Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of October 17, 2019, and December 31, 2018, and for the short-year ended October 17, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the EQM Technologies & Energy, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of EQM Technologies & Energy, Inc. (the Company) on their date of hire who have attained age twenty one or older. The Company pays certain administrative costs of the Plan, and controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As discussed in Note 4, the Plan was terminated on June 27, 2019, and all plan assets were distributed as of October 17, 2019.

CONTRIBUTIONS

Each year, participants may contribute up to 60 percent of annual compensation as defined by the Plan. During the 2019 tax year, participants could contribute up to \$19,000 if the participant's age is 49 or less, and \$25,000 if the participant's age is 50 or above. (This figure will be adjusted in the future by the Secretary of the Treasury for cost of living increases). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may contribute a discretionary matching amount in its sole judgment. This additional contribution, if any, will be allocated to all qualified participants eligible to receive a contribution of this type as set forth in the Plan. Matching contributions and matching contributions designated as "qualified matching contributions" will be nonforfeitable and subject to withdrawal restrictions. Effective January 1, 2018, the Company suspended matching contributions to the Plan.

The Company may contribute a discretionary nonelective amount determined in its sole judgment. This additional contribution, if any, will be allocated to all qualified participants eligible to receive a contribution of this type as set forth in the Plan. Nonelective contributions designated as "qualified nonelective contributions" will be nonforfeitable and subject to withdrawal restrictions.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution as well as allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions, rollover contributions, and the Company's matching contributions, qualified matching contributions and qualified nonelective contributions plus actual earnings thereon. Vesting in the Company's non-qualified nonelective contributions is based on years of continuous service. A participant is 100 percent vested after six years of credited service. The Plan defines "one year of service" as a 12 month period in which the employee works 1,000 hours of service. Non-qualified nonelective contributions also become fully vested when a participant employed by the Company reaches normal retirement age, as defined by the Plan, or is terminated due to death or disability.

NOTES TO FINANCIAL STATEMENTS

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by 50 percent of the participant's account balance and bear interest at a rate equal to that which the Company's principal bank would charge on a similar loan and must be repaid within no more than five years. Principal and interest are payable ratably over the term of the loan not less frequently than quarterly.

PAYMENT OF BENEFITS

On termination, a participant (or participant's beneficiary in the event of death) will receive a lump-sum amount equal to the value of the participant's vested account balance.

FORFEITED ACCOUNTS

Forfeitures of Company contributions are used to pay administrative expenses and reduce Company contributions. As of October 17, 2019, and December 31, 2018, forfeited non-vested accounts totaled \$0 and \$5,170, respectively. During 2019, \$338 of administrative expenses were offset from forfeited nonvested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. The financial statements and notes are the representation of the Plan's management, who is responsible for their integrity and objectivity. The policies conform to accounting principles generally accepted in the United States of America and have been consistently applied.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual basis of accounting.

CASH AND CASH EQUIVALENTS

The plan considers money market accounts as cash equivalents.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of October 17, 2019, or December 31, 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service of \$10,058 were distributed prior to the short-year end October 17, 2019, reducing participant contributions.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

FAIR VALUE MEASUREMENTS

The Fair Value Measurement Topic of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of October 17, 2019, and December 31, 2018.

Value of interests in registered investment companies (mutual funds) including money market accounts (cash and cash equivalents) are valued at the net asset value (NAV) of shares held by the plan at year end (Level 1).

Common collective trusts are comprised primarily of fully benefit-responsive investment contracts that are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

FAIR VALUE MEASUREMENTS (CONT'D)

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

<u>DECEMBER 31, 2018</u>	QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS (LEVEL1)	<u>TOTAL</u>
Value of interests in registered investment companies	\$14,885,750	\$ 14,885,750
Investments measured at net asset value ^(a)	-	438,389
Investments at fair value	<u>\$14,885,750</u>	<u>\$ 15,324,139</u>

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE AS A PRACTICAL EXPEDIENT

The following table summarize investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	Redemption Frequency (If Currently Eligible)	<u>Redemption Notice Period</u>
Value of interest in common collective trust	\$438,389	n/a	Daily	12 months

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

SUBSEQUENT EVENTS

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through June 30, 2020, the date on which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of a collective trust and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is also the investment trustee and record keeper and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest investments. Certain administrative fees related to the administration of the Plan are paid by the Plan. Other administrative fees are paid by the plan sponsor on behalf of the Plan.

NOTE 4 PLAN TERMINATION

Environmental Quality Management, Inc. (EQM), a participating employer in the Plan, was acquired by ASRC Industrial Services a 100% subsidiary of Arctic Slope Regional Corporation (ASRC) on June 28, 2019. As part of this acquisition EQM was removed as a participating employer in the Plan and EQM Technologies & Energy, Inc. terminated the Plan on June 27, 2019. At the date of Plan termination, the Company discontinued its contributions and participants became 100 percent vested in their accounts. All plan assets were distributed as of October 17, 2019.

