NOTE 1: DESCRIPTION OF PLAN

The following description of the Rane Precision Die Casting, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a profit-sharing plan, effective November 01, 2015, covering all employees of Rane Light Metal Castings Inc. (formerly known as Rane Precision Die Casting, Inc.) ("the Company") and any participating affiliates. Employees are permitted to enter the Plan on the day they become employees of the Company and attain 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Change of Plan and Plan Sponsor name

Effective January 01, 2017, the Plan was amended and restated to change the name of the Plan Sponsor from Precision Die Casting Inc., to Rane Precision Die Casting Inc., and change the name of the Plan from Precision Die Casting Inc. 401(k) Plan to Rane Precision Die Casting Inc. 401(k) Plan.

Pursuant to a certificate issued by the Secretary of State of Delaware effective as of June 04, 2020, the name of the Plan Sponsor has changed from Rane Precision Die Casting Inc., to Rane Light Metal Castings Inc. However, no amendments have been made to the Plan or Plan documents with respect to the same

Spin off

Effective July 01, 2015, an amendment to Brillcast Inc., ("Old Plan Sponsor") profit sharing retirement plan ("Old Plan") was adopted by Brillcast Inc. The Old Plan Sponsor sold its operating assets to Brillcast Acquisition, LLC as of July 31, 2015 and ceased its operating business. Old Plan Sponsor's employees terminated employment with Old Plan Sponsor. The employees who were employed by Old Plan Sponsor on July 31, 2015 were treated as 100% vested in their accounts.

Many participants who were employed by Old Plan Sponsor were hired by Brillcast Acquisition, LLC. Because of their severance from employment, these participants were eligible for a distribution of their vested benefits under the Old Plan. The July 01, 2015 amendment allowed a participant to elect a direct rollover of the participant's vested benefits to the Brillcast Acquisition, LLC 401(k) Plan, including any loan the participant had outstanding from the Old Plan.

Precision Die Casting, Inc. ("PDC/ New Plan Sponsor") established the Precision Die Casting, Inc. 401(k) Plan ("PDC Plan/ New Plan") as of November 01, 2015. PDC ceased to be a participating employer of the Old Plan as of that date and the accounts of participants employed by PDC were transferred to the PDC Plan in a plan-to-plan transfer. As a result of this transfer the New Plan received assets amounting to $3,915,240 which included a net loss on fair value of investments amounting to $24,977 incurred during the blackout period of October 01, 2015 till October 31, 2015.

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pre-tax and Roth contributions by reducing their annual compensation by a specific dollar amount or by a specific percentage amount, subject to limitations under the IRC. Participants aged fifty and older are also allowed to make catch-up contributions. Annual participant contribution amounts are limited to $18,500 of salary deferrals for the years ended June 30, 2019 and June 30, 2018 ($24,500 for participants aged 50 years and over). Participant contributions received during the year ended June 30, 2019 amounted to $365,890 and for the year ended June 30, 2018, amounted to $379,202.

The Company has an option – (formula 1) to make matching contributions to the Plan equal to a percentage of the elective contributions made by the participants to the Plan, the percentage will be determined by the Company and allocated to participants at the end of the Plan year. The Company also has an option – (formula 2) to make non-elective contributions to the Plan. The non-elective contributions will be allocated to all employees eligible to participate in the Plan. The employee must be an eligible participant employed on June 30 and should have completed at least 1000 hours of service to receive this allocation. If the employment is terminated prior to June 30 due to death, disability, or attainment of age 65, the Plan's normal retirement age, the participant will be eligible to receive any non-elective contributions that the Company may make for the year in which the employment is terminated. The Company has made contributions for the year ended June 30, 2019, amounting to $145,420 and for the year ended June 30, 2018, amounting to $198,349 to the Plan.

At the plan administrator's discretion, a participant may deposit rollover contributions from another qualified plan. Rollover contributions are placed in the participant's account and are subject to the rules for investment established by the plan administrator. Rollover contributions for the years ended June 30, 2019 and June 30, 2018 amounted to $NIL.

Administration

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions, which may affect eligibility for benefits. The Company has engaged Huntington National Bank ("HNB") as a third-party administrator to assist in the administration of the Plan.

HNB serves as the trustee of the Plan pursuant to the Plan agreement and has engaged John Hancock Insurance Company ("John Hancock") as the custodian for the Plan assets. The custodian received all contributions made under the Plan, held Plan assets, and paid benefits to participants as directed by the Plan Sponsor.

Expenses

Some expenses incurred for administering the Plan are paid by the Company and these amounts are excluded from the Plan's financial statements. Asset and fund fees are recorded as a reduction of investment income and charged to participant accounts. Certain distribution fees and participant note fees are paid by participants as applicable. Investment advisory/ broker and some third-party administrator fees are paid by the Plan.

The administrative expenses comprise:

	Year ended	
	June 30, 2019	**June 30, 2018**
Administrative expenses	5,700	6,695
Total	**5,700**	**6,695**

Participant accounts

Each participant account is credited with pretax, rollover contributions made by the participant, Plan Sponsor contributions and plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested with respect to their contribution from their salaries and rollover contributions. However, participant vesting with respect to matching contributions and non-elective contributions made by the Plan Sponsor to their 401(k) Plan account balance is based on years of continuous service during which an employee completes at least 1,000 hours of service with the Company. The vesting percentages are as follows:

Years of vesting service	Vesting percentage – Formula - 1	Vesting percentage – Formula - 2
Less than 3	0%	20%
3	20%	40%

Years of vesting service	Vesting percentage – Formula - 1	Vesting percentage – Formula - 2
4	40%	60%
5	60%	80%
6	80%	100%
More than 6	100%	100%

Participants, however, are 100% vested in matching contributions and non-elective contributions if a participant is employed on or after early or normal retirement age or if the employment is terminated on account of the participant's death, or if the participant terminates employment as a result of becoming disabled.
Any portion of a participant's account balance attributable to rollover contributions from another qualified plan contributions are 100% vested at the time of contribution and not subject to forfeiture.

