The Plan Administrator
Neuberger Berman Group 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Neuberger Berman Group 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and

(1) Description of the Plan

(a) Organization

The Neuberger Berman Group 401(k) Plan (the Plan) is a profit-sharing plan that provides for an Internal Revenue Code Section 401(k) feature. The Plan was established by Neuberger Berman Group LLC, a Delaware limited liability company (NBG), effective as of January 1, 2010 as an individually designed plan, and was subsequently amended and restated effective as of June 1, 2011 in the form of the Adoption Agreement No. 001 to the Fidelity Volume Submitter Defined Contribution Plan – Basic Plan Document Number 14 (the Volume Submitter Plan). The Plan was again amended and restated in the form of an individually designed plan effective as of December 31, 2014 with certain changes effective as of earlier dates. The Plan was further amended effective as of January 1, 2015 and January 1, 2016. The Plan and its related trust are intended to qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended (IRC), and to be exempt from federal income taxation under IRC Section 501(a).

All capitalized terms not otherwise described herein shall have the meanings ascribed to them in the Plan document.

(b) General

The following description of the Plan provides only general information regarding the Plan's terms as of December 31, 2019. Members (as hereinafter defined) in the Plan should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan provides for employee compensation deferral contributions, as well as a discretionary matching and/or a profit sharing contribution by NBG (any such matching or profit sharing contribution, a Profit Sharing Contribution). The Plan covers all employees of NBG and its U.S. subsidiaries (NBG and such subsidiaries, collectively the Company) who meet the applicable eligibility requirements described in the Plan (Eligible Employees). Leased employee, nonresident aliens with no U.S. source income, and employees who are covered by collective bargaining agreement (unless the agreement expressly provides for the inclusion of an employee) are not Eligible Employees and are not eligible to participate in the Plan. Temporary employees hired on or after January 1, 2015 while not treated as Eligible Employees under the Plan for their first 90 days of employment will be treated as Eligible Employees on their 91st day of employment. For the 2019 and 2018 Plan Years, Eligible Employees were able to participate in the Plan, for all purposes other than eligibility for Profit Sharing Contributions, if any, as of the first day of the commencement of their employment. For the 2019 and 2018 Plan Years, Eligible Employees were eligible to be credited with Profit Sharing Contributions, if any, after completion of one Hour of Service, provided that the Eligible Employee was employed by the Company as of the last day of the Plan Year, and as otherwise provided in the Plan. Commencing with the 2016 Plan Year, employees who are classified as Alternatives Program Analysts and Alternatives Program Associates are not eligible to receive Profit Sharing Contributions.

Eligible Employees who are eligible to participate in the 401(k) component and/or the Profit Sharing Contribution component of the Plan are hereafter referred to collectively as "Participants", and individually as a "Participant." Participants, retired Participants, terminated Participants and

transferred Participants are hereafter referred to as "Members." An Eligible Employee is not required to contribute to the 401(k) component of the Plan in order to be eligible to participate in the Profit Sharing Contribution component of the Plan, if any, provided that such Eligible Employee meets the applicable eligibility requirements with respect to the Plan's Profit Sharing Contribution component. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), as well as the IRC.

The Plan accepts eligible rollover contributions from Eligible Employees. If an Eligible Employee has been a participant in another qualified plan, such Eligible Employee may transfer his or her eligible account balance into the Plan.

(c) Plan Administration

The plan administrator is NBG (the Plan Administrator). The Plan Administrator has delegated its power and authority with respect to the general administration of the Plan to the Administrative Committee under the Plan, which is comprised of certain members of management of the Company. Fidelity Management Trust Company (FMTC) serves as the trustee to the Plan (the Trustee).

(d) Eligible Employees' Contributions – 401(k) Account

Eligible Employees may begin contributing to the 401(k) component of the Plan immediately upon commencement of employment with the Company. Contributions are made through payroll deductions which, in the employees' discretion, may range from 1% to 50% (subject to IRC limitations) of such employee's compensation (as defined in the Plan) on a before-tax basis, an after-tax basis, or a combination thereof (Salary Reduction Contributions). Participants who are at least age 50 or older during a Plan Year may make an additional "catch-up contribution" equal to a specified dollar amount on a before-tax basis (subject to IRC limitations).

