Note A – Description of Plan

The following description of the GuidePoint Security, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor contribution plan covering all employees of GuidePoint Security, LLC and its participating Employers (collectively, the "Company"). The Plan was formed and adopted on January 1, 2013, last amended August 1, 2018, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees become eligible to participate in the Plan upon attaining the age of 21 and completion of two consecutive months from the date of employment during which 1 hour of service must be completed. Employees may enter the Plan on the first day of the Plan year quarter coinciding with or next following the date the eligibility requirements are satisfied.

Administration

The Plan is administered by the Company. The Plan's assets for the year were maintained and administered by Massachusetts Mutual Life Insurance Company (the "Trustee"). Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to the maximum allowed by law imposed by the Internal Revenue Code ("IRC") limitations. The maximum participant deferral for December 31, 2019 and 2018 was $19,000 and $18,500, respectively. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $6,000 for December 31, 2019 and 2018. The Plan also permits Roth elective deferrals to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Contributions received from participants are net of excess deferral contributions refunded, as required to satisfy the relevant nondiscrimination provisions of the Plan.

The Plan includes a qualified automatic contribution arrangement for all eligible employees to be enrolled for deferral of their compensation at 3%. An automatic increase of 1% is set for Plan year's three to five up to a maximum of 6%.

The Employer will make a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 1% of compensation plus 50% of salary deferrals between 1% and 6% of compensation. This safe harbor matching contribution is subject to a vesting schedule. Each year, the Employer may make a discretionary profit sharing contribution. Participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year to receive the discretionary profit sharing contribution. During the year ended December 31, 2019, the Company did not make a profit sharing contribution.

Participant Accounts

Each participant's account is credited and/or reduced with the participant's elective deferral contributions and distributions, the Company's contributions, and an allocation of the Plan's investment earnings/losses, investment fees and any administrative expenses paid out of the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan.

Note A – Description of Plan (continued)

Vesting

Participants are immediately 100% vested in their own salary deferral and rollover contributions and earnings thereon. Participants become fully vested immediately in their qualified safe harbor Employer contributions and earnings thereon. Participants become vested in Employer profit sharing contributions and earnings thereon after six years of service as noted in the table below.

Years of Services	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become fully vested upon death or permanent disability while employed.

Investment Options

Under the Plan, participants may currently direct investments to any of 32 investment options. Participants may change their investment elections daily through a telephone access system or online system.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 % of their account balance. Participants may only have one loan outstanding at time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms can range from one to five years. These loans are collateralized by the balance in the participant's account and paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than bi-weekly.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. The Plan Administrator shall consider a loan in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. In the event of a default, death, disability, or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Upon termination of employment, a participant may not request the direct rollover of the loan note.

Distribution of Benefits

After 59 ½, upon termination of service due to death, as a qualified reservist, disability or retirement a participant may elect to receive either lump-sum amount equal to the value of the participant's vested interest in his or her account or installments paid over various periods, as defined in the Plan agreement, less any applicable taxes.

Forfeitures

Forfeitures occur when a participant terminates employment and has not vested in a portion of the Company's contribution amount. Forfeitures may be applied to reduce Employer contributions and Plan expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately $5,000 and $1,000, respectfully. Approximately $31,000 was used to reduce Employer contributions or Plan expenses during the year ended December 31, 2019.

Note A – Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. See discussion at Note G on valuation of the guaranteed interest account.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at the net asset value ("NAV") provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2019 and 2018. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy. As all of the Plan's investments are exempt from the fair value hierarchy, the table has been excluded.

Note C – Certified Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, is complete and accurate. Such information includes all investments, investment income, notes receivable from participants, and the information in the supplemental schedule of assets (held at end of year).

Note D – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2014 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation under Section 401 of the Internal Revenue Code. The Plan Administrator and its qualified tax counsel do not anticipate that changes in the Plan after the date of the amendments covered by the Internal Revenue Service determination letter will affect the qualified and tax-exempt status of the Plan.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2017.

Note E – Risks and Uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note F – Party-In-Interest Transactions

Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Certain Plan investments and the related transactions as of December 31, 2019, and for the year then ended, were in investment funds managed by the Trustee; therefore, these investments and transactions qualify as party-in-interest transactions because they are transacted with Plan participants. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to the Trustee by the Plan for investment services amounted to approximately $3,246 during the year ended December 31, 2019.

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value on the statement of net assets consist of the following investment(s):

Investment Type	Investment name	December 31, 2019	December 31, 2018
Guaranteed interest account	Fixed account	$ 84,189	$ 20,589

The Plan invests in a guaranteed interest account ("Fixed account" or "the Fund") provided through a group annuity contract. Under the Fund a crediting rate is established and is credited with contributions and charged for participant withdrawals and administrative expenses charged by the Trustee of the Funds. The guaranteed interest account issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the Funds. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provision, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note H – Reconciliation of Financial Statements to Form 5500

The Plan holds investments in pooled separate accounts, which is how they are reported on Form 5500, Schedule D, DFE/Participating Plan Information. Plan number "000" has been used to report these investments on Schedule D because Mass Mutual has not filed a Form 5500 directly with the Department of Labor for these investments. As such, the Plan's interest in such investments cannot be included in Schedule H, line 1c(10). Instead, the Plan's interest in the underlying assets of the pooled separate accounts must be allocated and reported in the appropriate categories on a line-by-line basis. Therefore, these investments are reflected as mutual funds on Form 5500, Schedule H, line 1c(13) but as pooled separate accounts for financial statement purposes.

Note I – Subsequent Events

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Subsequent events have been evaluated through June 23, 2020, which is the date the financial statements were available to be issued.
