(1) **Description of Plan:**

The following description of the ICI Homes Residential Holdings LLC Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution plan covering all eligible employees of ICI Homes Residential Holdings, LLC, Intervest Construction Industries, LLC, Intervest Consulting Services, Inc., ICI Aviation Staffing, LLC, Venture Development Realty, Inc., ICI Select Realty, Diversified Property Management, Inc., and Mosaic Property Owners Association, Inc. (collectively referred to as the Company). Employees become eligible to defer income after completing 60 days of employment and attaining 21 years of age. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As discussed in Note 1 (i), effective December 2017, the Plan changed its name from Intervest Construction, Inc. Savings Plan to ICI Homes Residential Holdings LLC Savings Plan.

(b) **Contributions**—Each year, participants may contribute up to 100% of eligible pre-tax or post-tax annual compensation to a maximum amount allowed by law. Eligible participants may also make catch-up contributions or after-tax Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral set at 6% of eligible compensation and their contributions invested in a target date fund until changed by the participant. The Company, at its discretion, may match contributions up to the first 5% of the employee's eligible compensation, with a maximum of $1,000 per eligible participant. Additional discretionary contributions may be contributed at the option of the Company's board of directors. To be eligible for matching or discretionary contributions, on each December 31, the employee must be an active participant on that date and have 1,000 or more hours of service in the plan year or have been an active participant at some time during the plan year and had retired, died or became totally disabled as defined in the plan during the plan year. Contributions are subject to certain limitations.

(c) **Participant accounts**—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon enrollment in the Plan, a participant may direct employee and employer contributions among various investment options as detailed in the plan document. The Company currently offers 6 pooled separate accounts, 18 mutual funds, and 8 collective trusts as investment options for participants. Participants may change their investment allocation at any time, subject to limitations as defined by Principal Financial Group.

(d) **Notes receivable from participants**—Participants may borrow from their fund a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate charged by persons in the business of lending money for loans that would be made under similar circumstances (current rates on loans range from 5.25% – 6.50%). Principal and interest is paid ratably at least as frequently as quarterly over a reasonable amount of time not to exceed five years.

(1) **Description of Plan:** (Continued)

(e) **Vesting**—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of 100% in the Company's contribution portion of their accounts is based on meeting any one of the requirements below:

(i) The attainment of normal retirement age (65)
(ii) The attainment of early retirement age (55)
(iii) Total disability (as defined by the Plan) or death

Vesting may also be achieved by meeting years of continuous service. Participants vest based on the following schedule:

Years of Service	Percentage
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

(f) **Payment of benefits**—Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The participant's contributions may also be withdrawn for certain hardship situations.

(g) **Forfeited accounts**—Forfeited accounts are used to pay administrative fees, reduce employer contributions, with any remaining amounts allocated to participants on the last day of the Plan year. As of December 31, 2019 and 2018, there were forfeited balances remaining. As of December 31, 2018, the forfeited balances totaled $1,732. During 2019, forfeitures totaling $5,447 were used to pay administrative fees, reduce employer contributions and allocated to participant accounts.

(h) **Administrative expenses**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Company. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. For the years ended December 31, 2019 and 2018, the Plan incurred $48,573 and $5,179, respectively, in administrative expenses.

(1) **Description of Plan:** (Continued)

(i) **Plan amendments—**The Plan was amended on January 1, 2019, for changes in hardship withdrawal provisions. Effective October 1, 2019, the Plan was amended to bring in an affiliated employer to the Plan. These amendments are not expected to have an impact on net assets available for benefits.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of presentation**—The financial statements of the Plan are prepared using the accrual method of accounting.

(b) **Investment valuation and income recognition—**The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements. Interest and dividend income are recorded when paid. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

(d) **Use of estimates—**The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(e) **Payment of benefits**—Benefits are recorded when paid.

(f) **Subsequent events**—The Plan has evaluated subsequent events through July 7, 2020, the date the financial statements were available to be issued. Other than the plan amendment discussed in Note (1)(i), there have been no other subsequent events requiring recognition or disclosure have been identified.

(3) **Information Certified by the Trustee:**

All investment information except for notes receivable from participants disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2019 and 2018, and the net appreciation (depreciation) in fair value of investments and interest and dividend income for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Financial Group, the trustee of the Plan.

(4) **Investments and Fair Value Measurements:**

Financial Accounting Standards Board (FASB) *Accounting Standard Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted price included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability. Unobservable inputs are those that reflect the plan's own assumptions about assumptions that market participants would use in pricing the assets, based on the best information available in the circumstance.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018:

Pooled separate accounts, collective investment trust—Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV, as provided by the trustee, is available to current investors and the basis for current transactions. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Stable value fund – Valued at NAV of the shares held by the Plan at year end. Stable value funds are composed primarily of an indirect investment in fully benefit-responsive investment contracts of a collective investment trust. The NAV, as provided by the trustee, is available to current investors and the basis for current transactions.

Mutual funds—Valued at daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(4) **Investments and Fair Value Measurements:** (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The following table summarizes the assets and liabilities of the Plan for which fair value are determined on a recurring basis:

Description	Quoted Prices (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
December 31, 2019:				
Mutual funds	$ 5,050,615	$ -	$ -	$ 5,050,615
Pooled separate accounts	1,638,884	-	-	1,638,884
Stable value fund	512,633	-	-	512,633
Collective investment trust	4,520,392	-	-	4,520,392
Total assets at fair value	$ 11,722,524	$ -	$ -	$ 11,722,524
December 31, 2018:				
Mutual funds	$ 3,621,998	$ -	$ -	$ 3,621,998
Pooled separate accounts	1,464,780	-	-	1,464,780
Stable value fund	443,621	-	-	443,621
Collective investment trust	2,996,991	-	-	2,996,991
Total	$ 8,527,390	$ -	$ -	$ 8,527,390

For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

(5) **Tax Status:**

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

(6) Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent to December 31, 2019, local, U.S., and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating temporary work stoppage in many sectors and imposing limitations on travel and size and duration of group meetings. Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while the Plan sponsor cannot quantify the financial and other impact to the Plan as of July 7, 2020, Plan management believes that a material impact on the Plan's investment balances and net assets available for benefits is reasonably possible.

(7) Parties-in-Interest:

Principal Financial Group manages many Plan investments as well as providing administrative services to the Plan and is the trustee, and therefore, Principal Financial Group qualifies as a party-in-interest to the Plan.

(8) Excess Contributions:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions of $1,672 to applicable participants prior to March 15, 2019. These amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2018.

(9) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of a Plan termination, participants would become 100% vested in their employer contributions.

(10) Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 on December 31:

	2019	2018
Net assets available for benefits per the financial statements	$ 11,967,612	$ 8,750,101
