FIBER-LINE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION:

The following description of the Fiber-Line 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General -

The Plan is a defined contribution plan covering all eligible employees of Fiber-Line Management, Inc. (the “Company”) who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established on January 1, 1993 and was most recently restated effective January 1, 2017 and amended effective January 1, 2019.

Acquisition and Merger -

On January 2, 2019, the Company was acquired by PolyOne Corporation (NYSE: POL). On December 19, 2019, the Board of Directors of PolyOne Corporation, as sponsor of the PolyOne Retirement Savings Plan, (“PRSP”) adopted the Instrument of Merger providing for the merger of the Plan into the PRSP, effective December 31, 2019. For all purposes, the last day of the Fiber-Line Plan was December 31, 2019.

The Instrument of Merger further provided that the assets of the Plan be transferred to and become part of the PRSP Trust effective December 31, 2019, notwithstanding that the actual combination of all of the assets of the Plan will not be completed until 2020. The actual transfer of the assets was completed on March 3, 2020. At December 31, 2019, the Plan’s total net assets transferred to the PRSP amounted to \$10,979,347.

Contributions -

Each year, participants may contribute, on a pretax or after-tax basis, up to 80% of annual compensation; subject to the maximum allowable under the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and money market accounts as investment options for participants.

Effective January 1, 2019, the Plan’s provision related to matching contributions was amended as follows: Participants are eligible to receive matching contributions upon being eligible to participate in the Plan. The Company’s matching contribution formula was changed to provide for

FIBER-LINE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

an amount equal to: (i) 100% match of a participant contribution that is not in excess of 3% of compensation plus (ii) 50% of a participant contribution that exceeds 3% of compensation but that does not exceed 6% of compensation. Compensation in excess of 6% is not matched.

For the 2018 Plan year, the Company matched 50% of the first 6% of Plan compensation that a participant contributed to the Plan, upon the participant completing one year of service.

Participant Accounts -

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their contributions and actual earnings thereon. Effective with the January 1, 2019 Plan amendment, employer matching contributions became fully vested.

Prior to January 1, 2019, vesting in the Company's matching and discretionary contributions was based on years of service, as defined in the Plan document and on the following schedule:

<u>Years of service</u>	<u>Vesting percentage</u>
1 year	40%
2 years	60%
3 years	80%
4 or more years	100%

Notes Receivable from Participants -

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.24% - 6.50%. Principal and interest is paid ratably through bi-weekly payroll deductions.

FIBER-LINE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Payment of Benefits -

On termination of service due to death, disability, retirement or any other reasons, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. The Plan does not provide for installment payments of benefits.

Participants may also withdraw up to 100% of his or her elective deferral account, after establishing financial hardship.

Forfeited Accounts -

At December 31, 2019, forfeited accounts totaled \$1,172 and were included in the net assets that were transferred to the PRSP. No forfeitures were used to reduce Company contributions or offset administrative expenses during the year ended December 31, 2019. At December 31, 2018, forfeited nonvested accounts totaled \$1,512. The Company used \$2,000 of forfeitures to reduce Company contributions and \$1,365 of forfeitures to offset administrative expenses during the year ended December 31, 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates -

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

FIBER-LINE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits -

Benefits are recorded when paid.

Administrative Expenses -

Certain expenses of maintaining the Plan are paid by the Company and therefore are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. The Company provides administrative support services to the Plan without charge and are therefore excluded from these financial statements.

Date of Management's Review of Subsequent Events -

Subsequent events were evaluated through July 10, 2020, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they

FIBER-LINE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements -

Interest-bearing cash: The money market accounts are valued at cost, which approximates fair value.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth the Plan's Level 1 fair value measurements at December 31, 2018, using quoted prices in active markets for identical assets:

Interest-bearing cash	\$ 162,862
Mutual funds	<u>8,575,899</u>
Total assets at fair value	<u>\$8,738,761</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2019 and 2018, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

4. INVESTMENTS - CERTIFIED FINANCIAL INFORMATION:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information, certified by the custodian to be complete and accurate for the years ended December 31, 2019 and 2018, was relied upon in the preparation of the financial statements as of and for the years ended December 31, 2019 and 2018.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed by Charles Schwab Bank ("Schwab"). Schwab is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. TAX STATUS:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
