To Plan Management and Plan Administrator of Axiom Bank 401(k) Savings Plan:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Axiom Bank 401(k) Savings Plan (the "Plan") as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible*. The chance of the future event or events occurring is more than remote but less than likely.
- *Probable*. The future event or events are likely to occur.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of the Plan's management, the plan administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Plan Administrator
Axiom Bank 401(k) Savings Plan
258 Southhall Lane, Suite 400
Maitland, FL 32751

We have conducted a DOL limited-scope audit of the financial statements of Axiom Bank 401(k) Savings Plan (the "Plan") as of and for the year ended December 31, 2019 and have issued our report thereon dated June 22, 2020. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit
As communicated in our engagement letter dated March 12, 2020, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by plan management, we did not perform any auditing procedures with respect to information prepared and certified to by Reliant Trust Company, custodian, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and the supplemental schedule. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified to by the custodian, were audited by us in accordance with U.S. GAAS, and were subjected to tests of the plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit
We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence
The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Plan's Significant Accounting Practices
Significant Accounting Policies
Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates
Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimate affecting the financial statements are the plan administrator making estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein.

Financial Statement Disclosures
Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to Note 3 to the financial statements related to disclosing fair value measurements.

Significant Difficulties Encountered during the Audit
We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements
For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. The misstatements identified by us as a result of our audit procedures and corrected by management which were material, either individually or in the aggregate, to the financial statements taken as a whole, have been provided to you with the draft financial statements when your review and approval was requested.

Disagreements with Management
For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management
We have requested certain written representations from management, which are included in the attached letter dated June 22, 2020.

Management's Consultation with Other Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters

Other Significant Matters, Findings, or Issues
In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Matters
With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the supplementary information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Modification of the Auditor's Report
We expect to have made the following modification to our auditor's report.

As discussed in the engagement letter dated March 12, 2020, because of the significance of the information that we did not audit, we did not express an opinion on the financial statements as a whole or on the supplemental schedules as a whole. Therefore, we modified the auditor's report to include a disclaimer of opinion.

This information is intended solely for use of Plan management, the Plan Administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee of
Axiom Bank 401(k) Savings Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of *Axiom Bank 401(k) Savings Plan* (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these accompanying financial statements.

Other Matter - Supplemental Schedule
The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Axiom Bank 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General
The Plan, established January 1, 2010, is a safe harbor defined contribution plan covering all eligible employees of Axiom Bank (the "Company"). Eligibility is for employees who have completed three months of service with the Company and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established for the purpose of providing eligible employees of the Company and their beneficiaries funds for retirement.

Plan Administration
The Company is the plan sponsor and plan administrator of the Plan. The Plan's assets are maintained by Reliance Trust Company (the "Custodian"). Contributions are held by the Custodian, who invest cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the Company and the participants).

Contributions
Each year, participants in the Plan may voluntarily contribute up to 86% of their pre-tax annual compensation, as pre-tax or Roth deferrals, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined contribution plans.

The Plan requires the Company to contribute a safe harbor matching contributions and discretionary contributions. The Company matches 100% of a participant's voluntary contributions up to 4% of compensation. Discretionary contributions are allocated among eligible participants based on annual pay and limited to maximum contribution amounts prescribed by the IRS.

Unless otherwise elected by participants, the Plan has an automatic deferral provision of 4% with a 1% annual increase up to 10%. Starting January 1, 2020, the Plan's automatic deferral provision will have an annual increase of up to 15%. The Company may also make additional discretionary profit sharing contributions; however, no such contributions were made in 2019.

Participant Accounts
Each participant account is credited with the participant's contribution and allocation of: (a) the Company's matching contribution and (b) Plan earnings or losses including market value adjustments on Plan investments. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Vesting of Benefits
Participants are immediately fully vested in their voluntary contributions and all Company contributions plus actual earnings thereon.

Investment Options
Upon enrollment in the Plan, participants may direct employee and Company contributions into various investment options offered by the Plan. Participants may change their allocation of contributions and investment options periodically as permitted by the plan sponsor.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Note Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. In accordance with the CARES Act (see Note 2, Subsequent Events), for loans made subsequent to year-end from March 27, 2020 to September 22, 2020, the participant may borrow from their funds account the lesser of $100,000 or the participants full vested balance. The loans are secured by the balance in the participant's account and the term may not exceed 60 months unless for the purchase of a primary residence. In accordance with the CARES Act, if a loan is outstanding on or after March 27, 2020, with any repayment on the loan is due between March 27, 2020 to December 31, 2020, that due date may be delayed under the plan up to one year. Any payments made after the suspension period will be adjusted to reflect the delay and any interest accruing during the delay. The loan interest rate, determined at the time of issuance, is set at the prime rate plus 1%, as defined. Principal and interest are paid ratably through biweekly payroll deductions. Loans are treated as an investment of the borrowing participant's account and only the borrowing participant's account shares in the interest paid on the participant loan.

Payment of Benefits
On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Automatic lump-sum distributions will be made on a participant's accounts with a value of less than $1,000. In addition, the Plan allows hardship withdrawals as allowed by the Internal Revenue Code.

