Stonebridge Hospitality Associates, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 – Description of the Plan

The following description of the Stonebridge Hospitality Associates, LLC (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

***General*.** The Plan is a defined contribution plan that was established by the Company on January 1, 1998. The Plan is available to eligible employees of the Company and Participating Employers (collectively, the "Employer") who have completed six months of service. The Plan excludes leased employees, collectively bargained (union) employees, and non-resident aliens. Employees may enter the Plan on the first day of the month coincident with or following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendments. During 2019, the volume submitter plan document was amended for The Disaster Tax Relief and Airport and Airway Extension Act of 2017, The Tax Cuts and Jobs Act of 2017, The Bipartisan Budget Act of 2018, and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations. In connection with these amendments, the Plan's provisions regarding qualified matching Employer contributions, qualified nonelective Employer contributions, hardship distributions, participant loans, and qualified disaster distributions were amended.

Effective January 1, 2019, the Plan document's eligibility provisions for discretionary Employer matching contributions was amended to be 6 months of service.

Effective October 21, 2019, the Plan Document was amended and restated.

***Contributions*.** The following types of contributions are allowable under the Plan:

- Elective Deferral Contributions – Participants may contribute a percentage of their pretax compensation, as defined in the Plan document, subject to limitations. A participant's total elective-deferral contribution cannot exceed $19,000 ($25,000 if 50 or older) in calendar year 2019.
- Discretionary Employer Matching Contributions – The Employer may make a matching contribution each payroll period to eligible participants who have completed 6 months of service. Such contribution is allocated based on a discretionary percentage of a participant's elective deferrals. During 2019, the Employer made a discretionary matching contribution equal to 50% of each participant's elective deferral contributions up to 5% of compensation.
- Rollover Contributions – Amounts distributed to eligible participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

***Participant Accounts*.** Each participant's account is credited with the participant's contributions (elective deferrals and rollovers, if any) and an allocation of (a) the Employer's discretionary matching contribution, if any, (b) fund earnings or losses, (c) administrative expenses, and (d) revenue credits. Allocations are based upon Plan earnings or losses, investment options selected, and/or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 – Description of the Plan (continued)

***Investment Options*.** Participants may direct their investments into various registered investment companies.

***Vesting*.** Participants are immediately vested in their elective deferral contributions, rollover contributions, and related earnings thereon.

Vesting in the discretionary Employer contribution portion of their accounts is based on years of service, as defined in the Plan document, as follows:

Years of Service	Vested %
Less than 3	0%
3	100%

Furthermore, participants become 100% vested in the discretionary Employer contribution portion of their accounts upon the following events:

- Participant's death
- Participant becomes disabled as defined under the Plan;
- Participant attains normal retirement age of 65; or
- Plan termination or partial Plan termination.

***Forfeitures and Participant Revenue Credit Accounts.*.** When certain terminations of Plan participation occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan, or are used to reduce future Employer contributions. During 2019, forfeitures of $45,229 were used to pay administrative expenses of the Plan and $11,667 were used to reduce Employer contributions. As of December 31, 2019 and 2018, the balance in the unutilized forfeitures account was $104,700 and $105,025, respectively.

The Plan provides for a participant revenue credit arrangement and account. The balance in the revenue credit account as of December 31, 2019 and 2018, was $55 and $22, respectively.

***Notes Receivable from Participants*.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balance in the participants' vested accounts and bear a rate of interest commensurate with local prevailing rates at the date the loan is granted as determined by the Plan administrator. Loan terms range from 1 to 5 years (a longer term is available, up to 10 years, if used for the purchase of a principal residence). Principal and interest payments are paid ratably through payroll deductions.

Note 1 – Description of the Plan (continued)

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Participant may also elect to rollover their vested account balance into another qualified retirement plan or individual retirement account ("IRA"). Accounts with balances less than $5,000 will be distributed, as soon as administratively feasible, upon a distributable event without participant consent. Additionally, participants may request in-service withdrawals of their rollover contributions account or certain portions of their accounts for a qualified reservist distribution, upon attainment of age 59 1/2, or upon incurring a financial hardship, as defined, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates. The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan’s Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions to the applicable participants after the end of the Plan year.

