Note 1 – Description of the Plan

The following description of the Boeing Distribution Services Inc. Retirement Plan (the Plan, formerly KLX Inc. Retirement Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a prototype volume submitter defined contribution 401(k) plan covering eligible employees of Boeing Distribution Services Inc. (the Company, formerly KLX Inc.). The names of the Company and the Plan were changed in February 2019. A nonunion employee becomes eligible to participate effective the first day of the month following or coincident with completion of 30 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – Wells Fargo Bank, N.A. (Wells Fargo) is the trustee of the Plan.

Contributions – Contributions to the Plan are in the form of salary reductions which participants have elected to defer in lieu of current compensation. Participants may elect to contribute, subject to statutory limitations, up to 100% of their eligible pay. Participants age 50 or older are allowed to make catch-up contributions. Participants may elect to change contribution percentages to be effective the next pay period after the request is received or as soon as administratively possible. The allocation of both their contributions and employer contributions to the funds may be changed at any time and become effective on the day of the change or the next business day based on the day and time the request for a change is made in relation to the stock market close of business. The Plan allows active employees to contribute to the Plan from pre-tax compensation, after-tax compensation, or a combination of both. The Plan also accepts certain rollover contributions.

Under the terms of the Plan, the Company makes matching contributions for eligible participants. During 2019, the Company made matching contributions of up to 4% of each participant's eligible compensation as follows: a 100% match of the first 3% of eligible compensation deferred by each participant and a 50% match of each participant's deferrals of the next 2% of eligible compensation.

Participant accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings (losses) from the funds in which the account is invested, and charged with an allocation of certain administrative and investment-related expenses and participant-specific charges, if applicable. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their contributions and employer contributions (in general) including accumulated earnings. Certain prior employer contributions made to the Plan and employer contributions made to the prior merged plans are subject to different vesting schedules.

Note 1 – Description of the Plan (continued)

Withdrawals – Participants may elect to withdraw all or a portion of their accounts at any time on or after the day they attain age 59-1/2. If a participant is under age 59-1/2, withdrawals from their pre-tax, and employer matching contribution accounts are subject to certain hardship rules as provided by the Plan. If a participant takes a hardship withdrawal, the participant's salary deferrals are suspended for six months from the date of the hardship withdrawal. Employer contributions may be fully withdrawn upon termination of employment. Withdrawals of rollover contributions can be made at any time.

Notes receivable from participants – Participants are permitted to borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their total vested account balance at the time of the loan issuance and may have only one loan outstanding at any time. Loans may be further limited in accordance with Plan provisions. The interest rate on new loans is based on the Wells Fargo prime rate plus 1% as of the date of the loan. Interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2019, with loans maturing at various dates through November 2029.

Benefit payments – On termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account, installment payments over the participant's life expectancy, roll their account balance to another company's qualified plan or an individual retirement account, or defer distribution until a later date (if the balance exceeds $5,000).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties – The Plan's investments are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Valuation of investments and income recognition – The Plan's investments are stated at fair value. Fair value of the financial instrument is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. Investments in the Plan are valued as follows:

Mutual funds – The Plan's investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end as quoted in an active market.

Collective investment funds – Units held in the collective investment funds are valued using the NAV practical expedient of the funds as reported by the fund manager. The NAV is based on the fair value of the underlying assets owned by each of the collective investment fund, minus its liabilities, and then divided by the number of units outstanding.

Note 2 – Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade date basis, and dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis of accounting. Net appreciation or depreciation in fair value of investments consists of gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

Expenses – Necessary and proper expenses of the Plan are paid from the Plan's assets, except for those expenses the Company is required by law or chooses to pay.

Subsequent events – The Plan has evaluated subsequent events through July 23, 2020, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Accounting Standards Codification (ASC) 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in non-active markets; or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.

Level 3 - Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level with the fair value hierarchy a summary of the Plan's investments by general types of assets measured at fair value on a recurring basis at December 31, 2019 and 2018. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Quoted Prices in Active Markets for Identical Asset (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2019
Mutual funds	$ 43,481,069	$ -	$ -	$ 43,481,069
Collective investment funds, at NAV				29,058,304
Investments, at fair value				$ 72,539,373

	Quoted Prices in Active Markets for Identical Asset (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2018
Mutual funds	$ 38,027,392	$ -	$ -	$ 38,027,392
Collective investment funds, at NAV				24,842,734
				$ 62,870,126

There were no transfers to or from Level 3 during the year ended December 31, 2019.

Note 4 – Information Certified by the Trustee

The following summary of unaudited information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) was certified by Wells Fargo as of December 31, 2019 and 2018, and for the year ended December 31, 2019. The information was furnished to the Plan administrator, and the Plan administrator has obtained certifications from Wells Fargo that such information is complete and accurate.

- Investments at fair value as of December 31, 2019 and 2018
- Notes receivable from participants as of December 31, 2019 and 2018
- Investment income for the year ended December 31, 2019
- Interest income on notes receivable from participants for the year ended December 31, 2019
- Information contained in the supplemental schedule of assets (held at end of year)

Note 5 – Tax Status

The Plan is based on a prototype volume submitter plan that received a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter, however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan's tax-exempt status has not been affected, and no provision for income taxes has been included in the Plan's financial statements.

Note 6 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, both participant and employer contributions (including any income earned) would be distributed to the participants.

Note 7 – Related Party Transactions

The Plan invested in shares of mutual and collective investment funds managed by affiliates of Wells Fargo. Therefore, these transactions qualify as exempt party-in-interest transactions.

Note 8 – Subsequent Events

On December 19, 2019, Congress passed the Setting Every Community Up for Retirement Enhancement (SECURE) Act. Effective January 1, 2020, as a result of the SECURE Act, required minimum distributions to participants will generally begin after age 72.

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively impacted the world economy. The impact of COVID-19 on economic markets continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

The Plan has implemented certain relief provisions included in the CARES Act. However, its future effects on the Plan's statements of net assets available for benefits and changes in net assets available for benefits are uncertain. Plan management expects to formally amend the Plan by no later than December 31, 2022.