Unless and until otherwise elected by an Eligible Employee, an Eligible Employee hired on or after January 1, 2014 who fails to make an affirmative election with regard to participation in the Plan will be automatically enrolled and deemed to have made an election to make Salary Reduction Contributions equal to three percent (3%) of compensation (the Initial Automatic Enrollment Percentage), which will commence as soon as administratively feasible on or after 45 days following an Eligible Employee's first day of employment as an Eligible Employee. The Initial Automatic Enrollment Percentage is increased by one percent (1%) each January 1 following the date of automatic enrollment to a maximum of six percent (6%) of compensation. Any Salary Reduction Contributions or any Profit Sharing Contributions will be invested in the default investment fund designated by the Investment Committee unless and until such time as the Eligible Employee otherwise makes an investment election in accordance with the Plan's provisions.

(e) Company Contributions

In accordance with the terms of the Plan, an Eligible Employee is eligible for a year-end discretionary Profit Sharing Contribution, if any, provided the following applicable criteria are met.

For Plan Years 2019 and 2018, the Eligible Employee was required to: (i) have completed one Hour of Service, and either (ii) have been employed by the Company on the last day of the applicable Plan Year, or (iii) have died or become disabled during the applicable Plan Year.

An Eligible Employee who meets the applicable eligibility requirements to receive a profit sharing contribution is a "Profit Sharing Participant."

For the 2019 Plan Year, the Company made a Profit Sharing Contribution to the Plan of $42.0 million, which sum included $221 of forfeitures that resulted from a Participant's termination of employment. Each Profit Sharing Participant was credited with a Profit Sharing Contribution based on the applicable formula set forth below:

- All Profit Sharing Participants – 15% of compensation (subject to IRC limitations);

The Profit Sharing Contribution amounts for each Plan Year were credited to the Profit Sharing Participant's profit sharing account under the Plan, regardless of such employee's participation in, or contributions to the 401(k) component of the Plan. Profit Sharing Contributions were immediately fully vested.

For the 2018 Plan Year, the Company made a Profit Sharing Contribution to the Plan of $39.7 million, which sum included $396 of forfeitures that resulted from a Participant's termination of employment. Each Profit Sharing Participant was credited with a Profit Sharing Contribution based on the applicable formula set forth below:

- All Profit Sharing Participants – 15% of compensation (subject to IRC limitations);

The Profit Sharing Contribution amounts for each Plan Year were credited to the Profit Sharing Participant's profit sharing account under the Plan, regardless of such employee's participation in, or contributions to the 401(k) component of the Plan. Profit Sharing Contributions were immediately fully vested.

(f) Excess Contributions

Excess contributions, if any, represent net amounts in excess of the IRC limitations and in accordance with the provisions of the Plan that were withheld from Eligible Employees' accounts and refunded subsequent to year end. These amounts are recorded as a liability in the Plan's Statements of Net Assets Available for Benefits.

(g) Vesting

Participants who complete one Hour of Service are always fully vested in the 401(k) contributions they make to the Plan and the earnings thereon. Each Participant who is entitled to receive Profit

Sharing Contributions, if any, is fully vested in all such contributions, if any, made to the Plan on the Participant's behalf (plus actual earnings thereon).

(h) Member Accounts

A Member's account under the Plan is valued on a daily basis based on quoted or calculated prices. Each account is credited with the Member's respective compensation deferral contributions, net investment earnings (losses), administrative expenses and previously made Profit Sharing Contributions and rollover contributions, if any. The benefit to which a Member is entitled is the benefit that can be provided from the Member's vested account.

(i) In-Service Distribution and Hardship Withdrawals

Participants have the right to receive in-service distributions from the vested portion of their account on or after attainment of age fifty-nine and one-half. A Participant has the right at any time to withdraw any or all after-tax amounts or any or all amounts that were rolled over into the Plan.

A Participant has the right to make hardship withdrawals, as defined in the Plan document, by applying vested assets held in any of his or her Plan accounts to pay for certain medical expenses, purchase of a principal residence, tuition payment for post-secondary education, payments to prevent eviction from a primary residence, burial or funeral expenses and casualty losses to a principal residence. A Participant's hardship withdrawal will preclude the Participant from making additional employee before-tax and after-tax contributions to the Plan for a six-month period after the hardship withdrawal.

(j) Benefit Payments

Generally, a Member's account balance under the Plan may be distributed upon termination of employment in one of two ways: lump-sum distribution, or, if the Participant has reached 70½ years of age, in periodic installments over the Participant's life expectancy, as elected (subject to limits imposed by the IRC), subject in certain cases to spousal consent. Solely with respect to Participants who transferred amounts to the Plan from the Neuberger Berman, LLC Pension Plan, a Participant may elect to receive his or her account balance under the Plan in form of a qualified joint and 50% survivor annuity or joint and 75% survivor annuity. Once the Participant has made a distribution election, the Trustee will use the Participant's account balance to buy the annuity.

