DONLEY'S, INC.
EMPLOYEES' SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Donley's, Inc. Employees' Savings and Profit Sharing Plan (the Plan) is provided for general information purposes. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The plan sponsor is Donley's, Inc. Other related employers who have adopted the provisions of the Plan are Donley's Restoration Group, LLC, Donley's, LLC and Donley's Concrete Group, LLC. Together, these entities are referred to as the Company. The Plan is a defined contribution plan covering all eligible hourly and salaried employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Orchard Trust Company is the trustee of the Plan. The assets of the Plan are maintained, and transactions therein are executed, by Great-West Life and Annuity Insurance Company, the Plan's custodian.

Participation

Any employee not part of an excluded group is eligible to participate in the Plan on the first day of the quarter following the completion of one hour of service. Excluded groups include employees subject to a collective bargaining agreement, leased employees, and co-op employees or interns.

Participant Accounts and Contributions

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and profit sharing contributions, safe harbor matching contributions, net investment income earned on the account balances and forfeitures of terminated participants' non-vested account balances, as applicable. Plan participants may contribute 1% to 100% of gross compensation up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company matched 100% of each participant's elective deferral up to a maximum of 3% of eligible compensation during 2018. Participants who were employed as of the end of the Plan year were also eligible for a non-elective, discretionary profit sharing contribution. No profit sharing contribution was made in 2018.

Effective January 1, 2019, the Plan was amended to provide for safe harbor matching contributions for eligible participants. The safe harbor matching contribution is calculated as 100% of participant contributions up to 3% of eligible compensation plus 50% of participant contributions that exceed 3% of eligible compensation but that do not exceed 5% of eligible compensation.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions are to be allocated among the investment options available under the Plan. The Company contributions are allocated based upon the participant investment elections.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Party-in-Interest Transactions

Certain plan investments are units of funds managed by Great-West Life and Annuity Insurance Company, the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Plan also participates in an arrangement whereby the Plan receives funds to pay certain administrative fees. Funds received totaled approximately \$17,000 and \$15,000 for the years ended December 31, 2019 and 2018, respectively. During the years ended December 31, 2019 and 2018, approximately \$12,300 and \$10,500, respectively, of these funds were used to pay plan expenses. These transactions are recorded within administrative expenses on the statements of changes in net assets available for benefits.

Vesting

For contributions made through December 31, 2018, a participant becomes 100% vested in the employer discretionary matching and profit sharing contributions after three years of service. Participants are immediately vested in safe harbor matching contributions made starting on January 1, 2019.

Forfeitures

Amounts that are forfeited due to a participant's termination of employment prior to vesting in Company contributions made on the participant's behalf are used to reduce Company contributions or pay reasonable plan expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately \$21,200 and \$11,300, respectively. Forfeitures of approximately \$28,000 and \$29,000 were used to offset employer matching contributions and to pay plan expenses in 2019 and 2018, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or may exceed 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the current prime rate at the time of issuance. The interest rates on loans outstanding at December 31, 2019 ranged from 3.50% to 5.50%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Upon termination of service, a participant's vested balance is distributed in accordance with the provisions of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts shall become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statements

The financial statements are prepared on the accrual basis of accounting.

Investments

Gains and losses on sales of securities are based on the actual cost of securities. Dividend income is recorded on the ex-dividend date. Interest from other investments is recorded as earned.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As described in Accounting Standard Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Key Guaranteed Portfolio Fund is a fully benefit-responsive fixed annuity contract.

Plan Benefits and Expenses

Benefits and expenses are typically recorded when paid, however, in order for the Plan to satisfy the non-discrimination tests required under section 401(k) of the IRC, certain participants may be entitled to refunds of contributions made and earnings on those contributions. Refunds of excess contributions are recorded as a liability and benefit payments in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

The net investment change during 2019 and 2018 reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) in the various mutual fund investments.

The custodian has certified to the completeness and accuracy of the amounts reported as investments, notes receivable from participants, net investment gain (loss) and interest and dividends on the Plan's financial statements and the accompanying supplemental schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan assets measured at fair value are all invested in mutual funds which are valued at the net asset value of shares held by the Plan at year end. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's assets measured at fair value are classified within level 1 of the fair value hierarchy as of December 31, 2019 and 2018.

5. INVESTMENT IN FIXED ANNUITY CONTRACT

The Plan invests in a fully benefit-responsive fixed annuity contract with Great-West Life and Annuity Insurance Company. As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain termination provisions, which could limit the ability of the Plan to transact at contract value. The plan administrator does not believe that the occurrence of any such value event is probable.

The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The average yield based on actual earnings was approximately 1.20% and 1.10% for 2019 and 2018, respectively.

6. INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service (IRS) stated that the volume submitter profit sharing plan adopted by the Plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

In order for the Plan to satisfy the non-discrimination tests required under section 401(k) of the IRC, certain participants were entitled to refunds of contributions made and earnings on those contributions totaling \$115,811 at December 31, 2018. These refunds have been recorded as a liability and benefit payments in the accompanying financial statements as of December 31, 2018 but are reflected on the Form 5500 when paid. Additionally, certain administrative expenses were due to be paid as of December 31, 2019 and 2018 but were not paid until the following year. These expenses have been recorded as a liability and administrative expenses in the accompanying financial statements but are reflected on the Form 5500 when paid.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2019</u>	<u>2018</u>

8. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through July 14, 2020, the date which the financial statements were available to be issued. Other than discussed below, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively impacted the world economy, and investment prices and share prices for most companies. The impact of COVID-19 on companies continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law on March 27, 2020. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.
