KOROSEAL INTERIOR PRODUCTS RETIREMENT SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Koroseal Interior Products Retirement Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Description and Eligibility

The Plan is a defined contribution plan available to all full-time employees of Koroseal Interior Products, LLC (the "Company" or "Plan Administrator") who have attained the age of 18. Employees' participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Employees who are eligible to participate in the Plan may elect to have up to 100% of their compensation deducted from payroll and contributed to the Plan on a pre-tax basis subject to limitations as defined by the Internal Revenue Code ("IRC"). The Company's matching contributions, if any, are discretionary.

Vesting

Participant contributions, with all earnings and appreciation thereon, are fully vested at all times. Company contributions are 20% vested after two years of eligible service, with a 20% increase for each additional year of eligible service, resulting in full vesting after six eligible years. However, a participant will be deemed fully vested in any Company contributions upon death, disability, or attainment of the normal retirement age, regardless of eligible years of service.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

The allocation of a participant's contributions to the investment funds is selected by the participant and may be changed daily using an automated customer service system. Participants may also elect to have all or a portion of their prior contributions transferred between any of the available investment funds. Participants may change or suspend their contribution percentage once per quarter.

Separate accounts are maintained for each participant representing his or her interest in the Plan. Each participant's account is re-valued daily. Plan earnings and other increases and decreases in value are allocated in direct proportion to the size of the participant's balance in a particular fund in relation to the balances of all participants in that fund.

KOROSEAL INTERIOR PRODUCTS RETIREMENT SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Notes Receivable from Participants

The Plan allows participants to borrow from the fund accounts. Participants may borrow the lesser of 50% of the participant's vested account balance or \$50,000 reduced by the participant's highest outstanding note balance in the previous 12 months even if the amounts have been repaid. The minimum amount of any note is \$1,000. The maximum number of notes available to any participant is two.

The repayments of principal and interest are credited to the participant's account balances within the respective funds. Principal and interest payments are made through payroll deductions according to each note's term per the promissory note. Notes bear interest at the prime rate published in the Wall Street Journal on the first business day of each month plus 1% which is fixed upon establishment of the note.

Payment of Benefits

Participants whose employment terminates will be eligible for a distribution equal to the full amount of the separate accounts attributable to his or her participant contributions, plus any vested Company contributions.

In the event of financial hardship, participants may apply to receive a distribution from their fund accounts, subject to Internal Revenue Service ("IRS") mandated rules for hardship withdrawals.

Forfeited Accounts

Forfeited amounts are first applied to the expenses of administering the Plan, and any excess forfeitures are used to offset future Company contributions.

Plan Termination

Although the Plan is intended to be permanent, the Company reserves the right to terminate the Plan at any time. Upon termination of the Plan, all contributions become fully vested and non-forfeitable. If the Plan is terminated, all amounts credited to a participant's account will be paid to such participant.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. The accounting records of the Plan are on an accrual basis.

Valuation of Investments

The Plan's investments are stated at fair value using quoted market prices at December 31, 2019 and 2018.

KOROSEAL INTERIOR PRODUCTS RETIREMENT SAVINGS PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Investment income consists of interest and dividend income. The net appreciation (depreciation) in the fair value of investments consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported based on historical cost.

Fair Value Measurements

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at the unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Repayments of principal and interest are recognized in the period in which payroll deductions are processed.

Plan Expenses

Costs related to the purchase and sale of securities, such as brokerage commissions and stock transfer taxes, are paid from the Plan's assets. All other general and administrative expenses incurred in the administration of the Plan are paid by the Company.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements and footnote disclosures requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and reported amount of additions and deductions to net assets available for benefits during the period. Although management believes such estimates and assumptions are reasonable, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through July 15, 2020, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by the Trustee as of and for the years ended December 31, 2019 and 2018, and furnished to the Plan Administrator. This information has been certified by the Trustee to be complete and accurate.

Interest on notes receivable from participants	\$ 18,314	\$ 16,557
Net appreciation (depreciation) in fair value of investments	\$ 3,852,899	\$ (2,950,107)

NOTE 4 - INVESTMENTS

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- Money market funds: Valued at fair value as determined by quoted prices in active markets.
- Mutual funds: Valued at fair value as determined by quoted prices in active markets.
- Common/collective trust fund: Valued at the net asset value ("NAV") of the underlying investments held by the funds, less liabilities. NAV is used as the practical expedient to estimate fair value. Transactions (purchases and sales) may occur daily. The Plan has no future investment commitments or redemption requirements related to the fund as of December 31, 2019.

NOTE 5 - TAX STATUS

The IRS has determined and informed the Trustee by letter dated March 31, 2014 that the Prototype Non-Standardized Profit Sharing Plan with CODA, which was adopted by the Plan on February 19, 2003, is a qualified plan under Section 401 of the IRC and is exempt from tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Prototype Plan has been amended since receiving the determination letter. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan files the United States federal Form 5500.

NOTE 6 - PARTY-IN-INTEREST

Certain Plan investments are managed by the Trustee as defined by the Plan and, therefore, these transactions are party-in-interest transactions.

NOTE 7 - SUBSEQUENT EVENTS

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. The CARES Act contained provisions related to benefit plans including, but not limited to, items such as (a) waiving required minimum distributions during 2020, (b) allowing for delays for participant loan repayments, (c) increasing the limits of allowable participant loans, and (d) permitting eligible participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons loan. The Plan Administrator is in the process of reviewing the CARES Act and any resulting changes to the Plan.