Benefits Payments. Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are accounting, recordkeeping, account maintenance, investment advisor, investment management, legal, and other administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

The Plan calculates quarterly revenue credits for participants based on the Plan's average quarterly balances held by participants invested in eligible funds. Revenue credits are allocated back to participants' accounts on a pro-rata basis. For the year ended December 31, 2019, total administrative expenses and revenue credits netted to $91,729, which consisted of $94,064 in administrative fees and $2,335 in revenue credits.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31, 2019			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	**$ 12,135,115**	**$ -**	**$ -**	**$ 12,135,115**
Total Assets at Fair Value	**$ 12,135,115**	**$ -**	**$ -**	**$ 12,135,115**

	Fair Value Measurements at December 31, 2018			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	$ 7,694,600	$ -	$ -	$ 7,694,600
Total Assets at Fair Value	$ 7,694,600	$ -	$ -	$ 7,694,600

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of levels 1, 2 or 3.

Note 4 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Investment amounts, as shown in Note 3;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2019, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5 – Tax Status

The Company has adopted a Fidelity Management & Research Company volume submitter profit sharing plan document ("volume submitter plan"). The volume submitter plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter plan is qualified under the applicable sections of the IRC. Although the Plan and volume submitter plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2019 and 2018. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In February 2019, the Plan Adminisrator was informed by the IRS that the Plan was under audit. On October 23, 2019, the IRS concluded their audits of the 2016 and 2017 Plan years and issued a closing letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	**$ 12,131,698**	$ 7,749,099
Add: excess contributions payable	**236,776**	143,709
Less: contributions receivable	**(18,574)**	(2,925)
Net assets available for benefits per the Form 5500 (unaudited)	**$ 12,349,900**	$ 7,889,883

The following is a reconciliation of Employer contributions, participant contributions, and excess contributions / corrective distributions per the financial statements to the Form 5500 for the year ended December 31, 2019:

	Employer Contributions	**Participant Contributions**	**Excess Contributions/ Corrective Distributions**
Amounts per the financial statements	**$ 624,922**	**$ 2,058,607**	**$ 236,776**
Add: 2018 accruals	**600**	**2,325**	**143,709**
Less: 2019 accruals	**(4,010)**	**(14,564)**	**(236,776)**
Amounts per the Form 5500 (unaudited)	**$ 621,512**	**$ 2,046,368**	**$ 143,709**

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Plan administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are shares of registered investment companies offered by a related entity of Fidelity Management Trust Company ("Fidelity"). As Fidelity is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Nonexempt Prohibited Transactions

During 2018 and 2019, the Company had nonexempt prohibited transactions related to participant contributions not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The Plan Sponsor intends to correct these late contributions by remitting any remaining principal and lost earnings into the Plan's trust as soon as administratively feasible.

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in registered investment companies. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2019 and 2018, there were two investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2019.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 16, 2020, which is the date the financial statements were available to be issued.

Effective February 21, 2020, the Plan document was amended to add Roth 401(k) and after-tax employee contributions, and to accept rollover contributions from these sources. Additionally, the Plan was amended to provide for in-plan Roth rollover contributions and conversions.

Effective March 27, 2020, the Employer suspended it’s discretionary Employer matching contribution until further notice.

Effective April 6, 2020, the Plan was amended to decrease the deferral contribution limit from 100% to 75%.

Note 11 – Subsequent Events (continued)

In April 2020, the Plan's distribution and loan provisions were amended in accordance with the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") as follows:

- A CARES Act distribution allows the Plan's eligible participants to take a Coronavirus-related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.
- Any loan repayments due between March 27, 2020 and December 31, 2020 may be suspended for up to one year for eligible individuals, as defined, who meet the requirements for Coronavirus-related distributions.

