SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the SoundCom Systems 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On April 9, 2018, Ametek, Inc. acquired SoundCom Systems Corporation. As a result of the acquisition, effective January 1, 2019 SoundCom Systems 401(k) participants may no longer contribute to the Plan. On January 24, 2020, all remaining plan assets transferred to the Ametek Inc. Profit Sharing Plan.

General

The Plan is a defined contribution profit-sharing plan covering substantially all employees of SoundCom Corporation (the Company). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Eligibility

Prior to the acquisition, an employee was eligible to participate in the Plan upon completion of three months of service and attained the age of 18.

Contributions

Prior to January 1, 2019, participants could elect to contribute 1% to 100% of their pre-tax annual compensation as defined in the Plan or the legal limitation for the applicable year. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company could also make matching and profit sharing contributions at the option of the Company's Board of Directors which was subject to certain limitations and eligibility requirements. The Company could match 50% of every dollar participants contribute to the plan, up to 6% of compensation. Participants that were under a collective bargaining agreement were permitted to make payroll deferrals into the Plan but were not eligible for the discretionary match or profit sharing contribution.

The Company approved a discretionary match of \$163,273 during the year ended December 31, 2018. There was no profit sharing contribution for the period from January 1, 2020 through January 24, 2020 and for the years ended December 31, 2019 and 2018.

Contributions were invested at the election of the employees in funds maintained by the Plan's custodian.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary profit sharing contribution and match, the Plan's earnings, net of administrative expenses and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their pre-tax and rollover contributions plus actual earnings thereon. A participant will vest in the matching and profit-sharing contributions following the below schedule:

Years of Service	Vested Percentage
1 year	0%
2 years	0%
3 years	100%

Payment of Benefits

Participants are eligible to receive distributions from their accounts at the normal retirement age (age 65), disability, death or termination of employment. Participants receive the value of their vested account balance in the form of a single-sum payment or installments. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59 ½, may receive in-service distributions.

Forfeitures

Forfeitures of employer matching contributions may be used to first reduce employer matching contributions. They are then used to pay any administrative expenses. In 2018, the Company used \$27,542 of forfeitures to reduce the discretionary match. No forfeitures were used as of the period from January 1, 2020 through January 24, 2020 and the year ended December 31, 2019.

Notes Receivable from Participants

Participants may borrow from their accounts an amount up to a maximum equal to the lesser of \$50,000 or 50% (minimum loan amount of \$1,000) of their vested account balance. Loan terms range from one month to five years unless loan was used for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loans bear interest at a rate commensurate with bank prevailing rates as determined quarterly by the plan administrator. The interest rate ranged from 4.00% to 6.50%. Principal and interest is paid through payroll deductions. Participants may only have one loan outstanding at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Valuation of Investments and Income Recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year/period.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Costs of administering the Plan are paid by the Plan or the Company, as determined by the Company, subject to limitations under ERISA.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported increases and decreases of net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Evaluation of Subsequent Events

Management has evaluated subsequent events through July 23, 2020, and has determined that there are no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

Notes to Financial Statements

3. Investments/Notes Receivable from Participants, Unaudited

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the custodian of the Plan as of January 24, 2020, December 31, 2019 and 2018 and for the period from January 1, 2020 through January 24, 2020 and for the years then ended December 31, 2019 and 2018, that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements and supplemental schedule as to investments, notes receivable from participant and investment income is presented solely in reliance upon those certificates.

4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

Registered Investment Companies - Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methodology used for assets measured at fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value for the one month period ended:

<i>January 24, 2020</i>	Fair Value Measurement at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ -	\$ -	\$ -	\$ -

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Federal Income Tax Status

The Plan adopted the MassMutual Life Insurance Company's Volume Submitter Plan. MassMutual has obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the volume submitter adopted by the Plan, as then designed, qualifies and was in compliance with the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself and has since been amended; however, the plan administrator and counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 24, 2020, December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transaction

Purchases and sales of investments managed by the custodian and notes receivable from participants qualify as party-in-interest transactions. Fees are paid to the custodian for these services.

7. Prohibited (Non - exempt) Transactions

During the year ended December 31, 2017, the Company inadvertently failed to separate and remit in a timely manner certain participant contributions from its assets within the required time period as specified by the DOL Reg 2510.3012. Failure to separate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the Internal Revenue Code. Lost earnings associated with the 2017 late remittances were paid by the Plan sponsor to the participant accounts in 2019. The Company remitted the lost earnings in the amount of \$84 to the Plan in 2019.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2019 - 12/31/2019 and indirect compensation is presented on a calendar year basis ending 12/31/2019.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

In connection with the acquisition, MassMutual was appointed to provide all of administrative services necessary to support your plan under contracts issued by Talcott Resolution Life Insurance Company (formerly, "Hartford Life Insurance Company"). MassMutual receives all charges, fees and compensation – both direct and indirect – as payable to Talcott Resolution Life Insurance Company for the services provided to your plan under the packaged retirement services programs.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2019 - 12/31/2019 and indirect compensation is presented on a calendar year basis ending 12/31/2019.

