1. Description of Plan

The following description of the Pharmachem Laboratories, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Employees of Pharmachem Laboratories, Inc. ("Pharmachem") and its participating subsidiaries (the "Company"' and the "Plan Sponsor") automatically become eligible for participation on the entry date, October 1, January 1, April 1, or July 1, following the date one year of service is completed, providing they have attained the age of 21 and have worked 1,000 hours.

Effective October 1, 2012, employees of all subsidiaries are allowed to enroll in the Plan.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined in the Plan, subject to limits as defined by the IRC. Roth deferrals by participants are also available. Catch up contributions are permitted up to the limit as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers"). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a discretionary matching contribution up to 50% of the participants' annual contribution, not to exceed 2.5% of gross salary.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of Plan Earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the remainder of the participants' accounts is based on years of service. Participants are 100% vested in the Company's discretionary matching contribution after six years of credited service, according to a vesting schedule of 20% per year of credited service, beginning at year two. Participants become immediately vested due to death or disability, regardless of years of service.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the participant's highest outstanding note balance to the Plan during a one-year period, as defined, or 50% of their vested account balances less current outstanding note balances. All notes, other than those used to purchase a principal residence, must be repaid within five years. Notes used to purchase a principal residence can currently have terms of up to 30 years. The notes are secured by the vested balance in the participant's account.

The interest rate on each note is set at prime plus 1% at inception. Principal and interest are paid ratably through payroll deductions or another approved manner, with payments made not less frequently than quarterly.

Payment of Benefits

Participants may elect to receive the value of the vested interest in his or her account as a lump sum distribution upon retirement, in the event of death or disability or upon termination of employment. Normal retirement age is 65. In the event of immediate and heavy financial hardship, participants would receive a lump sum amount based on the financial hardship.

Forfeited Accounts

At September 30, 2017 and 2016, forfeited non-vested accounts totaled $26,767 and $15,075, respectively. The forfeited portion of nonvested accounts will be used to reduce future employer contributions. For the year ended September 30, 2017, the Plan did not utilize any forfeitures.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains or losses on investments bought or sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Costs and Expenses

Various administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. The Company has elected to absorb substantially all significant costs relating to the Plan and those costs are excluded from these financial statements.

The Plan provides for directional transactional charges, such as those for benefit payments or loan transactions, to be charged directly to the participant involved. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of September 30, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at September 30, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended September 30, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company, the trustee of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quotes prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quotes prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset of liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2017 and 2016. As required, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets as of September 30, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	**$ 36,363,139**	**$ -**	**$ -**	**$ 36,363,139**
Total investments at fair value	**$ 36,363,139**	**$ -**	**$ -**	**$ 36,363,139**

	Investment Assets as of September 30, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 32,715,013	$ -	$ -	$ 32,715,013
Total investments at fair value	$ 32,715,013	$ -	$ -	$ 32,715,013

There are no plan liabilities required to be recorded at fair value at September 30, 2017 and 2016.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2017 and 2016.

Mutual Funds

These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the fair value hierarchy.

5. Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan terminates, the participants will become 100% vested in their account balances.

See Note 9 for plan amendments impacting the Plan prior to the merger of the Plan into the Ashland LLC Employee Savings Plan.

6. Tax Status

The Plan was amended and restated on October 1, 2012, when the Plan adopted the Volume Submitter Profit Sharing Plan with CODA ("VSPS Plan") sponsored by United Retirement Plan Consultants. The VSPS Plan received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the VSPS Plan was designed in accordance with the provisions of the IRC. Although the Plan has been amended since October 1, 2012, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party in Interest Transactions

As described in Note 2, the Company, a related party, pays substantially all significant costs relating to the Plan. Notes receivable from participants qualify as party-in-interest transactions. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

9. Subsequent Events

The Plan was amended on December 20, 2017 for the following changes. Effective October 1, 2017, the Plan year end was changed from September 30th to December 31st. Effective December 31, 2017, the Plan was frozen as to participation and contributions, and the accounts of all participants were 100% vested and nonforfeitable as of that date. Effective January 1, 2018, the Plan was merged into the Ashland LLC Employee Savings Plan with the transfer of Plan’s assets in transit as of December 31, 2017.

Subsequent events have been evaluated through July 16, 2020, the date the financial statements were available to be issued.