Stonebridge Hospitality Associates, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 – Description of the Plan

The following description of the Stonebridge Hospitality Associates, LLC (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

***General*.** The Plan is a defined contribution plan that was established by the Company on January 1, 1998. The Plan is available to eligible employees of the Company and Participating Employers (collectively, the "Employer") who have completed six months of service. The Plan excludes leased employees, collectively bargained (union) employees, and non-resident aliens. Employees may enter the Plan on the first day of the month coincident with or following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendments. During 2019, the volume submitter plan document was amended for The Disaster Tax Relief and Airport and Airway Extension Act of 2017, The Tax Cuts and Jobs Act of 2017, The Bipartisan Budget Act of 2018, and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations. In connection with these amendments, the Plan's provisions regarding qualified matching Employer contributions, qualified nonelective Employer contributions, hardship distributions, participant loans, and qualified disaster distributions were amended.

Effective January 1, 2019, the Plan document's eligibility provisions for discretionary Employer matching contributions was amended to be 6 months of service.

Effective October 21, 2019, the Plan Document was amended and restated.

***Contributions*.** The following types of contributions are allowable under the Plan:

- Elective Deferral Contributions – Participants may contribute a percentage of their pretax compensation, as defined in the Plan document, subject to limitations. A participant's total elective-deferral contribution cannot exceed $19,000 ($25,000 if 50 or older) in calendar year 2019.
- Discretionary Employer Matching Contributions – The Employer may make a matching contribution each payroll period to eligible participants who have completed 6 months of service. Such contribution is allocated based on a discretionary percentage of a participant's elective deferrals. During 2019, the Employer made a discretionary matching contribution equal to 50% of each participant's elective deferral contributions up to 5% of compensation.
- Rollover Contributions – Amounts distributed to eligible participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

***Participant Accounts*.** Each participant's account is credited with the participant's contributions (elective deferrals and rollovers, if any) and an allocation of (a) the Employer's discretionary matching contribution, if any, (b) fund earnings or losses, (c) administrative expenses, and (d) revenue credits. Allocations are based upon Plan earnings or losses, investment options selected, and/or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 – Description of the Plan (continued)

***Investment Options*.** Participants may direct their investments into various registered investment companies.

***Vesting*.** Participants are immediately vested in their elective deferral contributions, rollover contributions, and related earnings thereon.

Vesting in the discretionary Employer contribution portion of their accounts is based on years of service, as defined in the Plan document, as follows:

Years of Service	Vested %
Less than 3	0%
3	100%

Furthermore, participants become 100% vested in the discretionary Employer contribution portion of their accounts upon the following events:

- Participant's death
- Participant becomes disabled as defined under the Plan;
- Participant attains normal retirement age of 65; or
- Plan termination or partial Plan termination.

***Forfeitures and Participant Revenue Credit Accounts.*.** When certain terminations of Plan participation occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan, or are used to reduce future Employer contributions. During 2019, forfeitures of $45,229 were used to pay administrative expenses of the Plan and $11,667 were used to reduce Employer contributions. As of December 31, 2019 and 2018, the balance in the unutilized forfeitures account was $104,700 and $105,025, respectively.

The Plan provides for a participant revenue credit arrangement and account. The balance in the revenue credit account as of December 31, 2019 and 2018, was $55 and $22, respectively.

***Notes Receivable from Participants*.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balance in the participants' vested accounts and bear a rate of interest commensurate with local prevailing rates at the date the loan is granted as determined by the Plan administrator. Loan terms range from 1 to 5 years (a longer term is available, up to 10 years, if used for the purchase of a principal residence). Principal and interest payments are paid ratably through payroll deductions.

Note 1 – Description of the Plan (continued)

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Participant may also elect to rollover their vested account balance into another qualified retirement plan or individual retirement account ("IRA"). Accounts with balances less than $5,000 will be distributed, as soon as administratively feasible, upon a distributable event without participant consent. Additionally, participants may request in-service withdrawals of their rollover contributions account or certain portions of their accounts for a qualified reservist distribution, upon attainment of age 59 1/2, or upon incurring a financial hardship, as defined, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates. The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan’s Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions to the applicable participants after the end of the Plan year.