Participants are required to take minimum distributions by April 1 of the calendar year following the later of:

- The calendar year in which the Participant attains 70½ years of age; or
- The calendar year in which the Participant terminates employment from the Company.

Upon death, disability, or termination of employment, a Participant (or the Participant's beneficiary) with $1,000 or less in vested benefits will receive a lump-sum distribution from the Plan equal to the Participant's vested account balance.

(k) Notes Receivable from Participants

A Participant may borrow from the vested portion of his or her account under the Plan a minimum of $1,000 up to a maximum amount equal to the lesser of (i) $50,000 reduced by the Participant's highest outstanding loan balance under the Plan (or any other plan maintained by the Company) during the prior twelve months, or (ii) 50% of the Participant's vested account balance at the time any such loan is made. Loans for the purchase of a principal residence must be repaid in one to ten years, at the Participant's option. Loans for all other purposes must be repaid in one to five years, at the Participant's option. Loans are collateralized by the balance in the Participant's account and bear interest at the prime rate plus 1% at the time of loan origination. In 2019 and 2018, the applicable loan rate was 4.25% to 9.25%. No more than two loans from the Plan to a Participant are permitted at any time. All principal and interest payments made by the Participant are credited back to the Participant's account. As of December 31, 2019 notes receivable from Participants had loan maturity dates ranging from January 2020 to April 2028.

(l) Investment Management Fees and Administrative Expenses

Certain investment management fees are netted with investment income. As discussed in footnote (2) (c), the Company can use forfeitures to pay for administrative expenses or reduce the Company's contributions to the Plan. Administrative expenses not covered by forfeitures are paid by the Company. Participants who take a loan from the Plan incur a one-time fee for establishing the loan. A quarterly loan administration fee is also charged by the Trustee for each outstanding loan. These costs, which are borne by the Participants, are reported on the Statements of Changes in Net Assets Available for Benefits as Loan administrative expenses and totaled $18,987 and $21,513 for 2019 and 2018, respectively.

(m) Investment Elections

Each Member may direct his or her account balance into one or more of the investment options offered by the Plan, or into the many other options available through BrokerageLink, a self-directed brokerage account offered through Fidelity Investments; provided, however, that the maximum amount that a Member may invest through BrokerageLink is 100% of his or her account balance. BrokerageLink provides Members access to Fidelity's Funds Network, including in excess of two thousand funds inside and outside the Fidelity Fund Family. Allocations among the Plan investment options and BrokerageLink must be in increments of 1% of each contribution. A Participant may change such allocation and may transfer all or a portion of the value of his or her account in increments of 1% among the fund options (and BrokerageLink, up to maximum of 100%) at any time.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis in conformity with U.S. generally accepted accounting principles (GAAP). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements. Although these

estimates and assumptions are based on the best available information, actual results could differ from those estimates.

(b) Investment Valuation

Investments are reported at fair value and include registered investment companies based on various equity and fixed income strategies, money market funds and exchange traded funds, as well as collective investment trusts. See footnote 4.

(c) Forfeitures

Terminated Participants may forfeit any unvested Profit Sharing Contributions. Forfeiture will occur in the Plan Year that the terminated Participant received a distribution of his or her entire vested account or, in the event no distribution is taken, after five consecutive one-year breaks in service. Such forfeitures are used to pay for Plan expenses or reduce the Company's subsequent contributions to the Plan, as directed by the Plan Administrator. As of December 31, 2019 and 2018, there were $221 and $396, respectively, of forfeitures available to reduce Plan expenses and/or Company contributions. Participants who did not take a distribution and are reemployed by the Company before five consecutive one-year breaks in service are eligible to have forfeited amounts restored to their accounts. Participants who did receive a distribution upon termination of employment and are reemployed by the Company before five consecutive one-year breaks in service and repay the full distribution before the end of the five-year period that begins on the date they are reemployed are eligible to have forfeited amounts restored to their accounts.

(d) Notes Receivable from Participants

Notes receivable from Participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent Participant loans are reported as taxable distributions based upon the terms of the Plan document.

