Comprehensive Pharmacy Services 401(k) Plan Notes to Financial Statements

1. Description of Plan

The following description of the Comprehensive Pharmacy Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Comprehensive Pharmacy Services, LLC and its subsidiaries and affiliates not covered by another defined contribution plan, consisting of PPS Holdings, Inc., IPS, Inc., Comprehensive Pharmacy Services, LLC, Principle Pharmacy Group, RX Remote Solutions, Pharmacy Systems, Inc., PSI Supply Chain Solutions, LLC, PSI Rehabilitation Services LLC, and CPS Medmanagement, LLC (collectively, the "Company"). The Retirement Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. State Street bank and Trust Company and Massachusetts Fidelity Trust Company serve as the trustees of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On December 31, 2018, the Plan merged with Pharmacy Services, Inc. 401(k) PS Plan (Pharmacy Plan) as a result of the acquisition of Pharmacy Services, Inc. by Comprehensive Pharmacy Services, LLC. On January 3, 2019, \$35,955,789 of investment assets and \$372,194 of notes receivable from participants of the Pharmacy Services, Inc. plan were transferred into the Plan. In the 2018 financial statements, the Plan recorded these assets as a receivable in the statement of assets available for benefits and an asset transfer in the statement of changes in net assets available for benefits. In 2019, an additional \$7,263 were transferred into the Plan and are recorded as an asset transfer in the statement of changes in net assets available for benefits.

All employees are eligible to participate in the Plan immediately upon hire; however, to participate in the Company's matching contributions, the employee must have been employed for six months.

Contributions

Each year, participants may contribute compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company contributes 100 percent of the first 3 percent of compensation that a participant contributes to the Plan; after that, the Company contributes 50 percent of the next 2 percent of the compensation that a participant contributes to the Plan.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value collective trust fund as options. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including stocks, bonds, mutual funds and government securities in accordance with the plan document.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Comprehensive Pharmacy Services 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings is also immediately vested.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the amount of the participant's outstanding loan balance in the previous 12 months or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect at the date of the loan. At December 31, 2019 and 2018, outstanding loans bore interest rates ranging from 3.25% to 6.25%, which are commensurate with local prevailing rates as determined by the plan administrator. All loans must be repaid within 5 years except for those used to acquire or construct a principal residence, which must be repaid within 10 years. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Rollovers

Rollovers represent transfers from other qualified plans.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$64,621 and \$4,990, respectively. These accounts will be used to reduce future Company contributions. During 2019, forfeitures of \$99,415 were used to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Comprehensive Pharmacy Services 401(k) Plan Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through July 7, 2020, the date the financial statements were available to be issued.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management is evaluating the impact of the CARES Act on the Plan.

Subsequent to the balance sheet date, the World Health Organization declared the outbreak of COVID-19, a novel strain of Coronavirus, a pandemic. This contagious disease outbreak has continued to spread across the globe and is impacting worldwide economic activity and financial markets. As of the date the financial statements were available to be issued, the economic uncertainty caused by the outbreak has also resulted in a severe decline in the value of certain investments, including those held by the Plan. The financial statements do not reflect any adjustments as a result of the subsequent increase in economic uncertainty.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Comprehensive Pharmacy Services 401(k) Plan

Notes to Financial Statements

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable value collective trust fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV provided by the trustees as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 60 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

Self-directed brokerage accounts

Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2018 and 2019.

Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3
Mutual funds	\$ 179,299,576	\$ -	\$ -
Self-directed brokerage account	1,110,054	-	-
Total assets in the fair value hierarchy	<u>\$ 180,409,630</u>	<u>\$ -</u>	<u>\$ -</u>
Interest bearing cash			64,621
Investments measured at NAV ^(a)			<u>3,617,918</u>
Investments at fair value			<u>\$ 184,092,169</u>

Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3
Mutual funds	\$ 113,194,514	\$ -	\$ -
Self-directed brokerage account	1,022,446	-	-
Total assets in the fair value hierarchy	<u>\$ 114,216,960</u>	<u>\$ -</u>	<u>\$ -</u>
Interest bearing cash			2,196
Investments measured at NAV ^(a)			<u>32,597</u>
Investments at fair value			<u>\$ 114,251,753</u>

(a) In accordance with Topic 820, stable value collective trust funds, which are measured at NAV per share (or its equivalent), have not been classified in a fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Comprehensive Pharmacy Services 401(k) Plan Notes to Financial Statements

The following table summarized investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019, and 2018. There are no participant redemption restrictions for the investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value at December 31, 2019</u>	<u>Fair Value at December 31, 2018</u>	<u>Unfunded Commitments</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	\$ 3,617,918	\$ 32,597	None	Daily	60 days

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2019.

4. Unaudited Information Certified by Trustees

The accompanying financial statements include the following unaudited information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustees.

	<u>2019</u>	<u>2018</u>
Cash and investments	\$ 184,185,530	\$ 114,318,100
Notes receivable from participants	1,950,478	1,425,692
Net appreciation in fair value of investments	30,891,612	
Interest and dividend income	3,305,667	
Interest income on notes receivable from participants	86,741	

5. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of the Plan trustees and recordkeeper. The recordkeeper for the Plan also provides investment services which qualify as party-in-interest transactions. Fees paid by the Plan to parties-in-interest for investment and recordkeeping services were \$308,277 for the year ended December 31, 2019.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the Transamerica Retirement Solutions Corporation Volume Submitter Defined Contribution Prototype Plan, upon

Comprehensive Pharmacy Services 401(k) Plan Notes to Financial Statements

which the Internal Revenue Service ("IRS") has issued a favorable opinion letter dated March 31, 2014. The IRS stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. During the plan year, the Plan had certain operational or administrative issues occur. In order to prevent the Plan from incurring a qualification defect, the Company will take the necessary corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System. The Company is in the process of taking the necessary corrective steps. The Company believes the Plan has maintained its tax-exempt status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Non-Exempt Party-in-Interest Transactions

During the 2019 plan year, there were unintentional delays by the Company in submitting participant contributions in the amount of \$4,247 to the trustees. These delinquent contributions constitute prohibited transactions, and the Company will make contributions to the affected participants' accounts to compensate those participants in 2020, which will include lost income due to the delays.
