PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Fisher Associates, P.E., L.S., L.A., D.P.C. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Fisher Associates, P.E., L.S., L.A., D.P.C. (the "Company") who meet the eligibility requirements defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Participant Requirements

All eligible employees of the Company will become eligible to make his or her own contributions (elective deferrals) to the Plan on their date of hire.

All eligible employees of the Company are eligible to receive employer profit sharing contributions. An eligible employee shall be entitled to share in employer profit sharing contributions, if any, on January 1st or July 1st of the year following when the employee completes one year of service and attains eighteen years of age. Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of a good faith bargaining, nonresident aliens, leased employees and any employee who is a resident of Puerto Rico are excluded from both the employer profit sharing contributions and elective deferrals.

Effective January 1, 2019, employees are eligible to participate in all aspects of the Plan on their date of hire.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed maximum limits established by the IRS. The Company may, at its discretion, contribute and allocate to eligible participants' accounts a discretionary amount as determined by the Company. The profit sharing contributions totaled $240,000 and $180,000 for Fisher Associates, P.E., L.S., L.A., D.P.C. 401(k) Profit Sharing Plan for the years ended December 31, 2019 and 2018, respectively.

Effective July 1, 2019, participants are permitted to make Roth elective deferrals.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Employer contributions vest 20% per year beginning with the completion of two years of service. Participants are 100% vested after six years of service.

Effective January 1, 2019, a year of service has been defined as completion of at least 500 hours of service during a plan year.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings or losses. Participants direct all investment contributions into various investment options offered by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. As of December 31, 2019 and 2018, there were no amounts allocated to accounts of participants who have elected to withdraw from the Plan, but have not been paid.

Participant notes receivable

Participant notes receivable are measured and valued at their unpaid principal balance plus any accrued but unpaid interest.

Participants are permitted to borrow up to 50% of the vested balance in their plan accounts to a maximum of $50,000 and minimum amount of $1,000. Participants may only have two loans outstanding at any time. Loan terms may not exceed five years unless the loan is for the purchase of a principal residence, in which case the Administrator can permit a longer repayment term. Loans are granted at 2% over the prime interest rate. Principal and interest payments are generally made through payroll withholdings.

Payment of benefits

Upon retirement, death or disability, a participant's entire vested account balance will be distributed in the form of a lump-sum payment. In addition, lump-sum distributions may be made, with participant consent, upon separation from service or participant's attainment of age 59 ½. On separation of service, a participant may request early payment of benefits or defer receipt of a distribution in accordance with Plan provisions. Partial withdrawals or installments are only permitted for required minimum distributions. If the participant's account is $5,000 or less, the Plan will distribute the entire balance as soon as practicable after termination of employment.

Forfeitures

Forfeited amounts are first used to pay administrative expenses of the Plan or used to reduce future Company contributions. Forfeited amounts consist of employer profit sharing contributions for excess contributions refundable. There were unallocated forfeiture balances of $1,051 and $849 at December 31, 2019 and 2018, respectively.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition
The Plan's money market and mutual fund investments are stated at fair value. Quoted market prices are generally used to value investments. If quoted market prices are not available, fair value is determined based on other relevant factors, including dealer price quotations, price activity for equivalent instruments and valuation pricing models. Shares of common/collective trusts and pooled separate accounts are valued at the net asset value of shares held by the Plan at year-end. Investments in fully benefit-responsive investment contracts are valued at contract value, which commonly approximates fair value, as upon discontinuance of the contract an adjustment does not apply.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Historical cost is used to determine the net appreciation of investments, as reported by the Plan's custodian.

Payment of benefits
Benefits paid to participants are recorded when paid.

Use of estimates in the preparation of financial statements
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Administrative expenses
The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Forfeitures may be used to pay expenses, at the discretion of the Plan trustees. During the years ended December 31, 2019 and 2018 forfeitures were used to pay approximately $6,200 and $13,100 of administrative expenses, respectively. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent events
The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through July 16, 2020, which is the date the financial statements are available to be issued. Subsequent events requiring disclosure are discussed in Note I.

NOTE C: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America ("GAAP") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quote prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value under GAAP are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at quoted prices in active markets on which the individual securities are traded.

Pooled Separate Accounts: Unit value calculated based on the net asset value of the underlying investments or pool of securities.

Common/collective Trusts: Valued on the basis of the relative interest of each participating investor (including each participant) in the fair value of the underlying assets of the collective trust. There are no unfunded commitments for the collective trusts as of December 31, 2019 or 2018. There is no waiting period or other restrictions on redemptions from the common collective trusts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following disclosures are required by generally accepted accounting principles in the United States of America:

Principal Stable Value Fund

The Principal Stable Value Fund is an investment contract. At December 31, 2019 and 2018, the Principal Stable Value Fund invested its assets in a variety of high quality stable value investment contracts as well as cash and cash equivalents. The Principal Stable Value Fund invests in investment contracts and synthetic investment contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A synthetic investment contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity. The Plan's interest in the Principal Stable Value Fund is valued at contract value. There were no unfunded commitments as of December 31, 2019 and 2018 and there is no waiting period or other significant restrictions on redemptions from the Principal Stable Value Fund. The total returns of the fund based on the value of a single unit of participation outstanding throughout the years were 1.4% and 2.14% for the years ended December 31, 2019 and 2018, respectively. The blended net crediting rates based on weighted average crediting rate of all investment contracts and short term income at year end were 2.52% and 2.35% for the years ended December 31, 2019 and 2018, respectively.

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE D: FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, prepared by the custodian and furnished to the Plan Administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate:

	December 31,	
	2019	2018
Investments, at fair value	$ 16,446,663	$ 12,567,758
Investments, at contract value	807,452	883,543
Net appreciation in fair value of investments - Mutual funds	1,131,928	
Net appreciation in fair value of investments - Common/collective trusts	1,048,761	
Net appreciation in fair value of investments - Pooled separate accounts	810,420	

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2019, except participant notes receivable.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E: PLAN TERMINATION

The Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts and their accounts will be paid to them as provided by the plan document.

NOTE F: TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan is qualified and the related trust exempt from taxation as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2016.

NOTE G: PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments funds are managed by Principal Life Insurance Company, the custodian of the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rules.

As described in Note B, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I: SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a negative impact on the global economy. As a result, the Plan's investment portfolio has incurred a decline in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), whose laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within this act are currently being assessed but have not been implemented to date. No other subsequent events were identified through July 16, 2020, the date these financial statements were issued.
