MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 And 2018

1. Description Of The Plan

The following brief description of Major Brands, Inc. Employees' 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all employees of Major Brands, Inc. (the Company or Plan Sponsor) except demonstration personnel and stockers. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Participation is effective the first day of the second month after an employee is hired. Participants are eligible to receive matching contributions after one month of service.

Contributions

Participants may elect to contribute up to 100% of eligible compensation, as defined by the Plan, not to exceed the maximum amount allowed by law. Additionally, participants age 50 and over may make catch-up contributions. Participants may also make rollover contributions to the Plan, provided such rollover amounts meet the criteria for transfer as established under the Internal Revenue Code (IRC). The Plan also contains an ADP Safe Harbor matching provision whereby the Company matches salary deferral contributions equal to 100% of the first 3% of participant deferrals, plus 50% of the next 3% of participant deferrals.

Participant Accounts

Participants direct investment of balances in their accounts among several registered investment companies, money market funds, and self-directed brokerage accounts.

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of Plan earnings (losses) and administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined by the Plan.

MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

Notes To Financial Statements *(Continued)*

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are for a period not exceeding five years unless used to purchase a primary residence, in which case the term may not exceed ten years. Loans are secured by the balance in participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Sponsor.

Participant Hardship Withdrawals

A participant may withdraw from the Plan the portion of his or her account resulting from elective deferrals in the event of undue financial hardship.

Vesting

Participants are fully vested in their contributions plus actual earnings (losses). Participants are immediately vested in Company ADP Safe Harbor matching contributions.

In any event, participants become fully vested upon death, disability, or reaching normal retirement age of 65.

Payment Of Benefits

Upon termination of service due to death, disability or retirement, the vested account balance of the participant's account becomes payable to the participant as a lump sum distribution or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce Company contributions and plan administrative expenses. Forfeited nonvested accounts totaled \$3,257 and \$6,364 at December 31, 2019 and 2018, respectively. Forfeitures used to reduce Plan expenses during 2019 amounted to \$6,370. No forfeitures were used to reduce Plan expenses in 2018. Forfeitures used to reduce Company contributions amounted to \$23,014 during 2018. No forfeitures were used to reduce Company contributions during 2019.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions affecting the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to levels of risk associated with certain investment securities, it is at least reasonably possible changes in values of investment securities will occur in the near term and such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for description of fair value measurements. Purchases and sales of securities are recorded on trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

Payment Of Benefits

Benefits are recorded when paid.

MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

Notes To Financial Statements *(Continued)*

Administrative Expenses

Significant expenses of the Plan are paid by the Plan Sponsor and are not included in the statement of changes in net assets available for benefits.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Investments

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Charles Schwab Bank, the Trustee. This information has not been audited by the Plan's independent auditors.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets; |

MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

Notes To Financial Statements *(Continued)*

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived from Charles Schwab Bank or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Funds And Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are comprised of mutual funds, common stock, unit investment trusts and money market funds. Common stocks are valued at the daily closing price reported on the active market on which the individual securities are traded. The mutual funds, unit investment trusts and money market funds held by the Plan are open-end investment funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The investment funds held by the Plan are deemed to be actively traded.

MAJOR BRANDS, INC. EMPLOYEES' 401(k) PLAN

Notes To Financial Statements (Continued)

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

The Plan Sponsor adopted a prototype plan provided by the Plan's recordkeeper. The prototype plan received a favorable opinion letter dated June 19, 2014 from the Internal Revenue Service that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan Administrator has determined it is eligible to and has chosen to rely on the current Internal Revenue Service prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The prototype plan and the Plan have been amended since the date of the opinion letter. However, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirement of the IRC and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.
