A. Description of the Plan

The following brief description of the Verde Holdings, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan, a defined contribution, trusteed, contributory plan was adopted April 1, 2010 by Verde Holdings, Inc. (the "Company") and covers substantially all domestic employees of Puffer-Sweiven LP (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration - The Plan is administered by a Committee appointed by the Company's Board of Directors (the "Plan Administrator"). Wells Fargo Bank, N.A. ("Wells Fargo") serves as Trustee, Custodian and Recordkeeper of the Plan. The Trustee is responsible for the safekeeping of the trust fund. Duties of the Custodian include, among others, receiving contributions, collecting income, reinvesting the trust fund and making payments from the trust fund as directed. The term "trust fund" refers to all assets of whatever kind of nature held from time to time by the Custodian under the trust without distinction between contributions and income.

Eligibility - Each employee may become a participant on the first entry date on, or following attainment of age 21. Entry dates are the first day of the month.

Contributions - Participants may elect to have salary deferral contributions or after-tax Roth contributions withheld from their salary based on an amount or elected percentage, subject to annual individual limits imposed by the Internal Revenue Code ("IRC"). The limits imposed by the IRC are adjusted annually for increases in the cost of living in accordance with regulations issued by the Internal Revenue Service ("IRS"). Annual statutory contribution limits were $19,000 for 2019 and $18,500 for 2018. Participants who are aged 50 or older during the plan year ended September 30, 2019 or 2018 were eligible to make catch-up contributions of up to $6,000 for the respective year.

Participant contributions are matched by Company contributions of 100 percent of the participant's contribution up to a maximum of 4 percent of such employee's eligible compensation. Participants may also rollover amounts representing distributions from other employer-sponsored qualified plans and from individual retirement accounts. Participant's contributions and rollovers are self-directed in the investment funds of the Plan. Company safe harbor matching contributions are contributed to the Company's Employee Stock Ownership Plan ("ESOP") using cash, Company stock or a combination thereof.

The Plan accepted $1,116,164 and $1,160,925 in a trustee-to-trustee transfer from the Company's ESOP during the 2019 and 2018 plan years respectively. The assets transferred represented the then current balance in the ESOP for former employees who were eligible to receive, but did not elect, an ESOP distribution during the respective plan years.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of Plan earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of the Plan (Continued)

Vesting – In the plan years ended September 30, 2019 and 2018, participants were vested immediately at 100 percent in their elective contributions and the safe harbor matching contributions made into the ESOP.

Notes from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 and 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the current prime lending rate of Wells Fargo, plus 1%. Principal and interest are paid ratably through regular payroll deductions for current employees and remitted directly to the Trustee. Loan balances for terminated employees may continue to be paid by the former employee through the loan maturity date.

Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefits - On termination of employment or a disability, a participant is eligible to receive benefit payments in the amount equal to the value of the participant's vested interest in his or her account. A participant may elect to receive either a lump-sum amount equal to their account balance, or a rollover to another employer-sponsored retirement plan or individual retirement account.

Plan Termination - Although it has not expressed intent to terminate the Plan, the Company's Board of Directors may do so. In such event, the trustee of the Plan will distribute the account balance to each participant.

Reclassifications – Certain amounts in the prior year have been reclassified to conform to the current year presentation. Such reclassifications have no effect on previously reported net assets available for benefits.

B. Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Risks and Uncertainties - The Plan provides for investments that are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore could affect participants' account balances.

Benefits Payable - Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan but have not yet been paid are not accrued. At September 30, 2019 and 2018, there were no amounts payable to participants.

Administrative Expenses - Administrative expenses consist of all expenses incidental to the administration, termination or protection of the Plan, including, but not limited to, legal and

B. Summary of Significant Accounting Policies (Continued)

accounting fees. For the years ended September 30, 2019 and 2018, the Company incurred $74,488 and $58,317, respectively, in expenses on behalf of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from these estimates.

Investment Valuation and Income Recognition – Investments in registered investment companies are valued at quoted market prices as of the date of the statement of net assets available for benefits. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains (losses) on sales of investments and unrealized appreciation (depreciation) are reported on the average cost method. The Plan's investments in common collective trusts are stated at fair value as determined by the Custodian based upon the quoted market values of the underlying assets. Interest income is reported on the accrual basis.