Investment options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by an irrevocable pledge and assignment of 50% of the balance in the participant's account or other security (e.g., principal residence) and bear interest at rates ranging from 5% to 5.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Benefit payments

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant on incurring a hardship or after reaching age fifty-nine and a half. Upon normal retirement at age sixty-five, disability or death, the participant or beneficiary may receive the value of the account through a lump sum distribution.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability, or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Services (IRS) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

A participant may elect to withdraw all or any part of rollover contributions, if any, while still employed without restriction.

Forfeitures

Non - vested account balances of terminated employees are forfeited after five consecutive one-year breaks in service, as defined in the plan agreement. Forfeitures of terminated employees' non-vested accounts are first used to restore participant's forfeitures, pay administrative expenses and the remaining forfeitures are used to reduce employers' contribution, as defined in the plan agreement. As of June 30, 2019, and June 30, 2018, non-vested forfeited accounts

totaled $37,462 and $64,405, respectively. Forfeitures of terminated employees' non-vested accounts totaled $19,735 during the year ended June 30, 2019 and $26,289 during the year ended June 30, 2018. During the years ended June 30, 2019 and June 30, 2018 employer contributions were reduced by $46,479 and $NIL, respectively, from forfeited non-vested accounts.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting
The financial statements of the Plan are prepared using the accrual method of accounting. Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts.

Use of estimates in financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan provided for various investment options in unregistered investment companies (pooled separate accounts). The Plan's exposure to credit losses in the event of nonperformance of investments is limited to the carrying value of such investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. During the year ended June 30, 2019 and June 30, 2018, net appreciation in the value of investments totaled $232,564 and $401,265, respectively. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, participant account balances and the statement of changes in net assets available for benefits.

Cash and cash equivalents

Cash consists of employer discretionary contributions and accrued interest received by the Plan and not allocated to participants until subsequent to last day of plan year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2019, and June 30, 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition

Investments in pooled separate accounts are valued at quoted market prices or contract value, wherever applicable, as provided by the custodian. Net appreciation in the value of pooled separate accounts represent the change in fair value or contract value wherever applicable, during the year, including realized and unrealized gains and losses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Basis of Fair Value Measurements

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurements date for identical, unrestricted assets or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable. Either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurements, and unobservable.

A financial instrument's level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements.

The Company evaluates its financial assets and liabilities subject to fair value measurements on a recurring basis to determine the appropriate level of classification as of each reporting period.

The following is a description of the valuation methods used for Plan assets measured at fair value at June 30, 2019 and 2018. There were no changes in the methods used at June 30, 2019 and June 30, 2018.

Pooled separate accounts: Valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 quoted pricing inputs which are used to determine the unit value of the pooled separate accounts. These pooled separate accounts are classified as Level 1. The redemption frequency of each of these pooled separate accounts is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in pooled separate accounts.

NOTE 3: INFORMATION CERTIFIED BY CUSTODIAN *(UNAUDITED)*

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodian, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information.

	As at June 30, 2019	As at June 30, 2018
Non-interest-bearing cash	**37,462**	**64,405**

**Refer Note 6 for reconciliation with Schedule H, Form 5500*

NOTE 4: INVESTMENTS

A schedule of the fair value of individual investments that comprised 5% or more of the Plan's assets available for benefits at June 30, 2019 and June 30, 2018 is as follows:

As required by ASC Topic 820 investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based

valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets available for benefits. For the years ended June 30, 2019 and June 30, 2018, there were no transfers in or out of levels 1, 2 or 3.

NOTE 7: INCOME TAX STATUS

The Plan Sponsor entered into a non-standardized adoption agreement of the *Huntington National Bank Prototype Non-Standardized Profit-Sharing Plan* (the prototype plan). The prototype plan received a favorable opinion letter from the Internal Revenue Service (IRS) on *March 31, 2014*, which stated that the prototype plan and related trust were designed in accordance with applicable sections of the IRC. It is the opinion of the Plan trustees and the Plan's attorney that the Plan is in compliance with all applicable laws and regulations.

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

HNB serves as the trustee of the Plan. John Hancock serves as the custodian of the Plan. The custodian has performed services for and sold products to and managed and maintained certain investments of the Plan for which fees are paid by the Plan. HNB provides services to the plan as a third-party plan administrator for which administration fees are charged to the plan. The Company serves as a plan administrator and also provides certain accounting and investment management services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 15, 2020 on which the financial statements were available to be issued.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

Plan management has adopted certain relief provisions included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain. The Plan will formally be amended by the end of the 2022 plan year.

Effective June 04, 2020, the name of the Plan Sponsor has changed from Rane Precision Die Casting Inc., to Rane Light Metal Castings Inc., pursuant to certificate dated June 04, 2020 issued by the Secretary of State of Delaware, however no amendments have been made to the Plan or Plan documents with respect to the same.

NOTE 11: RECLASSIFICATION

Previous year's figures have been restated, regrouped, reworked or reclassified wherever required, however this has no impact on net assets available for benefits.