Benefits Payments. Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are accounting, recordkeeping, account maintenance, investment advisor, investment management, legal, and other administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

The Plan calculates quarterly revenue credits for participants based on the Plan's average quarterly balances held by participants invested in eligible funds. Revenue credits are allocated back to participants' accounts on a pro-rata basis. For the year ended December 31, 2019, total administrative expenses and revenue credits netted to $91,729, which consisted of $94,064 in administrative fees and $2,335 in revenue credits.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31, 2019			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	**$ 12,135,115**	**$ -**	**$ -**	**$ 12,135,115**
Total Assets at Fair Value	**$ 12,135,115**	**$ -**	**$ -**	**$ 12,135,115**

	Fair Value Measurements at December 31, 2018			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	$ 7,694,600	$ -	$ -	$ 7,694,600
Total Assets at Fair Value	$ 7,694,600	$ -	$ -	$ 7,694,600

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of levels 1, 2 or 3.

Note 4 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Investment amounts, as shown in Note 3;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2019, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5 – Tax Status

The Company has adopted a Fidelity Management & Research Company volume submitter profit sharing plan document ("volume submitter plan"). The volume submitter plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter plan is qualified under the applicable sections of the IRC. Although the Plan and volume submitter plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2019 and 2018. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In February 2019, the Plan Adminisrator was informed by the IRS that the Plan was under audit. On October 23, 2019, the IRS concluded their audits of the 2016 and 2017 Plan years and issued a closing letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	**$ 12,131,698**	$ 7,749,099
Add: excess contributions payable	**236,776**	143,709
Less: contributions receivable	**(18,574)**	(2,925)
Net assets available for benefits per the Form 5500 (unaudited)	**$ 12,349,900**	$ 7,889,883

The following is a reconciliation of Employer contributions, participant contributions, and excess contributions / corrective distributions per the financial statements to the Form 5500 for the year ended December 31, 2019:

	Employer Contributions	**Participant Contributions**	**Excess Contributions/ Corrective Distributions**
Amounts per the financial statements	**$ 624,922**	**$ 2,058,607**	**$ 236,776**
Add: 2018 accruals	**600**	**2,325**	**143,709**
Less: 2019 accruals	**(4,010)**	**(14,564)**	**(236,776)**
Amounts per the Form 5500 (unaudited)	**$ 621,512**	**$ 2,046,368**	**$ 143,709**

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Plan administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are shares of registered investment companies offered by a related entity of Fidelity Management Trust Company ("Fidelity"). As Fidelity is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Nonexempt Prohibited Transactions

During 2018 and 2019, the Company had nonexempt prohibited transactions related to participant contributions not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The Plan Sponsor intends to correct these late contributions by remitting any remaining principal and lost earnings into the Plan's trust as soon as administratively feasible.

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in registered investment companies. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2019 and 2018, there were two investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2019.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 16, 2020, which is the date the financial statements were available to be issued.

Effective February 21, 2020, the Plan document was amended to add Roth 401(k) and after-tax employee contributions, and to accept rollover contributions from these sources. Additionally, the Plan was amended to provide for in-plan Roth rollover contributions and conversions.

Effective March 27, 2020, the Employer suspended it’s discretionary Employer matching contribution until further notice.

Effective April 6, 2020, the Plan was amended to decrease the deferral contribution limit from 100% to 75%.

Note 11 – Subsequent Events (continued)

In April 2020, the Plan's distribution and loan provisions were amended in accordance with the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") as follows:

- A CARES Act distribution allows the Plan's eligible participants to take a Coronavirus-related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.
- Any loan repayments due between March 27, 2020 and December 31, 2020 may be suspended for up to one year for eligible individuals, as defined, who meet the requirements for Coronavirus-related distributions.

