Notes to the Financial Statements
Global IID 401(k) Plan
December 31, 2019 and 2018

Note A – Description of the plan

The following brief description of the Global IID 401(k) Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Global IID Parent, LLC (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides retirement savings benefits to eligible employees of the Company through tax deferred voluntary contributions by employees and discretionary matching contributions by the Company. The Plan, which commenced effective April 1, 1999 and was amended and restated effective November 18, 2019, covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan after the attainment of the age of eighteen (18). There is no service requirement. An employee's entry date is immediate upon satisfying eligibility requirements. Excluded from the class of eligible employees are union and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Lincoln Financial Group Trust Company ("LFGTC") and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, and Principal Trust Company are the Custodians of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Plan amendments

Effective November 15, 2019, Lincoln Financial Group Trust Company ("LFGTC") was selected to be the Custodian of the Plan replacing Principal Trust Company. The change in Custodian resulted in new investments options for participant contributions. As part of this conversion, the Plan Sponsor amended and restated the Plan effective November 18, 2019 into the Lincoln Retirement Services Company, LLC Volume Submitter Profit Sharing Plan document. Additionally, the plan name changed from Smart Start, Inc. 401(k) Plan & Trust to Global IID 401(k) Plan and Global IID Parent, LLC was named as the new Plan Sponsor effective November 18, 2019.

Effective January 1, 2018, the Plan was amended to include IID Management, LLC. to the listing of related employers covered under the Plan and to waive the age requirement for eligibility for employees of this participating employer.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer discretionary matching contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant's contributions, account balance, and compensation, as defined, bear to the total of all participants' contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to defer a percentage or dollar amount of their eligible compensation at each pay period up to the maximum amount allowed for deferral under the Internal Revenue Code ("IRC"). The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants are automatically enrolled in the Plan at 3% of their eligible compensation for each pay period unless a contrary election is made.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

Employer contributions

The Company may, at its discretion, make matching contributions to the Plan in a specified amount equal to a percentage of the participant's compensation or dollar amount determined by the Plan Sponsor. During 2019 and 2018, the Company made discretionary matching contributions of 50% of the first 6% contributed by each participant, up to a maximum of 6% of a participant's eligible compensation.

ERISA and the IRC provide that plans such as Smart Start, Inc. 401(k) Plan & Trust cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive funds in the year that contributions were made in excess of the IRC Section 401(k) limit and all earnings attributable to such contributions. At December 31, 2019 and 2018, excess contributions due to participants were $7,770 and $22,950, respectively, and were refunded to the participants within the time allowed by the IRS.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares in registered investment companies (mutual funds), pooled separate accounts, collective investment trust funds, a stable value fund and a group annuity contract. Participants may change their investment options during the year subject to certain restrictions on such changes imposed by the Plan's investment funds.

Rollovers

Rollovers represent funds transferred to the Plan from other qualified plans. Participants may roll over certain qualifying funds into the Plan in accordance with the Plan document.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching contributions and earnings thereon is based on years of continuous service. A year of service is defined as 1,000 hours of service during any plan year. Additionally, a participant will become fully vested in the Company contribution portion of their account upon reaching normal or early retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company discretionary matching contributions and earnings is determined as follows:

Years of Service:	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses of the Plan and/or used to reduce future employer matching contributions for the Plan year. During 2019 and 2018, the Company applied $75,354 and $37,531, respectively, from the forfeiture balance to reduce discretionary employer matching contributions and $14,232 and $8,533 to pay administrative expenses, respectively. As of December 31, 2019 and 2018, the unallocated forfeiture balance was $523 and $0, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less. No more than two (2) loans can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.5% to 6.0% which was commensurate with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to fifteen (15) years.