Plan Expense Account
Through a revenue-sharing agreement, the Plan shares in revenue from fund service providers for services the Custodian provides to the certain funds of the Plan. The Plan's share of this revenue is remitted to the Plan's unallocated plan expense account (the rebate), quarterly. The Plan may apply these rebated funds to pay administrative expenses charged by the Custodian for certain services provided by the Custodian under a master services agreement. If a certain amount of excess rebated funds exists after such administrative expenses are paid, an allocation to participants' accounts is made to offset certain fund service fees incurred by participants.

During the year ended December 31, 2019, the Plan received a total rebate of $26,148. From accumulated rebated funds the Plan paid $24,398 in eligible plan administrative expenses and allocated $4,240 to participant accounts to offset certain fund service fees incurred by participants. At December 31, 2019 and 2018 , the unallocated account balance was $2,220 and $432, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Net appreciation or deprecation in fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year. Purchases and sales of investments are recorded on a trade-date basis.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of the December 31, 2019 and 2018.

The interest rate on loans outstanding at December 31, 2019 ranged from 4.25% to 6.50%, with maturities ranging from February 2020 to October 2024.

Benefits Paid to Participants
Benefits are recorded when paid.

Deemed Loan Distributions
Deemed loan distributions are recorded when the participant defaults on the loan. For the year ended December 31, 2019, deemed loan distributions of $7,290 are included with benefits paid to participants.

Corrective Distributions
Corrective distributions are recorded when the Plan's third-party administrator determines adjustments are necessary during the plan year based on consideration of the Plan's compliance with ERISA requirements. Contributions are presented net of corrective distributions.

Administrative Expenses
Administrative expenses are charged directly to the participant's accounts, paid from the ERISA Budget Account (see Note 1), or paid by the Company. The Plan or Company may make a payment to the Custodian for administrative expenses not covered by revenue sharing.

Subsequent Events
Plan management has evaluated subsequent events through the date of the independent auditor's report, the date which the accompanying financial statements were available to be issued. Based on such evaluation, other than (1) the adoption of SECURE Act (noted below), (2) the COVID-19 pandemic (noted below), and (3) the adoption of the CARES Act (noted below), no other events have occurred that in the opinion of management warrant disclosures in or adjustment to the financial statements.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law, providing a number of changes in existing law to make it easier for many employers to offer retirement plans and for employees to save for retirement. Most provisions of the SECURE Act became effective on January 1, 2020. The Company has assessed the effect of the SECURE Act provisions to the Plan and has disclosed material plan changes throughout Note 1, as applicable

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law, providing certain relief related to the economic fallout of the COVID-19 pandemic in the United States. The CARES Act has several provisions, if adopted by the Plan, that enable plan sponsors to provide plan participants with access to funds in defined contribution retirement plans to pay for unanticipated costs associated with the coronavirus pandemic. The Company has assessed the effect of the CARES Act provisions to the Plan and has disclosed material plan changes throughout Note 1, as applicable.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Input to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive market;
- Inputs other than quoted prices that are observable for the asset or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are unobservable and significant to fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of valuation methodology used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Registered Investment Companies
The fair value of registered investments companies are based on quoted market prices in the active market where the individual securities are traded, as of the last trading day of the Plan year.

Collective Investment Trust
Valued at the net asset value (NAV) of units of a financial institution collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments reported at fair value based on the level 1 valuation methodology and net asset value (NAV) as a practical expedient were as follows as of December 31:

	2019	2018
Registered investment companies (Level 1)	$ 5,105,410	$ 4,823,210
Total assets in the fair value hierarchy	5,105,410	4,823,210
Collective investment trust (NAV)	331,184	239,286
Total investments, at fair value	$ 5,436,594	$ 5,062,496

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2019 and 2018:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2019:				
Collective investment trust	$ 331,184	n/a	Daily	None
December 31, 2018:				
Collective investment trust	$ 239,286	n/a	Daily	None

NOTE 4 SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has received certification of the financial information and data from the Custodian in accordance with 29 CFR 2520.103-5 of the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The Custodian has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related interest income in the accompanying financial statements as of December 31, 2019 and 2018 and the year ended December 31, 2019 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019.

NOTE 5 PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or a Company whose employees are covered by the Plan. Certain Plan investments are managed by the Custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

The Custodian provides certain administrative services to the Plan for which fees are charged to the Plan. Additionally, through a revenue sharing agreement between the Plan and the Custodian, the Custodian may remit a rebate to the Plan (see Note 1).

Certain administrative functions are performed by officers or employees of the Company. No such officer or employees received compensation from the Plan. Additionally, certain administrative expenses such as audit and legal fees are paid by the Company at its discretion.

NOTE 6 PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company also has the rights to amend any or all provisions of the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

NOTE 7 INCOME TAX STATUS

The Plan has adopted a prototype defined contribution plan with ADP, LLC. The current prototype plan obtained a favorable opinion letter dated July 16, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the year ended December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns remain subject to examination by the Internal Revenue Service for three years from the date of filing.