For use with lines 2(h), 3(c), 3(d), 3(e)

Total Direct Compensation Paid **\$1,495.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$1,495.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2019 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2019, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation**\$300.44**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.399% for 2019) earned on the bank accounts and investments associated with the short-term investment pool for the 2019 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2019. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2019 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

*This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the SoundCom Systems 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On April 9, 2018, Ametek, Inc. acquired SoundCom Systems Corporation. As a result of the acquisition, effective January 1, 2019 SoundCom Systems 401(k) participants may no longer contribute to the Plan. On January 24, 2020, all remaining plan assets transferred to the Ametek Inc. Profit Sharing Plan.

General

The Plan is a defined contribution profit-sharing plan covering substantially all employees of SoundCom Corporation (the Company). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Eligibility

Prior to the acquisition, an employee was eligible to participate in the Plan upon completion of three months of service and attained the age of 18.

Contributions

Prior to January 1, 2019, participants could elect to contribute 1% to 100% of their pre-tax annual compensation as defined in the Plan or the legal limitation for the applicable year. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company could also make matching and profit sharing contributions at the option of the Company's Board of Directors which was subject to certain limitations and eligibility requirements. The Company could match 50% of every dollar participants contribute to the plan, up to 6% of compensation. Participants that were under a collective bargaining agreement were permitted to make payroll deferrals into the Plan but were not eligible for the discretionary match or profit sharing contribution.

The Company approved a discretionary match of \$163,273 during the year ended December 31, 2018. There was no profit sharing contribution for the period from January 1, 2020 through January 24, 2020 and for the years ended December 31, 2019 and 2018.

Contributions were invested at the election of the employees in funds maintained by the Plan's custodian.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary profit sharing contribution and match, the Plan's earnings, net of administrative expenses and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their pre-tax and rollover contributions plus actual earnings thereon. A participant will vest in the matching and profit-sharing contributions following the below schedule:

Years of Service	Vested Percentage
1 year	0%
2 years	0%
3 years	100%

Payment of Benefits

Participants are eligible to receive distributions from their accounts at the normal retirement age (age 65), disability, death or termination of employment. Participants receive the value of their vested account balance in the form of a single-sum payment or installments. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59 ½, may receive in-service distributions.

Forfeitures

Forfeitures of employer matching contributions may be used to first reduce employer matching contributions. They are then used to pay any administrative expenses. In 2018, the Company used \$27,542 of forfeitures to reduce the discretionary match. No forfeitures were used as of the period from January 1, 2020 through January 24, 2020 and the year ended December 31, 2019.

Notes Receivable from Participants

Participants may borrow from their accounts an amount up to a maximum equal to the lesser of \$50,000 or 50% (minimum loan amount of \$1,000) of their vested account balance. Loan terms range from one month to five years unless loan was used for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loans bear interest at a rate commensurate with bank prevailing rates as determined quarterly by the plan administrator. The interest rate ranged from 4.00% to 6.50%. Principal and interest is paid through payroll deductions. Participants may only have one loan outstanding at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Valuation of Investments and Income Recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year/period.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Costs of administering the Plan are paid by the Plan or the Company, as determined by the Company, subject to limitations under ERISA.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported increases and decreases of net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Evaluation of Subsequent Events

Management has evaluated subsequent events through July 23, 2020, and has determined that there are no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

3. Investments/Notes Receivable from Participants, Unaudited

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the custodian of the Plan as of January 24, 2020, December 31, 2019 and 2018 and for the period from January 1, 2020 through January 24, 2020 and for the years then ended December 31, 2019 and 2018, that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements and supplemental schedule as to investments, notes receivable from participant and investment income is presented solely in reliance upon those certificates.

4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

Registered Investment Companies - Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methodology used for assets measured at fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value for the one month period ended:

<i>January 24, 2020</i>	Fair Value Measurement at Reporting Date Using			
	Level 1	Level 2	Level 3	Total

SoundCom Systems 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Federal Income Tax Status

The Plan adopted the MassMutual Life Insurance Company's Volume Submitter Plan. MassMutual has obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the volume submitter adopted by the Plan, as then designed, qualifies and was in compliance with the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself and has since been amended; however, the plan administrator and counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 24, 2020, December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transaction

Purchases and sales of investments managed by the custodian and notes receivable from participants qualify as party-in-interest transactions. Fees are paid to the custodian for these services.

7. Prohibited (Non - exempt) Transactions

During the year ended December 31, 2017, the Company inadvertently failed to separate and remit in a timely manner certain participant contributions from its assets within the required time period as specified by the DOL Reg 2510.3012.
