Substantially all employees of these companies are eligible and can become participants in the Plan if they have completed six months of service within a 12-month period. Part time employees become eligible after reaching 21 years of age and completing 1,000 hours of service within a 12-month period. Employees are treated as participants upon entry into the Plan immediately following satisfaction of eligibility requirements.

Contributions - Each year the Plan provides that active participants may make voluntary contributions to the Plan between 1% and 60% of their eligible pre-tax, after-tax, or a combination thereof, annual compensation, up to the maximum allowed by the Internal Revenue Code (Code) (\$19,000 or \$25,000 including "catch-up contributions" for 2019, as defined by the Code). Employees are automatically enrolled with 3% pre-tax deferral elections, unless the participant opts out. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. The Company matching and other Company contributions are as follows:

- Match 40% of the first 5% of participant contributions made during the Plan year.
- Fixed percentage between 1% and 9% or a fixed flat dollar amount based on salary, hourly, or union and length of service.
- Enhanced 401k percentage between 2% and 7% or a fixed flat amount based on salary, hourly, or union and age of participant for those hired or rehired prior to January 1, 2008.

The Company may contribute additional amounts if it so decides. Participants direct the investment of their contributions, as well as their portion of the Company's contributions, into various investment options offered by the Plan. Participants may change the level of their contributions each quarter.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, Plan earnings and administrative expenses. Allocations are based on weighted average of account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus the earnings thereon. Participants shall be fully vested with respect to Company contributions upon early or normal retirement age, death or disability. Otherwise, vesting is based on the elapsed time method, which uses whole years of service to compute vesting. A participant is 100% vested after five whole years of service.

Retirement Age - Early retirement age is the first day of the month after the participant attains 55 years of age and completes 10 years of vesting service. Normal retirement age is 65 years of age.

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits - On termination of service due to death, disability, retirement, or other reasons, a participant with a balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments. Distributions to participants whose vested accounts do not exceed \$5,000 but are greater than \$1,000 shall be made upon termination of services in a lump-sum payment or a rollover to an Individual Retirement Account. For those accounts with a balance of \$1,000 or less, a distribution shall be made upon termination of services in a lump-sum payment.

Forfeitures - At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$23,053 and \$679, respectively. These amounts may be used to pay administrative expenses or to reduce future employer contributions. In 2019, employer contributions were reduced by \$47,829 from forfeited nonvested accounts.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (reduced by the highest outstanding loan balance during the 12-month period), whichever is less, and may have a maximum of two loans outstanding at any given time. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions over six years, unless the loan was to acquire a principal residence, in which case the repayment period may not exceed 10 years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance has been recorded as of December 31, 2019 and 2018 for these notes receivable. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit Payments - Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Some investment related expenses may be included in net change in fair value of investments.

Subsequent Events - These financial statements considered subsequent events through July 21, 2020, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED)

The following is a summary of the information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that information provided to the Plan Administrator by Fidelity related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the values in the supplemental schedule related to the following assets:

	<u>2019</u>	<u>2018</u>
Investments at fair value:		
Mutual funds	\$ 36,487,539	\$ 29,795,694

	<u>\$ 37,929,538</u>	<u>\$ 31,505,206</u>

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust

This investment is valued at the NAV. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The fair value at December 31, 2019 and 2018, of the Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy, as provided by Fidelity, is as follows (there are no level 2 or level 3 investments):

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Fidelity (party-in-interest), therefore, these transactions qualify as party-in-interest transactions. The various funds' operating expense ratios ranged from .01 to .81 percent, as of December 31, 2019. The Plan paid \$86,829 for administrative expenses for the year ended December 31, 2019.

7. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination, and Fidelity shall liquidate all assets of the Plan and continue to administer the Plan in accordance with its provisions until all obligations have been satisfied.

8. TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan designed to qualify under Section 401 of the Internal Revenue Code (IRC). The Plan has obtained a copy of a favorable opinion letter for the volume submitter profit sharing plan dated March 31, 2014, that the volume submitter profit sharing plan is designed in accordance with applicable sections of the IRC. The volume submitter profit sharing plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. This has had a significant adverse impact on investment portfolios. As a result, the Plan's investments may have incurred a significant decline in fair value since December 31, 2019.