(e) Income Recognition

The net appreciation (depreciation) resulting from changes in market value (or fair value) of the investments consists of the net realized gains (losses) from the sale of investments and the unrealized appreciation (depreciation) of the market value for the investments remaining in the Plan. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Risks and Uncertainties

The Plan provides for various investment options in a combination of different investment instruments (as described in Section 1(m) above). The Plan's investment options, and other options available through BrokerageLink are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes

in the value of investments, it is at least reasonably possible that changes in risks could materially affect Members' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

(3) Financial Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information, which is included in the financial statements and supplemental schedule, was provided and certified by the Trustee as complete and accurate and was not subject to auditing procedures by the Plan's independent auditor except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

- Investments at fair value (excluding level designation in footnote 4)
- Notes receivable from participants
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments
- Interest on notes receivable from participants
- Schedule of assets (held at end of year) – December 31, 2019

(4) Fair Value Measurements

GAAP provides a framework for measuring fair value that prioritizes the inputs to valuation techniques used in connection with determining such valuation. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices that the Plan has the ability to access for identical assets or liabilities in active markets.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices which are observable for the specified asset or liability;
  - Inputs derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable, but are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is determined by the lowest level of any input that is most significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of non-observable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018.

Money market funds – the money market funds are valued based on published net asset values ("NAV") and are included in Level 1 of the valuation hierarchy.

Exchange-traded funds – the exchange-traded funds are generally valued using unadjusted quoted market prices and are included in Level 1 of the valuation hierarchy.

Registered investment company funds – the Plan utilizes the daily NAV value reported by the registered investment funds. The NAV value is an unadjusted quoted price on an active market and classified within Level 1 of the fair value hierarchy.

Collective investment trusts – the collective investment trusts are valued based on the NAV, calculated daily and reported by each fund and are included in Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that is valid on the date of determination, but might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, in accordance with current guidance and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in valuation methodology used as at December 31, 2019 and 2018 and there were no transfers between any levels for the years ended December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

(5) Related Party Transactions

The Plan provides Participants with the option to invest in certain registered investment companies managed by an affiliate of FMTC, the Trustee of the Plan. The Plan also provides Participants with the option to invest in certain registered investment companies and collective trusts managed by subsidiaries of NBG. The Trustee and NBG are parties in interest as defined in ERISA. Accordingly, the transactions in which the Plan engages with the registered investment companies and collective investment trusts managed by affiliates of the Trustee and NBG are deemed party in interest transactions and generally would be prohibited under ERISA; however, due to certain class exemptions granted by the Department of Labor such transactions are deemed exempt.

(6) Tax Status

The initial Plan, which was effective as of January 1, 2010, was established as an individually designed plan and received a favorable determination letter from the IRS in November 2012.

As described in footnote 1, effective as of June 1, 2011, the Plan, was amended and restated pursuant to an Adoption Agreement with respect to the Fidelity Volume Submitter Defined Benefit Plan. The Fidelity Volume Submitter Defined Benefit Plan received an opinion letter from the Internal Revenue Service dated March 31, 2008 (the Opinion Letter) stating that such Plan qualifies under Section 401(a) of the IRC. Although the Volume Submitter Plan was amended to include an additional provisions addendum to the Adoption Agreement to the Fidelity Volume Submitter Defined Benefit Plan, the Company believes that the Plan continued to operate in compliance with the applicable requirements of the IRC and that it could continue to rely on the Opinion Letter through the date of the Plan's amendment and restatement in the form of an individually designed plan effective December 31, 2014.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial

statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Plan Termination

The Plan has no termination date and it is NBG's current intention to continue the Plan indefinitely. However, NBG may terminate, amend, modify or suspend the Plan at any time subject to the applicable provisions of ERISA. In the event of a Plan termination, the rights of all Members to benefits accrued under the Plan as of the date of such termination, to the extent then funded, would be non-forfeitable and the Plan assets would be distributed in accordance with the terms of the Plan.

(8) Reconciliation of the Plan's Financial Statements to Form 5500

Notes receivable from Participants are classified as investments in the Form 5500 instructions. A reconciliation of total investments on the financial statements at December 31, 2019 and 2018 to the annual report filed on Form 5500, Schedule H as required by the Department of Labor is as follows:

	December 31,	
	2019	**2018**
Total investment at fair value as presented in the financial statements	$ 1,199,045,272	$ 992,308,364
Notes receivable from participants	5,380,495	4,989,376
Total investments per Form 5500	$ 1,204,425,767	$ 997,297,740

(9) Subsequent Events

In connection with the preparation of these financial statements, the Plan Administrator evaluated events occurring subsequent to the date of the financial statements through July 9, 2020, the date that the financial statements were available to be issued, and determined no subsequent events necessitate disclosure in the financial statements.

The global economic uncertainty associated with the novel coronavirus (COVID-19) pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2019 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.

In March 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. The CARES Act includes various provisions that temporarily ease rules around distributions and loans in 2020 for eligible plan participants in reaction to the economic conditions during the COVID-19 pandemic.

The Plan has evaluated other subsequent events through the date the financial statements were available to be issued.