NOTE 5 TAX STATUS

Effective May 5, 2015, the Plan most recently adopted a non-standardized form of a prototype plan sponsored by Fidelity Management and Research Company. The prototype plan obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as designed then, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 17, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of October 17, 2019, and December 31, 2018, and the related investment activity reflected in Statement of Changes in Net Assets Available for Benefits for the short-year ended October 17, 2019.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the EQM Technologies & Energy, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of EQM Technologies & Energy, Inc. (the Company) on their date of hire who have attained age twenty one or older. The Company pays certain administrative costs of the Plan, and controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As discussed in Note 4, the Plan was terminated on June 27, 2019, and all plan assets were distributed as of October 17, 2019.

CONTRIBUTIONS

Each year, participants may contribute up to 60 percent of annual compensation as defined by the Plan. During the 2019 tax year, participants could contribute up to \$19,000 if the participant's age is 49 or less, and \$25,000 if the participant's age is 50 or above. (This figure will be adjusted in the future by the Secretary of the Treasury for cost of living increases). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may contribute a discretionary matching amount in its sole judgment. This additional contribution, if any, will be allocated to all qualified participants eligible to receive a contribution of this type as set forth in the Plan. Matching contributions and matching contributions designated as "qualified matching contributions" will be nonforfeitable and subject to withdrawal restrictions. Effective January 1, 2018, the Company suspended matching contributions to the Plan.

The Company may contribute a discretionary nonelective amount determined in its sole judgment. This additional contribution, if any, will be allocated to all qualified participants eligible to receive a contribution of this type as set forth in the Plan. Nonelective contributions designated as "qualified nonelective contributions" will be nonforfeitable and subject to withdrawal restrictions.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution as well as allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions, rollover contributions, and the Company's matching contributions, qualified matching contributions and qualified nonelective contributions plus actual earnings thereon. Vesting in the Company's non-qualified nonelective contributions is based on years of continuous service. A participant is 100 percent vested after six years of credited service. The Plan defines "one year of service" as a 12 month period in which the employee works 1,000 hours of service. Non-qualified nonelective contributions also become fully vested when a participant employed by the Company reaches normal retirement age, as defined by the Plan, or is terminated due to death or disability.

NOTES TO FINANCIAL STATEMENTS

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by 50 percent of the participant's account balance and bear interest at a rate equal to that which the Company's principal bank would charge on a similar loan and must be repaid within no more than five years. Principal and interest are payable ratably over the term of the loan not less frequently than quarterly.

PAYMENT OF BENEFITS

On termination, a participant (or participant's beneficiary in the event of death) will receive a lump-sum amount equal to the value of the participant's vested account balance.

FORFEITED ACCOUNTS

Forfeitures of Company contributions are used to pay administrative expenses and reduce Company contributions. As of October 17, 2019, and December 31, 2018, forfeited non-vested accounts totaled \$0 and \$5,170, respectively. During 2019, \$338 of administrative expenses were offset from forfeited nonvested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. The financial statements and notes are the representation of the Plan's management, who is responsible for their integrity and objectivity. The policies conform to accounting principles generally accepted in the United States of America and have been consistently applied.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual basis of accounting.

CASH AND CASH EQUIVALENTS

The plan considers money market accounts as cash equivalents.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of October 17, 2019, or December 31, 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service of \$10,058 were distributed prior to the short-year end October 17, 2019, reducing participant contributions.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

FAIR VALUE MEASUREMENTS

The Fair Value Measurement Topic of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of October 17, 2019, and December 31, 2018.

Value of interests in registered investment companies (mutual funds) including money market accounts (cash and cash equivalents) are valued at the net asset value (NAV) of shares held by the plan at year end (Level 1).

Common collective trusts are comprised primarily of fully benefit-responsive investment contracts that are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

FAIR VALUE MEASUREMENTS (CONT'D)

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

<u>DECEMBER 31, 2018</u>	QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS (LEVEL1)	<u>TOTAL</u>
Value of interests in registered investment companies	\$14,885,750	\$ 14,885,750
Investments measured at net asset value ^(a)	-	438,389
Investments at fair value	<u>\$14,885,750</u>	<u>\$ 15,324,139</u>

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE AS A PRACTICAL EXPEDIENT

The following table summarize investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	Redemption Frequency (If Currently Eligible)	<u>Redemption Notice Period</u>
Value of interest in common collective trust	\$438,389	n/a	Daily	12 months

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

SUBSEQUENT EVENTS

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through June 30, 2020, the date on which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of a collective trust and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is also the investment trustee and record keeper and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest investments. Certain administrative fees related to the administration of the Plan are paid by the Plan. Other administrative fees are paid by the plan sponsor on behalf of the Plan.

NOTE 4 PLAN TERMINATION

Environmental Quality Management, Inc. (EQM), a participating employer in the Plan, was acquired by ASRC Industrial Services a 100% subsidiary of Arctic Slope Regional Corporation (ASRC) on June 28, 2019. As part of this acquisition EQM was removed as a participating employer in the Plan and EQM Technologies & Energy, Inc. terminated the Plan on June 27, 2019. At the date of Plan termination, the Company discontinued its contributions and participants became 100 percent vested in their accounts. All plan assets were distributed as of October 17, 2019.

NOTE 5 TAX STATUS

Effective May 5, 2015, the Plan most recently adopted a non-standardized form of a prototype plan sponsored by Fidelity Management and Research Company. The prototype plan obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as designed then, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 17, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of October 17, 2019, and December 31, 2018, and the related investment activity reflected in Statement of Changes in Net Assets Available for Benefits for the short-year ended October 17, 2019.
