The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, a participant may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Employer has a matching contribution of 50% of the Participants Elective Deferrals that do not exceed 6% of the participants compensation. A six-month service requirement must be met prior to receiving matching contribution.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants Accounts

Each participant's account is credited with the participant's contribution and the Employers contribution, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are immediately vested in their contributions and rollovers, plus actual earnings on contributions.

Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. The Plan has a six-year graded vesting schedule. The participant is awarded 20% every year after two years of credited service.

Full vesting of the participant's Employer contribution occurs upon death and disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $ 1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $ 50,000 is reduced by the highest outstanding loan balance during the one-year on the day before the date the loan agreement became effective. The loans are secured by the balance in the participant's account.

The interest rate on the loans from the Plan are to be computed on the basis of the prime rate plus 1% and the rate remains fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions. Loans cannot extend beyond five years.

Payment of Benefits

Under the terms of the Plan agreement, participants are eligible for distributions on retirement or at date of termination, if earlier. Distributions are made as lump sum cash payments, rollover to other qualified plans, or partial withdrawals. The Plan also makes provisions for death and disability payments.

In-Service distributions are permitted if the Participant has reached age 59 1/2.

The Plan allows hardship withdrawals in accordance with Internal Revenue Service regulations. Among other requirements, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes.

Forfeitures

Forfeitures of non-vested participant Plan benefits are used to reduce future employer contributions and/or to pay Plan expenses.

As of December 31, 2018, and 2017, forfeitures available totaled $ 904 and $894, respectively. During 2018 and 2017, $ 17,423 and $ 2,039, of forfeited participant accounts were used to pay Plan expenses, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of SWNB Bancorp, Inc. 401K Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan.

Benefit Payments

Benefits are recorded as paid.

Plan Costs

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid directly by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

The Plan paid a total of $ 16,945 in 2018, for administrative expenses, as reported on the statement of change in net assets available for benefit. These expenses are in addition to investment related expenses.

Subsequent Events

The Plan has evaluated subsequent events through July 1, 2020, the date the financial statements were available to be issued.

On March 11, 2020 the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. This pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred declines in fair value since December 31, 2018. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities within active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Fixed Annuities are investments in the general account of the insurance company whereby the insurance company pays a guaranteed rate as determined under the group annuity contract. The inputs used to determine fair value are considered observable by reviewing applicable contracts and/or financial information and thus level 2 classification is appropriate

The following table details the Plan's investments at fair value by level within the fair value hierarchy, as of December 31, 2018 and 2017.

	2018			
	Fair Value	Level 1	Level 2	Level 3
Mutual-funds	$ 3,698,760	$ 3,698,760	$ -	$ -
Fixed Annuities	1,082,748	-	1,082,748	-
Total	$ 4,781,508	$ 3,698,760	$ 1,0872,748	$ -

	2017			
	Fair Value	Level 1	Level 2	Level 3
Mutual-funds	$ 3,814,339	$ 3,814,339	$ -	$ -
Fixed Annuities	984,534	-	984,534	-
Total	$ 4,798,873	$ 3,814,339	$ 984,534	$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation (depreciation) in fair value of investments.

Note 4 – Information Certified by the Trustee

The Plan's administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to investment information and notes receivable from participants certified by Great-West Trust Company, LLC, the trustee, which included values of investments from participants as of December 31, 2018, the total investment income for the year ended December 31, 2018, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

Note 5 – Related-Party Transactions and Party-in-Interest Transactions

The known parties-in-interest that have provided services to the Plan for 2018 and 2017 are as follows:

- The Plan Sponsor provides administrative services and absorbs administrative costs for the Plan.
- Great West Trust Company served as custodian, trustee and recordkeeper of the Plan.
- Empower Retirement Advisory Service served as investment management to the Plan.
- Nova 401(k) Associates served as the contract third-party administrator to the Plan.
- Calvin Martin & Company, PLLC served as the Plan auditor for the 2018 Plan year.
- The Plan had notes receivable from participants.

All of the above transactions are exempt party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Tax Status

The IRS has determined and the Plan has received a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risk. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