Payment of Benefits

On termination of employment, disability, death, normal or early retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a lump-sum cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $43,851 and $38,548 for the years ended December 31, 2019 and 2018, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"* except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 962, *Plan Accounting – Defined Contribution Pension Plans* (ASC 962), ASU 2015-12, fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As such, the Plan accounts for its fully-benefit responsive investment in the Principal Stable Value Signature Fund (the "Stable Value Fund") and the Lincoln Stable Value Account in accordance with FASB ASC Topic No. 962.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2019, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options in shares in registered investment companies (mutual funds), pooled separate accounts, collective investment trust funds, a stable value fund and a group annuity contract. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Note C - Information Certified by the Trustee (Unaudited) or Investments

At December 31, 2019 and 2018, the Plan's investments were held by Lincoln Financial Group Trust Company ("LFGTC"), Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, and Principal Trust Company (collectively the "Custodians") The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodians as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	12/31/2019	12/31/2018
Mutual funds	$ 9,870,284	$ 2,255,433
Pooled separate accounts	-	578,843
Common collective trust	-	4,015,343

Total investments	**$ 10,597,042**	**$ 7,923,429**

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

		12/31/2019
Mutual funds	$	406,389

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies (mutual funds) and money market account: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts and Collective investment trusts: Valued at net asset value ("NAV"), as a practical expedient to measure fair value, based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market. The underlying investments within the pooled separate accounts are mutual funds. The strategies of the pooled separate accounts include investing in mutual funds designed for growth, income, varying retirement dates and index portfolios. These accounts provide for immediate redemptions by the Plan with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ 9,870,284	$ -	$ -	$ 9,870,284
	$ 9,870,284	**$ -**	**$ -**	**$ 9,870,284**
Investments measured at net asset value [(a)]				-
				$ 9,870,284

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ 2,255,433	$ -	$ -	$ 2,255,433
	$ 2,255,433	**$ -**	**$ -**	**$ 2,255,433**
Investments measured at net asset value [(a)]				4,594,186
				$ 6,849,619

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note E – Fully benefit-responsive investments

The Plan has a fully benefit-responsive collective investment trust account, the Principal Stable Value Signature Fund (the "Stable Value Fund") managed and trusteed by Union Bond & Trust Company ("Union"). Union is an indirect wholly owned subsidiary of the Principal Financial Group, Inc. The objective of the Principal Stable Value Signature Fund is to provide preservation of capital, relatively stable

returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The stable value fund is managed to earn a consistent level of return, while providing for preservation of capital, high credit quality and liquidity to pay plan benefits. The stable value fund primarily consists of a diversified portfolio of investment contracts issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on underlying fixed income investments.

The Plan has a fully benefit-responsive group annuity contract, the Lincoln Stable Value Account, issued by The Lincoln National Life Insurance Company ("Lincoln") that is backed by the general account of the issuing company. The objective of the Lincoln Stable Value Account is to maximize investment income with long-term preservation of capital and guarantee a rate of return pursuant to the contract terms (1.70%). The crediting interest rate is set at the beginning of each calendar quarter and is based upon the five-year average of the Barclays Capital U.S. Aggregate Bond Index. The guarantee is based on Lincoln's ability to meet its financial obligations from its general assets. By definition, the Lincoln Stable Value Account is an investment contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Certain events might limit the availability of the Plan to transact at contract value with the contract issuer. Examples of such events include the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code (IRC); premature termination of the contract; Plan termination or merger; changes to the Plan's prohibition on competing investment options; or bankruptcy of the Plan sponsor or other Plan sponsor events (for example divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; or a material amendment to the agreements without the consent of the issuer.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract is included in the financial statements at the contract value as reported to the Plan by the Custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note F – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds), pooled separate accounts, collective investment trust funds, a stable value fund and a group annuity contract issued and managed by Lincoln Financial Group Trust Company ("LFGTC"), Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, and Principal Trust Company. The stable value fund, the Principal Stable Value Fund, is managed by Union Bond & Trust Company which is an indirect wholly owned subsidiary of Principal Financial Group. Lincoln Financial Group Trust Company ("LFGTC"), Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, and Principal Trust Company have been designated as the Custodians as well as provide administration and recordkeeping services to the Plan. These specific investments issued or managed by the Custodians qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note G - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note H - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net changes as reported on Schedule H of the Form 5500 as of December 31, 2019 and 2018:

Note I - Tax status

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"), and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note J – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through June 18, 2020, the date that the financial statements were available to be issued. In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the values of investment securities have declined significantly. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the impact of the COVID-19 outbreak continues to evolve and the future effects to the Plan are uncertain and cannot be predicted at this time.