Independent Auditors' Report

The Plan Administrator
Neuberger Berman Group 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Neuberger Berman Group 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and

(1) Description of the Plan

(a) Organization

The Neuberger Berman Group 401(k) Plan (the Plan) is a profit-sharing plan that provides for an Internal Revenue Code Section 401(k) feature. The Plan was established by Neuberger Berman Group LLC, a Delaware limited liability company (NBG), effective as of January 1, 2010 as an individually designed plan, and was subsequently amended and restated effective as of June 1, 2011 in the form of the Adoption Agreement No. 001 to the Fidelity Volume Submitter Defined Contribution Plan – Basic Plan Document Number 14 (the Volume Submitter Plan). The Plan was again amended and restated in the form of an individually designed plan effective as of December 31, 2014 with certain changes effective as of earlier dates. The Plan was further amended effective as of January 1, 2015 and January 1, 2016. The Plan and its related trust are intended to qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended (IRC), and to be exempt from federal income taxation under IRC Section 501(a).

All capitalized terms not otherwise described herein shall have the meanings ascribed to them in the Plan document.

(b) General

The following description of the Plan provides only general information regarding the Plan's terms as of December 31, 2019. Members (as hereinafter defined) in the Plan should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan provides for employee compensation deferral contributions, as well as a discretionary matching and/or a profit sharing contribution by NBG (any such matching or profit sharing contribution, a Profit Sharing Contribution). The Plan covers all employees of NBG and its U.S. subsidiaries (NBG and such subsidiaries, collectively the Company) who meet the applicable eligibility requirements described in the Plan (Eligible Employees). Leased employee, nonresident aliens with no U.S. source income, and employees who are covered by collective bargaining agreement (unless the agreement expressly provides for the inclusion of an employee) are not Eligible Employees and are not eligible to participate in the Plan. Temporary employees hired on or after January 1, 2015 while not treated as Eligible Employees under the Plan for their first 90 days of employment will be treated as Eligible Employees on their 91st day of employment. For the 2019 and 2018 Plan Years, Eligible Employees were able to participate in the Plan, for all purposes other than eligibility for Profit Sharing Contributions, if any, as of the first day of the commencement of their employment. For the 2019 and 2018 Plan Years, Eligible Employees were eligible to be credited with Profit Sharing Contributions, if any, after completion of one Hour of Service, provided that the Eligible Employee was employed by the Company as of the last day of the Plan Year, and as otherwise provided in the Plan. Commencing with the 2016 Plan Year, employees who are classified as Alternatives Program Analysts and Alternatives Program Associates are not eligible to receive Profit Sharing Contributions.

Eligible Employees who are eligible to participate in the 401(k) component and/or the Profit Sharing Contribution component of the Plan are hereafter referred to collectively as "Participants", and individually as a "Participant." Participants, retired Participants, terminated Participants and

transferred Participants are hereafter referred to as "Members." An Eligible Employee is not required to contribute to the 401(k) component of the Plan in order to be eligible to participate in the Profit Sharing Contribution component of the Plan, if any, provided that such Eligible Employee meets the applicable eligibility requirements with respect to the Plan's Profit Sharing Contribution component. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), as well as the IRC.

The Plan accepts eligible rollover contributions from Eligible Employees. If an Eligible Employee has been a participant in another qualified plan, such Eligible Employee may transfer his or her eligible account balance into the Plan.

(c) Plan Administration

The plan administrator is NBG (the Plan Administrator). The Plan Administrator has delegated its power and authority with respect to the general administration of the Plan to the Administrative Committee under the Plan, which is comprised of certain members of management of the Company. Fidelity Management Trust Company (FMTC) serves as the trustee to the Plan (the Trustee).

(d) Eligible Employees' Contributions – 401(k) Account

Eligible Employees may begin contributing to the 401(k) component of the Plan immediately upon commencement of employment with the Company. Contributions are made through payroll deductions which, in the employees' discretion, may range from 1% to 50% (subject to IRC limitations) of such employee's compensation (as defined in the Plan) on a before-tax basis, an after-tax basis, or a combination thereof (Salary Reduction Contributions). Participants who are at least age 50 or older during a Plan Year may make an additional "catch-up contribution" equal to a specified dollar amount on a before-tax basis (subject to IRC limitations).

