relief efforts through the date of this report. Accordingly, the impact of the global pandemic on the operations and financial plans or future results of the University or Plan is unknown. From July 1, 2019 through the date of this report, the net investment loss was approximately \$19,700,000.
