Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019, and the changes in net assets available

for benefits of the Plan for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Investment Options:

Participants direct their contributions among a choice of the Plan's investment options. All contributions are allocated to the designated investment options according to each participant's election, although, to the extent that a participant receiving a contribution made no allocation election, the participant's contribution is invested in the applicable Fidelity Freedom Fund, as determined by the age of the participant.

Contributions to the Worthington Industries, Inc. common stock fund are limited to not more than 25% of the total contributions made by or for a participant to the Plan. A participant will be prohibited from making investment exchanges to the Worthington Industries, Inc. common stock fund if the participant's investment in the fund equals or exceeds 25% of such person's total accounts.

Vesting:

All participants are 100% vested in elective deferrals and rollover contributions made to the Plan. In addition, if an active participant dies prior to attaining his normal retirement age, or becomes totally and permanently disabled prior to a break-in-service, their vesting percentage shall be 100%.

Employer matching and annual company contributions are vested 100% upon 3 or more years of service for all participants.

Forfeitures:

Non-vested account balances are forfeited upon the earlier of (a) the participant's account being distributed to the participant upon termination of employment or to beneficiary upon the participant's death; or (b) completion of five consecutive one-year breaks in service, as defined by the Plan document. Forfeitures are either used to reduce Company contributions to the Plan or to pay reasonable administrative expenses of the Plan, as determined by the Plan Sponsor.

At December 31, 2019 and 2018, forfeited non-vested accounts were \$8,467 and \$12,591, respectively. The Company used forfeitures totaling \$10,400 to offset Company contributions in 2019. No forfeitures were used to offset Company contributions in 2018.

Revenue Sharing

Effective January 1, 2018, if the revenue received by the Trustee from such mutual fund service providers exceeds the amount owed under the Plan, the Trustee remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019 and 2018, this excess amount was \$1,712 and \$648, respectively. The Plan may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are to be repaid over a period not to exceed 5 years, except when used for the purchase of a primary residence.

The loans are secured by the balance in the participant's account and bear interest at rates established by the Trustee. Principal and interest are paid ratably through payroll deductions. Loans are valued at unpaid principal plus accrued unpaid interest.

Other Plan Provisions:

Normal retirement age is 65 at the Chilton facility and 62 at the Canton facility. Early retirement age is 62 for the participants at the Chilton facility.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, a participant may receive a lump-sum amount equal to the value of his or her account. Chilton participants may receive a lump-sum or periodic installments.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service ("IRS") guidelines. A hardship withdrawal taken prior to January 1, 2019 results in a six-month suspension of participant and Company matching contributions. Effective January 1, 2019, participants are no longer under suspension from the plan due to hardship withdrawals.

2. Summary of Significant Accounting Policies***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value.

Investment Valuation and Income Recognition:

The Master Trust's investments in mutual funds and Worthington Industries, Inc. common stock are stated at fair value as of year-end. Fair values for mutual funds and Worthington Industries, Inc. common stock are determined by the respective quoted market prices.

The Plan holds a stable value investment contract with The Bank of New York Mellon, which is structured as a common collective trust ("the CCT"). The portfolio is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The portfolio invests in underlying assets, typically fixed-income securities or bond funds and enters into "wrapper" contracts issued by third parties. The Plan is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrapper contract issuer agrees to pay the portfolio an amount sufficient to cover unit holder redemptions

and certain other payments (such as portfolio expenses), provided all the terms of the wrapper contract have been met. Wrappers are normally purchased from issuers rated in the top three long-term ratings categories (equaling A- or above).

The primary goal of the CCT in which the Master Trust is invested is to seek current income while maintaining stability of invested principal. The CCT is invested and reinvested primarily in a diversified portfolio of fixed-income instruments which may include traditional and separate account guaranteed investment contracts (“GIC”) (obligations of creditworthy life insurance companies), corporate investment contracts, synthetic GICs (high-quality debt securities including mortgage-backed, commercial mortgage-backed, asset-backed and corporate securities held by the CCT within contracts that are intended to minimize market volatility), variable rate GICs, repurchase agreements, US treasury and agency securities, and cash and cash equivalents, including certificates of deposit and money market instruments. The CCT may also invest in a collective fund or group trust (including but not limited to one maintained by The Bank of New York Mellon or its affiliate) that invests in such fixed income instruments. No investment contract in which the CCT invests will have a duration of more than six years from the date of issuance. The CCT will operate with a weighted average duration selected by The Bank of New York Mellon, in its capacity as Trustee of the fund from time to time, but such weighted average duration generally will average between 1 and 3 years. Participants may purchase or redeem units of the CCT for cash or securities based on the unit value determined as of the valuation date. Unit value is generally determined each business day of the year. All participants have a proportionate undivided interest in the net assets of the CCT.

Purchases and sales of securities are recorded on a trade-date basis using fair market value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Use of Estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Fees:

The Company pays substantially all administrative fees of the Plan.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Plan-to-Plan Transfers:

Participants within the Plan are permitted to transfer their account to another plan provided by the Company in the event they change employers within the affiliate group. This activity is presented on a net-basis on the statements of changes in net assets available for benefits.

Recently Adopted Accounting Standards:

During 2019, the Plan adopted Accounting Standards Update 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and*

Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting (“ASU 2017-06”). As a result of the adoption of ASU No. 2017-06, additional disclosure related to the Plan’s interest in the underlying investments held by the Master Trust has been made. See Footnote 4, “Investments” for further information. This standard was adopted retrospectively and had no impact on the Plan’s net assets or changes in net assets.

3. Tax Status

The Plan received a determination letter from the IRS dated January 27, 2012, stating that the Plan is qualified under Section 401(a) of the IRC, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor believes the Plan, as amended, is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, currently no audits are in progress for any tax periods.

4. Investments

Each participating retirement plan has a divided interest in the Master Trust. Net investment income for the Plan is based upon its actual holdings of the net assets of the Master Trust.

Investments at fair value of the Master Trust and the Plan’s interest in the Master Trust consist of the following at December 31:

5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee; therefore, transactions involving these funds qualify as party-in-interest transactions. In addition, the Plan has arrangements with other service providers and these arrangements also qualify as party-in-interest transactions.

The Plan offers common shares of Worthington as an investment option. As a result, Worthington qualifies as a party-in-interest.

The Company provides certain administrative and accounting services at no cost to the Plan and may pay for the cost of services incurred in the operation of the Plan.

6. Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the near or long term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

7. Fair Value

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets; and
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. See the description within Footnote 2, "Summary of Significant Accounting Policies," as to the investment valuation methodology for each class of assets noted in the below table. There have been no changes in the methodologies used at December 31, 2019 and 2018.

For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The following table shows the assets of the Master Trust measured at fair value on a recurring basis, as of December 31, 2019:

		Fair Value Measurements at Reporting Date Using:		
Description	Total	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

8. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 22, 2020, which is the date the financial statements were available to be issued.

In March 2020, the World Health Organization categorized the novel coronavirus (“COVID-19”) as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan’s investment portfolio has incurred a significant decline in fair value since December 31, 2019. Because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan’s liquidity cannot be determined at this time.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (“CARES”) Act was enacted and signed into law. In response, management elected to implement certain provisions of the CARES Act in March 2020.