Unless and until otherwise elected by an Eligible Employee, an Eligible Employee hired on or after January 1, 2014 who fails to make an affirmative election with regard to participation in the Plan will be automatically enrolled and deemed to have made an election to make Salary Reduction Contributions equal to three percent (3%) of compensation (the Initial Automatic Enrollment Percentage), which will commence as soon as administratively feasible on or after 45 days following an Eligible Employee's first day of employment as an Eligible Employee. The Initial Automatic Enrollment Percentage is increased by one percent (1%) each January 1 following the date of automatic enrollment to a maximum of six percent (6%) of compensation. Any Salary Reduction Contributions or any Profit Sharing Contributions will be invested in the default investment fund designated by the Investment Committee unless and until such time as the Eligible Employee otherwise makes an investment election in accordance with the Plan's provisions.

(e) Company Contributions

In accordance with the terms of the Plan, an Eligible Employee is eligible for a year-end discretionary Profit Sharing Contribution, if any, provided the following applicable criteria are met.

For Plan Years 2019 and 2018, the Eligible Employee was required to: (i) have completed one Hour of Service, and either (ii) have been employed by the Company on the last day of the applicable Plan Year, or (iii) have died or become disabled during the applicable Plan Year.

An Eligible Employee who meets the applicable eligibility requirements to receive a profit sharing contribution is a "Profit Sharing Participant."

For the 2019 Plan Year, the Company made a Profit Sharing Contribution to the Plan of $42.0 million, which sum included $221 of forfeitures that resulted from a Participant's termination of employment. Each Profit Sharing Participant was credited with a Profit Sharing Contribution based on the applicable formula set forth below:

- All Profit Sharing Participants – 15% of compensation (subject to IRC limitations);

The Profit Sharing Contribution amounts for each Plan Year were credited to the Profit Sharing Participant's profit sharing account under the Plan, regardless of such employee's participation in, or contributions to the 401(k) component of the Plan. Profit Sharing Contributions were immediately fully vested.

For the 2018 Plan Year, the Company made a Profit Sharing Contribution to the Plan of $39.7 million, which sum included $396 of forfeitures that resulted from a Participant's termination of employment. Each Profit Sharing Participant was credited with a Profit Sharing Contribution based on the applicable formula set forth below:

- All Profit Sharing Participants – 15% of compensation (subject to IRC limitations);

The Profit Sharing Contribution amounts for each Plan Year were credited to the Profit Sharing Participant's profit sharing account under the Plan, regardless of such employee's participation in, or contributions to the 401(k) component of the Plan. Profit Sharing Contributions were immediately fully vested.

(f) Excess Contributions

Excess contributions, if any, represent net amounts in excess of the IRC limitations and in accordance with the provisions of the Plan that were withheld from Eligible Employees' accounts and refunded subsequent to year end. These amounts are recorded as a liability in the Plan's Statements of Net Assets Available for Benefits.

(g) Vesting

Participants who complete one Hour of Service are always fully vested in the 401(k) contributions they make to the Plan and the earnings thereon. Each Participant who is entitled to receive Profit

Sharing Contributions, if any, is fully vested in all such contributions, if any, made to the Plan on the Participant's behalf (plus actual earnings thereon).

(h) Member Accounts

A Member's account under the Plan is valued on a daily basis based on quoted or calculated prices. Each account is credited with the Member's respective compensation deferral contributions, net investment earnings (losses), administrative expenses and previously made Profit Sharing Contributions and rollover contributions, if any. The benefit to which a Member is entitled is the benefit that can be provided from the Member's vested account.

(i) In-Service Distribution and Hardship Withdrawals

Participants have the right to receive in-service distributions from the vested portion of their account on or after attainment of age fifty-nine and one-half. A Participant has the right at any time to withdraw any or all after-tax amounts or any or all amounts that were rolled over into the Plan.

A Participant has the right to make hardship withdrawals, as defined in the Plan document, by applying vested assets held in any of his or her Plan accounts to pay for certain medical expenses, purchase of a principal residence, tuition payment for post-secondary education, payments to prevent eviction from a primary residence, burial or funeral expenses and casualty losses to a principal residence. A Participant's hardship withdrawal will preclude the Participant from making additional employee before-tax and after-tax contributions to the Plan for a six-month period after the hardship withdrawal.

(j) Benefit Payments

Generally, a Member's account balance under the Plan may be distributed upon termination of employment in one of two ways: lump-sum distribution, or, if the Participant has reached 70½ years of age, in periodic installments over the Participant's life expectancy, as elected (subject to limits imposed by the IRC), subject in certain cases to spousal consent. Solely with respect to Participants who transferred amounts to the Plan from the Neuberger Berman, LLC Pension Plan, a Participant may elect to receive his or her account balance under the Plan in form of a qualified joint and 50% survivor annuity or joint and 75% survivor annuity. Once the Participant has made a distribution election, the Trustee will use the Participant's account balance to buy the annuity.