Stonebridge Hospitality Associates, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 – Description of the Plan

The following description of the Stonebridge Hospitality Associates, LLC (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

***General*.** The Plan is a defined contribution plan that was established by the Company on January 1, 1998. The Plan is available to eligible employees of the Company and Participating Employers (collectively, the "Employer") who have completed six months of service. The Plan excludes leased employees, collectively bargained (union) employees, and non-resident aliens. Employees may enter the Plan on the first day of the month coincident with or following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendments. During 2019, the volume submitter plan document was amended for The Disaster Tax Relief and Airport and Airway Extension Act of 2017, The Tax Cuts and Jobs Act of 2017, The Bipartisan Budget Act of 2018, and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations. In connection with these amendments, the Plan's provisions regarding qualified matching Employer contributions, qualified nonelective Employer contributions, hardship distributions, participant loans, and qualified disaster distributions were amended.

Effective January 1, 2019, the Plan document's eligibility provisions for discretionary Employer matching contributions was amended to be 6 months of service.

Effective October 21, 2019, the Plan Document was amended and restated.

***Contributions*.** The following types of contributions are allowable under the Plan:

- Elective Deferral Contributions – Participants may contribute a percentage of their pretax compensation, as defined in the Plan document, subject to limitations. A participant's total elective-deferral contribution cannot exceed $19,000 ($25,000 if 50 or older) in calendar year 2019.
- Discretionary Employer Matching Contributions – The Employer may make a matching contribution each payroll period to eligible participants who have completed 6 months of service. Such contribution is allocated based on a discretionary percentage of a participant's elective deferrals. During 2019, the Employer made a discretionary matching contribution equal to 50% of each participant's elective deferral contributions up to 5% of compensation.
- Rollover Contributions – Amounts distributed to eligible participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

***Participant Accounts*.** Each participant's account is credited with the participant's contributions (elective deferrals and rollovers, if any) and an allocation of (a) the Employer's discretionary matching contribution, if any, (b) fund earnings or losses, (c) administrative expenses, and (d) revenue credits. Allocations are based upon Plan earnings or losses, investment options selected, and/or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 – Description of the Plan (continued)

***Investment Options*.** Participants may direct their investments into various registered investment companies.

***Vesting*.** Participants are immediately vested in their elective deferral contributions, rollover contributions, and related earnings thereon.

Vesting in the discretionary Employer contribution portion of their accounts is based on years of service, as defined in the Plan document, as follows:

Years of Service	Vested %
Less than 3	0%
3	100%

Furthermore, participants become 100% vested in the discretionary Employer contribution portion of their accounts upon the following events:

- Participant's death
- Participant becomes disabled as defined under the Plan;
- Participant attains normal retirement age of 65; or
- Plan termination or partial Plan termination.

***Forfeitures and Participant Revenue Credit Accounts.*.** When certain terminations of Plan participation occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan, or are used to reduce future Employer contributions. During 2019, forfeitures of $45,229 were used to pay administrative expenses of the Plan and $11,667 were used to reduce Employer contributions. As of December 31, 2019 and 2018, the balance in the unutilized forfeitures account was $104,700 and $105,025, respectively.

The Plan provides for a participant revenue credit arrangement and account. The balance in the revenue credit account as of December 31, 2019 and 2018, was $55 and $22, respectively.

***Notes Receivable from Participants*.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balance in the participants' vested accounts and bear a rate of interest commensurate with local prevailing rates at the date the loan is granted as determined by the Plan administrator. Loan terms range from 1 to 5 years (a longer term is available, up to 10 years, if used for the purchase of a principal residence). Principal and interest payments are paid ratably through payroll deductions.

Note 1 – Description of the Plan (continued)

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Participant may also elect to rollover their vested account balance into another qualified retirement plan or individual retirement account ("IRA"). Accounts with balances less than $5,000 will be distributed, as soon as administratively feasible, upon a distributable event without participant consent. Additionally, participants may request in-service withdrawals of their rollover contributions account or certain portions of their accounts for a qualified reservist distribution, upon attainment of age 59 1/2, or upon incurring a financial hardship, as defined, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates. The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan’s Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions to the applicable participants after the end of the Plan year.

