Hohman Plating & Manufacturing 401(k) Retirement Savings Plan
Notes to the Financial Statements
December 31, 2019 and 2018

NOTE A – DESCRIPTION OF PLAN

The following brief description of the Hohman Plating and Manufacturing 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution prototype plan and trust administered by Pension Corporation of America covering all eligible employees of Hohman Plating and Manufacturing, LLC (the Company). Employees who are not covered by a collective bargaining agreement and are age 21 or older are eligible to participate in the Plan. Eligible participants may enter the Plan on January 1, April 1, July 1, or October 1, upon satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is qualified under the Internal Revenue Code (Code).

Contributions

Each year, participants may elect to defer pre-tax or Roth after-tax contributions up to the maximum allowed by law. Roth 401(k) contributions are included as taxable income to the employee. Earnings on the Roth 401(k) contribution will accumulate tax free and retirement withdrawals may be exempt from federal income tax. Employees with existing qualified pre-tax retirement plans or Roth 401(k) accounts with a prior employer may transfer or roll-over those accounts into the Plan upon becoming a participant in the Plan. Participants that are age 50 or older and make the maximum allowable deferral to the Plan are entitled to contribute an additional "catch-up contribution". Participants may direct investment of their account balances into various investment options offered by the Plan.

The Plan provides for the Company to make discretionary matching contributions. The Company will make discretionary matching contributions equal to 30% of participant elective deferrals, up to 4% of compensation for all participants that have completed one year of service as defined by the Plan. The discretionary matching contribution is made to participants' accounts for both pre-tax contributions and Roth after-tax contributions. The Company also makes a safe harbor contribution equal to 4% for all participants that have completed one year of service as defined by the Plan. The Company may also make a discretionary profit sharing contribution that is allocated to all eligible participants. The Company's discretionary matching and safe harbor contributions for the year ended December 31, 2019 were \$398,420. There were no discretionary profit sharing contributions made in 2019.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions, rollovers, employer safe harbor contributions and discretionary contributions plus any earnings they generate. Employer matching contributions to the Plan plus any earnings they generate vest at 20% each year and are fully vested after five years of service.

Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or longer for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account provided the outstanding balance does not exceed 50% of the vested interest in the Plan. The loan is charged a commercially reasonable rate of interest based on interest rates charged for similar types of loans by other lenders. The interest rate is fixed for the duration of the loans and ranges from 4.25% to 6.50% as of December 31, 2019. A participant may only have one loan outstanding at a time. The principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits

Participants become eligible for benefit payments upon retirement, termination of employment, disability or death. Additionally, the Plan provides for in-service distributions after a participant has reached age 59 ½ and after their account is fully vested. Participants may also receive distributions from the employee deferral or rollover balance for qualified financial hardships. Distributions may be made as a single lump-sum payment, partial withdrawals of at least \$1,000, or installments over a period of not more than the participant's assumed life expectancy (or the assumed life expectancies of the participant and their beneficiary). Vested account balances that do not exceed \$5,000 may only be distributed in a single lump-sum payment.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in the employer matching contributions.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures resulting from the non-vested portion of participants' accounts who terminate prior to being fully vested are generally used first to pay any administrative expenses of the Plan. Any remaining forfeitures will be used to reduce employer contributions. At December 31, 2019 and 2018, forfeitures were \$1,043 and \$2,560, respectively. For the year ended December 31, 2019, \$10,803 of forfeitures were used for administrative expenses.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Administrative expenses paid by the Plan totaled \$31,884 for the year ended December 31, 2019.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefit payments are recorded when approved. There were no benefit payments that were approved but not paid as of December 31, 2019 or 2018.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, net appreciation in fair value of investments, and dividends and interest for the year ended December 31, 2019, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

<i>Level 1</i>	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
----------------	---

Hohman Plating & Manufacturing 401(k) Retirement Savings Plan
Notes to the Financial Statements
December 31, 2019 and 2018

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Mutual funds are stated at fair value as defined by observable quoted prices in active markets (Level 1).

Collective trust fund: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. The Wells Fargo Stable Value Fund C has no withdrawal restrictions for participant-initiated withdrawals but does require a 12-month advance notice for plan sponsor-initiated withdrawals.

Notes to the Financial Statements
December 31, 2019 and 2018

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 75	\$ -	\$ -	\$ 75
Collective trust fund ^(a)	-	-	-	716,989

Total assets, at fair value	<u>\$ 11,523,971</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,240,960</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

NOTE E – TAX STATUS

The plan sponsor amended and restated the Plan on January 1, 2016, by adopting the Pension Corporation of America of Cincinnati Volume Submitter Defined Contribution Plan (Profit Sharing/401k Plan). The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service dated March 31, 2014 stating that the form of the plan is qualified under Section 401 of the Code and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2013-6 and 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain tax position that is more likely than not would not be sustained upon examination by the IRS. There were no uncertain tax positions as of December 31, 2019 or 2018.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H – PARTIES-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those fiduciaries or employees of the Plan, any person who provides services to the Plan and employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. Certain administrative expenses are provided by the Company at no cost to the Plan and certain administrative expenses of the Plan are paid by the Company.

NOTE I – SUBSEQUENT EVENTS

In connection with the preparation of the Plan's financial statements as of December 31, 2019 and 2018 and for the year ended December 31, 2019, events and transactions subsequent to December 31, 2019 through July 22, 2020, which is the date on which the financial statements were available to be issued, have been evaluated by the plan administrator for possible adjustment and/or disclosure.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic has significantly impacted the economic conditions in the U.S., accelerating during the first half of March 2020, as federal, state and local governments reacted to the public health crisis, creating significant uncertainties in the economy. At this time, the Company cannot reasonably estimate the length or severity of this pandemic or the results on the Company's operations or the Plan.

Notes to the Financial Statements

NOTE I – SUBSEQUENT EVENTS (CONTINUED)

This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because the values of the Plan's individual investments have fluctuated in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, was signed into law by President Donald J. Trump. The CARES Act contains several provisions that temporarily impact 401(k) plans, such as the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a loan payment pause option. The Company has incorporated these provisions into the Plan; however, they have not been used by any of the plan's participants as of the date of this report.
