NOTE A - DESCRIPTION OF THE PLAN

The following description of the ServerCentral LLC 401(k) Profit Sharing Plan & Trust (the Plan), provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of ServerCentral, LLC (the Company). Employees who have attained age 21 are eligible to participate in the Plan and to receive Company safe harbor matching contributions. Nonresident aliens and collectively bargained employees are not eligible to participate in the Plan. Participants are eligible to receive discretionary profit sharing contributions after attaining age 21 if employed on the last day of the year or completion of a 500 hour service requirement if the participant is not employed on the last day of the year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan is funded by voluntary traditional and Roth contributions of the participants and safe harbor matching and discretionary profit sharing contributions of the Company. Participants may contribute a percentage of eligible earnings to the Plan through regular payroll deductions, subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified plans. The Company made and accrued safe harbor matching contributions of $473,898 to the Plan for the year ended December 31, 2019. The Company made no discretionary profit sharing contributions for the year ended December 31, 2019.

3. Investment Options

Participants must direct their salary deferral contributions and Company contributions, if applicable, into a variety of selected investment options as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's safe harbor matching and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's safe harbor matching contribution is allocated every pay period and is based on a percentage of a participant's contribution. The Company's discretionary profit sharing contribution is allocated annually as of the last day of the Plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances and are also based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant, rollover, and Company safe harbor matching contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or an eligible rollover distribution. In-service withdrawals are permitted upon attainment of age 59 1/2.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.50% to 6.50%. Principal and interest are paid through payroll deductions over a period not to exceed five years, or longer if proceeds are used for the purchase of a primary residence.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

9. Forfeitures

At December 31, 2019 and 2018, unallocated plan assets resulting from forfeited nonvested accounts were not significant. These accounts may be used to reduce future Company contributions or pay the Plan's administrative expenses. During 2019, forfeitures totaling $391 were used to reduce Company contributions. The employer contribution receivable balance at December 31, 2019 is stated net of forfeitures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. Money market fund and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 233,332	$ -	$ -	$ 233,332
Mutual funds	7,517,743	-	-	7,517,743
Self-directed brokerage accounts	46,972	-	-	46,972
Investments, at fair value	$ 7,798,047	$ -	$ -	$ 7,798,047

	Plan Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 196,509	$ -	$ -	$ 196,509
Mutual funds	5,182,556	-	-	5,182,556
Investments, at fair value	$ 5,379,065	$ -	$ -	$ 5,379,065

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefit payments are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY

The following is a summary of the Plan's asset information as of and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

NOTE C - INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY (Continued)

	2019
Investments, at fair value	
Mutual funds	$ 7,517,743
Money market funds	233,332
Self-directed brokerage accounts	46,972
Notes receivable from participants	44,061
	$ 7,842,108

The trustee also certified the completeness and accuracy of $1,253,283 of net appreciation in fair value of investments and $209,079 of dividends related to the aforementioned investments, and $3,737 of interest from notes receivable from participants for the year ended December 31, 2019.

NOTE D - INCOME TAX STATUS

The Plan adopted a nonstandardized form of a prototype plan sponsored by ADP. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter, however the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their entire respective account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan assets are managed by Reliance Trust Company. Reliance Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE H - RECONCILIATIONS OF AUDITED FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits from these financial statements to the 2019 and 2018 Form 5500's.

The following is a reconciliation of employer contributions from these financial statements to the 2019 Form 5500.

	2019
Employer contributions - financial statements	$ 473,898
Amounts receivable at December 31, 2019	(32,594)
Amounts receivable at December 31, 2018	26,176
Employer contributions - Form 5500	$ 467,480

NOTE I - PROHIBITED TRANSACTIONS

The Plan Sponsor failed to deposit participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. During 2019, the Plan Sponsor has self corrected these deficiencies pursuant to the DOL's Voluntary Fiduciary Correction (VFC) Program.

NOTE J - PLAN AMENDMENT AND MERGER

Effective April 1, 2019, the Plan was amended to add Turing Group, LLC as a participating employer and merge the assets of the Turing Group, LLC 401(k) Plan into this Plan. The merger was completed on April 5, 2019.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through July 16, 2020, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than the event below, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

The direct and indirect impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the effects that this situation will have on the Plan.

As a result of the outbreak mentioned above, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") has been formally enacted. Certain provisions of the CARES Act could have future impact on the Plan for certain eligible participants. The exact effects of the CARES Act on the Plan are currently unknown. Interested parties should refer to the CARES Act for a more complete description of the provisions.
