Election Systems & Software, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

1. Plan Description

The following brief description of the Election Systems & Software LLC, 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Election Systems & Software, LLC (the Company).

Employees are eligible to make salary reduction contributions after attaining age 21. Eligible employees are automatically enrolled with a salary deferral of 3% unless the Company is informed otherwise. Eligible employees become participants on the first day of the month following the date on which entry requirements are fulfilled.

Eligible employees are automatically enrolled in the Plan, with salary deferral contributions starting at 3% of their eligible compensation. Effective March 1, 2018, all participant salary deferral percentages will be increased by 1% of eligible compensation annually up to the maximum rate of 3% of eligible compensation. If all the participant's contribution is a Roth after-tax deferral, the participant salary deferral percentage will be increased by 1% of eligible compensation annually up to the maximum rate of 6% of eligible compensation. This increase will occur as of every September 1st but will not apply to a participant within the first six months that participant was automatically enrolled.

Participants are eligible to receive employer discretionary matching and discretionary profit-sharing contributions after attaining age 21 and six months of service. Participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the year to receive employer discretionary profit-sharing contributions.

Contributions

Participants may contribute up to 60% of pre-tax and Roth after–tax annual compensation, in connection with the 401(k) provisions of the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Discretionary matching contributions are based on the participant's elective deferral up to a certain percentage as determined by the Company. The Company may also make discretionary profit-sharing contributions. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year are eligible to make catch-up contributions. Contributions are subject to certain limitations.

DRAFT

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's discretionary matching contribution b) the Company's discretionary profit-sharing contribution and c) Plan earnings or losses. The Company's discretionary matching contribution is allocated among participants based upon each eligible participant's elected salary deferral. The Company's discretionary profit-sharing contribution is allocated among employees based upon eligible compensation of participants. Plan earnings or losses are allocated based on actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Fidelity Management Trust Company (Fidelity).

Vesting

Participants are immediately vested in their contributions and all Company contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive either a lump sum or installment payments equal to the value of the vested funds allocated to the participant's account. The Plan requires mandatory distribution of payments between $1,000 and $5,000 be directly rolled over to an individual retirement account designated by the plan administrator if the participant does not elect otherwise. Distributions under $1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

Forfeitures

Prior to 2005, Company contributions credited to participants' accounts were not immediately vested. As a result, the Plan has a forfeiture account that can be used to reduce Company contributions or pay Plan expenses. As of December 31, 2019 and 2018, the forfeiture balance was $126 and $240, respectively. The Company utilized $251 and $0 to reduce Plan expenses for the years ended December 31, 2019 and 2018, respectively.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contributions Pension Plans.*

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

DRAFT

Other

Certain investment management expenses are paid by the Plan and included in administrative expenses. Other certain expenses specifically incurred by or attributable to individual participants are paid from the applicable participants' accounts. Prior to 2019, certain investment related expenses were included in net appreciation (depreciation) in fair value of investments. Audit fees, recordkeeping fees and other expenses are paid by the Company and are excluded from these financial statements.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through Report Date. As a result of the COVID-19 coronavirus, economic uncertainties have arisen which will impact Plan operating results subsequent to December 31, 2019, however, the related financial impact cannot be reasonably estimated at this time. As a result of the Coronavirus Aid, Relief and Economic Security (CARES) Act, signed on March 27, 2020, the Plan is currently reviewing the provisions that could impact the plan.

3. Information Certified by Fidelity

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary information.

The following table represents the fair value of the participant-directed investments in this Plan that were certified by Fidelity as of December 31,;

	2019	2018
Investments at Fair Value	$ 59,179,439	$ 48,012,695
Notes Receivable from Participants	$ 368,991	$ 494,079

Fidelity also certified to the completeness and accuracy of the following related to the aforementioned Plan assets for the years ended December 31,;

	2019	2018
Net Appreciation (Depreciation) in Fair Value of Investments	$ 9,080,609	$ (6,324,069)
Interest and Dividends from Investments	2,321,617	3,464,711
Net Investment Income (Loss)	$ 11,402,226	$ (2,859,358)
Interest Income on Notes Receivable from Participants	$ 23,366	$ 24,806

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

DRAFT

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the fund. These funds held by the plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These funds are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 54,477,669	$ -	$ -	$ 54,477,669
Money Market Fund	4,701,770	-	-	4,701,770
Total Investments at Fair Value	$ 59,179,439	$ -	$ -	$ 59,179,439

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 43,917,469	$ -	$ -	$ 43,917,469
Money Market Fund	4,095,226	-	-	4,095,226
Total Investments at Fair Value	$ 48,012,695	$ -	$ -	$ 48,012,695

5. Tax Status

The Plan is qualified as a profit-sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed as soon as practicable after the termination date.

7. Related Party Transactions

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity. Fidelity is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest.

We read the Plan's Form 5500 filing for consistency with information in the financial statements. We will provide our comments to management. We are not aware of any other documents that contain the audited financial statements. With respect to the supplemental information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior period, and the information is appropriate and complete in relation to the financial statements as a whole.