Participants are required to take minimum distributions by April 1 of the calendar year following the later of:

- The calendar year in which the Participant attains 70½ years of age; or
- The calendar year in which the Participant terminates employment from the Company.

Upon death, disability, or termination of employment, a Participant (or the Participant's beneficiary) with $1,000 or less in vested benefits will receive a lump-sum distribution from the Plan equal to the Participant's vested account balance.

(k) Notes Receivable from Participants

A Participant may borrow from the vested portion of his or her account under the Plan a minimum of $1,000 up to a maximum amount equal to the lesser of (i) $50,000 reduced by the Participant's highest outstanding loan balance under the Plan (or any other plan maintained by the Company) during the prior twelve months, or (ii) 50% of the Participant's vested account balance at the time any such loan is made. Loans for the purchase of a principal residence must be repaid in one to ten years, at the Participant's option. Loans for all other purposes must be repaid in one to five years, at the Participant's option. Loans are collateralized by the balance in the Participant's account and bear interest at the prime rate plus 1% at the time of loan origination. In 2019 and 2018, the applicable loan rate was 4.25% to 9.25%. No more than two loans from the Plan to a Participant are permitted at any time. All principal and interest payments made by the Participant are credited back to the Participant's account. As of December 31, 2019 notes receivable from Participants had loan maturity dates ranging from January 2020 to April 2028.

(l) Investment Management Fees and Administrative Expenses

Certain investment management fees are netted with investment income. As discussed in footnote (2) (c), the Company can use forfeitures to pay for administrative expenses or reduce the Company's contributions to the Plan. Administrative expenses not covered by forfeitures are paid by the Company. Participants who take a loan from the Plan incur a one-time fee for establishing the loan. A quarterly loan administration fee is also charged by the Trustee for each outstanding loan. These costs, which are borne by the Participants, are reported on the Statements of Changes in Net Assets Available for Benefits as Loan administrative expenses and totaled $18,987 and $21,513 for 2019 and 2018, respectively.

(m) Investment Elections

Each Member may direct his or her account balance into one or more of the investment options offered by the Plan, or into the many other options available through BrokerageLink, a self-directed brokerage account offered through Fidelity Investments; provided, however, that the maximum amount that a Member may invest through BrokerageLink is 100% of his or her account balance. BrokerageLink provides Members access to Fidelity's Funds Network, including in excess of two thousand funds inside and outside the Fidelity Fund Family. Allocations among the Plan investment options and BrokerageLink must be in increments of 1% of each contribution. A Participant may change such allocation and may transfer all or a portion of the value of his or her account in increments of 1% among the fund options (and BrokerageLink, up to maximum of 100%) at any time.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis in conformity with U.S. generally accepted accounting principles (GAAP). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements. Although these

estimates and assumptions are based on the best available information, actual results could differ from those estimates.

(b) Investment Valuation

Investments are reported at fair value and include registered investment companies based on various equity and fixed income strategies, money market funds and exchange traded funds, as well as collective investment trusts. See footnote 4.

(c) Forfeitures

Terminated Participants may forfeit any unvested Profit Sharing Contributions. Forfeiture will occur in the Plan Year that the terminated Participant received a distribution of his or her entire vested account or, in the event no distribution is taken, after five consecutive one-year breaks in service. Such forfeitures are used to pay for Plan expenses or reduce the Company's subsequent contributions to the Plan, as directed by the Plan Administrator. As of December 31, 2019 and 2018, there were $221 and $396, respectively, of forfeitures available to reduce Plan expenses and/or Company contributions. Participants who did not take a distribution and are reemployed by the Company before five consecutive one-year breaks in service are eligible to have forfeited amounts restored to their accounts. Participants who did receive a distribution upon termination of employment and are reemployed by the Company before five consecutive one-year breaks in service and repay the full distribution before the end of the five-year period that begins on the date they are reemployed are eligible to have forfeited amounts restored to their accounts.

(d) Notes Receivable from Participants

Notes receivable from Participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent Participant loans are reported as taxable distributions based upon the terms of the Plan document.