Benefits Payments. Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are accounting, recordkeeping, account maintenance, investment advisor, investment management, legal, and other administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

The Plan calculates quarterly revenue credits for participants based on the Plan's average quarterly balances held by participants invested in eligible funds. Revenue credits are allocated back to participants' accounts on a pro-rata basis. For the year ended December 31, 2019, total administrative expenses and revenue credits netted to $91,729, which consisted of $94,064 in administrative fees and $2,335 in revenue credits.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31, 2019			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	**$ 12,135,115**	**$ -**	**$ -**	**$ 12,135,115**
Total Assets at Fair Value	**$ 12,135,115**	**$ -**	**$ -**	**$ 12,135,115**

	Fair Value Measurements at December 31, 2018			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	$ 7,694,600	$ -	$ -	$ 7,694,600
Total Assets at Fair Value	$ 7,694,600	$ -	$ -	$ 7,694,600

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of levels 1, 2 or 3.

Note 4 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Investment amounts, as shown in Note 3;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2019, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5 – Tax Status

The Company has adopted a Fidelity Management & Research Company volume submitter profit sharing plan document ("volume submitter plan"). The volume submitter plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter plan is qualified under the applicable sections of the IRC. Although the Plan and volume submitter plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2019 and 2018. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In February 2019, the Plan Adminisrator was informed by the IRS that the Plan was under audit. On October 23, 2019, the IRS concluded their audits of the 2016 and 2017 Plan years and issued a closing letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	**$ 12,131,698**	$ 7,749,099
Add: excess contributions payable	**236,776**	143,709
Less: contributions receivable	**(18,574)**	(2,925)
Net assets available for benefits per the Form 5500 (unaudited)	**$ 12,349,900**	$ 7,889,883

The following is a reconciliation of Employer contributions, participant contributions, and excess contributions / corrective distributions per the financial statements to the Form 5500 for the year ended December 31, 2019:

	Employer Contributions	**Participant Contributions**	**Excess Contributions/ Corrective Distributions**
Amounts per the financial statements	**$ 624,922**	**$ 2,058,607**	**$ 236,776**
Add: 2018 accruals	**600**	**2,325**	**143,709**
Less: 2019 accruals	**(4,010)**	**(14,564)**	**(236,776)**
Amounts per the Form 5500 (unaudited)	**$ 621,512**	**$ 2,046,368**	**$ 143,709**

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Plan administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are shares of registered investment companies offered by a related entity of Fidelity Management Trust Company ("Fidelity"). As Fidelity is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Nonexempt Prohibited Transactions

During 2018 and 2019, the Company had nonexempt prohibited transactions related to participant contributions not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The Plan Sponsor intends to correct these late contributions by remitting any remaining principal and lost earnings into the Plan's trust as soon as administratively feasible.

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in registered investment companies. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2019 and 2018, there were two investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2019.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 16, 2020, which is the date the financial statements were available to be issued.

Effective February 21, 2020, the Plan document was amended to add Roth 401(k) and after-tax employee contributions, and to accept rollover contributions from these sources. Additionally, the Plan was amended to provide for in-plan Roth rollover contributions and conversions.

Effective March 27, 2020, the Employer suspended it’s discretionary Employer matching contribution until further notice.

Effective April 6, 2020, the Plan was amended to decrease the deferral contribution limit from 100% to 75%.

Note 11 – Subsequent Events (continued)

In April 2020, the Plan's distribution and loan provisions were amended in accordance with the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") as follows:

- A CARES Act distribution allows the Plan's eligible participants to take a Coronavirus-related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.
- Any loan repayments due between March 27, 2020 and December 31, 2020 may be suspended for up to one year for eligible individuals, as defined, who meet the requirements for Coronavirus-related distributions.