C. Fair Value Measurements

The Plan's holdings have a readily determinable fair value. The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identifiable assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). An asset or liability's classification within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan's investments measured at fair value on a recurring basis were as follows:

C. Fair Value Measurements (Continued)

	Fair value measurement at September 30, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 30,417,470	$ -	$ -	$30,417,470
Total assets in the fair value hierarchy	30,417,470	-	-	30,417,470
Investments measured at NAV (practical expedient)				1,463,412
Investments at fair value				$31,880,882

	Fair value measurement at September 30, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$25,448,028	$ -	$ -	$25,448,028
Total assets in the fair value hierarchy	25,448,028	-	-	25,448,028
Investments measured at NAV (practical expedient)				1,588,205
Investments at fair value				$27,036,233

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2019 and 2018.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies' funds that are held by the Plan are deemed to be actively traded. Accordingly, these investments are classified within Level 1 of the fair value hierarchy.

Common/Collective funds: Units held in common/collective funds are valued using the NAV practical expedient of the common/collective funds as reported by the common/collective funds managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the common/collective funds, minus its liabilities, and then divided by the number of units outstanding.

C. Fair Value Measurements (Continued)

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair value 9/30/2019	Fair value 9/30/2018	Redemption Frequency	Redemption Notice Period
Common / collective funds	1,463,412	1,588,205	N/A	N/A
	$1,463,412	$1,588,205		

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

D. Information certified by Wells Fargo Bank, N.A. (for the years ended September 30, 2019 and 2018)

The following is a summary of the plan's asset information as of September 30, 2019 and 2018, and for the years ended September 30, 2019 and 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	September 30, 2019	September 30, 2018
Investments at fair value:		
Registered investment Companies	$ 30,417,470	$ 25,448,028
Common / collective funds	1,463,412	1,588,205

For the year ended September 30, 2019 and 2018, Wells Fargo Bank, N.A. also certified to the completeness and accuracy of $10,590 and $1,826,179, respectively, of net appreciation in fair value of investments and $698,026 and $351,389, respectively, of interest and dividends related to the aforementioned plan assets.

E. Non Exempt Party-In-Interest Transactions

As reported on the 2017 Form 5500, Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions, $88 of participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor, thus constituting nonexempt transactions between the Plan and the Company for the Plan year ending September 30, 2018. The Company corrected the untimely remittances of $94 of participant contributions, including remittance of lost earnings due to these delays through its contribution to the Plan. The Company made a filing under the Department of Labor's Voluntary Fiduciary Correction program and filed a related Form 5330 with the IRS as part of this correction.

F. Missed Opportunity Contributions

During the year 2018, the Company failed to defer amounts on certain participants' eligible 401(k) wages. The Company made the affected participants whole by contributing approximately $2,826 for their benefit plus lost earnings, which is reflected as a receivable in the accompanying statement of net assets available for benefits for the plan year ended 2018.

G. Over Contributions

During the year 2018, the Company over contributed deferrals on certain participants' eligible 401(k) wages. The Company intends to make the affected participants whole by distributing $2,876 in improper deferrals, which is reflected as distribution payable in the accompanying statement of net assets available for benefits.

H. Federal Income Taxes

The IRS has determined and informed the Custodian by a letter dated March 31, 2014 that the prototype document used by the Plan is designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that as of September 30, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Committee believes it is no longer subject to income tax examinations for years prior to 2014.

K. Party-In-Interest Transactions

The Plan's investment assets represent funds invested in, or maintained by, Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the Custodian and Recordkeeper of Plan assets; and, therefore, these investments represent party-in-interest transactions.

L. Subsequent Events

Subsequent to September 30, 2019, the World Health Organization declared the novel coronavirus outbreak a public health emergency. Additionally, in early March 2020, the global outbreak of COVID-19 resulted in changes in global supply and demand of certain materials and energy products which is likely to impact the value of Plan Assets. Given the dynamic nature of these circumstances, it is too early to tell what effect these changes will have on the Plan in the short term.

The Plan has evaluated subsequent events through July 15, 2020, the date the financial statements were available to be issued.