(e) Income Recognition

The net appreciation (depreciation) resulting from changes in market value (or fair value) of the investments consists of the net realized gains (losses) from the sale of investments and the unrealized appreciation (depreciation) of the market value for the investments remaining in the Plan. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Risks and Uncertainties

The Plan provides for various investment options in a combination of different investment instruments (as described in Section 1(m) above). The Plan's investment options, and other options available through BrokerageLink are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes

in the value of investments, it is at least reasonably possible that changes in risks could materially affect Members' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

(3) Financial Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information, which is included in the financial statements and supplemental schedule, was provided and certified by the Trustee as complete and accurate and was not subject to auditing procedures by the Plan's independent auditor except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

- Investments at fair value (excluding level designation in footnote 4)
- Notes receivable from participants
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments
- Interest on notes receivable from participants
- Schedule of assets (held at end of year) – December 31, 2019

(4) Fair Value Measurements

GAAP provides a framework for measuring fair value that prioritizes the inputs to valuation techniques used in connection with determining such valuation. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices that the Plan has the ability to access for identical assets or liabilities in active markets.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices which are observable for the specified asset or liability;
  - Inputs derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable, but are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is determined by the lowest level of any input that is most significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of non-observable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018.

Money market funds – the money market funds are valued based on published net asset values ("NAV") and are included in Level 1 of the valuation hierarchy.

Exchange-traded funds – the exchange-traded funds are generally valued using unadjusted quoted market prices and are included in Level 1 of the valuation hierarchy.

Registered investment company funds – the Plan utilizes the daily NAV value reported by the registered investment funds. The NAV value is an unadjusted quoted price on an active market and classified within Level 1 of the fair value hierarchy.

Collective investment trusts – the collective investment trusts are valued based on the NAV, calculated daily and reported by each fund and are included in Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that is valid on the date of determination, but might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, in accordance with current guidance and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in valuation methodology used as at December 31, 2019 and 2018 and there were no transfers between any levels for the years ended December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

(5) Related Party Transactions

The Plan provides Participants with the option to invest in certain registered investment companies managed by an affiliate of FMTC, the Trustee of the Plan. The Plan also provides Participants with the option to invest in certain registered investment companies and collective trusts managed by subsidiaries of NBG. The Trustee and NBG are parties in interest as defined in ERISA. Accordingly, the transactions in which the Plan engages with the registered investment companies and collective investment trusts managed by affiliates of the Trustee and NBG are deemed party in interest transactions and generally would be prohibited under ERISA; however, due to certain class exemptions granted by the Department of Labor such transactions are deemed exempt.

(6) Tax Status

The initial Plan, which was effective as of January 1, 2010, was established as an individually designed plan and received a favorable determination letter from the IRS in November 2012.

As described in footnote 1, effective as of June 1, 2011, the Plan, was amended and restated pursuant to an Adoption Agreement with respect to the Fidelity Volume Submitter Defined Benefit Plan. The Fidelity Volume Submitter Defined Benefit Plan received an opinion letter from the Internal Revenue Service dated March 31, 2008 (the Opinion Letter) stating that such Plan qualifies under Section 401(a) of the IRC. Although the Volume Submitter Plan was amended to include an additional provisions addendum to the Adoption Agreement to the Fidelity Volume Submitter Defined Benefit Plan, the Company believes that the Plan continued to operate in compliance with the applicable requirements of the IRC and that it could continue to rely on the Opinion Letter through the date of the Plan's amendment and restatement in the form of an individually designed plan effective December 31, 2014.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial

statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Plan Termination

The Plan has no termination date and it is NBG's current intention to continue the Plan indefinitely. However, NBG may terminate, amend, modify or suspend the Plan at any time subject to the applicable provisions of ERISA. In the event of a Plan termination, the rights of all Members to benefits accrued under the Plan as of the date of such termination, to the extent then funded, would be non-forfeitable and the Plan assets would be distributed in accordance with the terms of the Plan.

(8) Reconciliation of the Plan's Financial Statements to Form 5500

Notes receivable from Participants are classified as investments in the Form 5500 instructions. A reconciliation of total investments on the financial statements at December 31, 2019 and 2018 to the annual report filed on Form 5500, Schedule H as required by the Department of Labor is as follows:

	December 31,	
	2019	**2018**
Total investment at fair value as presented in the financial statements	$ 1,199,045,272	$ 992,308,364
Notes receivable from participants	5,380,495	4,989,376
Total investments per Form 5500	$ 1,204,425,767	$ 997,297,740

(9) Subsequent Events

In connection with the preparation of these financial statements, the Plan Administrator evaluated events occurring subsequent to the date of the financial statements through July 9, 2020, the date that the financial statements were available to be issued, and determined no subsequent events necessitate disclosure in the financial statements.

The global economic uncertainty associated with the novel coronavirus (COVID-19) pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2019 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.

In March 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. The CARES Act includes various provisions that temporarily ease rules around distributions and loans in 2020 for eligible plan participants in reaction to the economic conditions during the COVID-19 pandemic.

The Plan has evaluated other subsequent events through the date the financial statements were available to be issued.
