YEARS ENDED JUNE 30, 2019 AND 2018

1. DESCRIPTION OF THE PLAN

The following description of the Bradken 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") for all eligible employees of Bradken, Inc., Bradken-Atchison/St. Joseph, Inc., Bradken – Amite, Inc. and Bradken – Atlas Limited Partnership (collectively the "Company). The Company adopted a new plan agreement effective October 1, 2016.

Fidelity Management Trust Company ("Fidelity") serves as the trustee and recordkeeper for the Plan.

Plan Merger – The Plan assets were merged into the Hitachi Employee 401(k) Retirement Plan in June 2019.

Prior to the plan transfer, the following provisions applied:

Eligibility – An individual is eligible to participate in the Plan on the first day of the month after completing 3 months of service. The Plan is not open to residents of Puerto Rico, non-resident aliens or directors not otherwise employed by the Company.

Contributions – Participants may contribute up to 50% of eligible compensation, as defined in the Plan Document, subject to certain Internal Revenue Code ("IRC") provisions. Contributions may be designated as pre-tax or Roth contributions. Once an employee has met the eligibility requirements, automatic deferrals equal to 3% of compensation will be made to the Plan with annual increases of 1% as of August 15th, to a maximum of 6% deferral, unless the participant states in writing to defer more or less than the automatic deferral percentage. The automatic enrollment and escalation provision does not apply to former participants of the Bradken-Atchison/St. Joseph, Inc. Hourly Employees' 401(k) Plan who were employed by the Company on 10/1/2016. In addition, participants meeting certain age requirements may also make catch-up contributions.

The Company matches participant contributions at an amount equal to 50% of each eligible contribution, not to exceed 6% of compensation in any period.

Employees covered by the United Steel Workers collective bargaining agreement shall receive an employer contribution as follows:

- Employees not participating in the defined pension plan (employees hired after May 10, 1993), the Company will make a 1% contribution of compensation earned, as defined by the Plan. Effective February 1, 2019, the rate was increased to 1.25%.

- Employees hired before May 10, 1993, as follows:

Years of service	Amount per hour worked	Amount per hour worked (eff 2/1/2019)
25 to 30 years	$1.11	$1.17
30 to 35 years	$1.19	$1.25
35 to 40 years	$1.27	$1.33
40 years and more	$1.35	$1.42

In addition, the Company may contribute a discretionary profit sharing amount annually. There was no such contribution during fiscal year 2019.

Participant Accounts **–** Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings, and is charged with the participant's withdrawals and distributions and a share of Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments **–** Participants direct their contributions into various mutual funds, a common/ collective trust fund ("CCT") or a money market fund.

Vesting **–** Participants' contributions are fully vested at all times. Effective October 1, 2012, the employer's discretionary profit sharing contribution vesting was amended to be fully vested immediately. The Company's match contribution is 100% vested after three years of service, except for Atlas Limited Partnership employees hired before April 1, 2008, for which all prior employer contributions are 100% vested. In the event of permanent disability, death, or termination of the Plan, the Company's contributions will become fully vested.

Forfeitures **–** Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. Forfeitures are used to reduce future employer contributions.. There is approximately $0 and $7,900 of forfeitures available at June 30, 2019 and 2018, respectively.

Payment of Benefits **–** Distributions from the Plan are made upon death, retirement or termination pursuant to the Plan's provisions and as permitted by law. A participant's vested account balance under $5,000 will be subject to automatic distribution. Vested balances between $1,000 and $5,000 will be automatically rolled over to an IRA account in the participant's name, unless otherwise instructed by the participant. If the account balance is $5,000 or greater, distributions can be in the form of a lump-sum payment, installments, or rollover to a personal IRA or another trustee.

In-Service Withdrawals **–** Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested. Upon making such a withdrawal, the participant is suspended from making deferrals for six months.

Participants who have obtained the age of 59 ½ are allowed to receive a distribution of all or any portion of their vested account balances.

Notes Receivables from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Interest rates are established by the Company based on the prevailing interest rates of local financial institutions. The maximum term for a loan is 5 years, except if the loan is to acquire the participant's principal residence, which has a maximum term of 10 years. Loan repayments are made ratably through payroll deductions.

Administrative Expenses – The Plan pays certain permitted expenses of the Plan. During fiscal 2019, the Plan paid $50,626 in fees related to recordkeeping and investment expenses. The Company pays other professional fees associated with the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Contributions are recorded in the year in which the services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Excess Refundable Contributions – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year-end.

Payment of Benefits – Benefit payments are recorded upon distribution.

Date of Management's Review – Subsequent events have been evaluated through April 14, 2020, the date that these financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 (all assets were transferred or distributed prior to June 30, 2019):

Mutual Funds and Money Market Fund– Valued at the net asset value (NAV) of shares held by the plan at year end based on published quoted prices.

Common Collective Trust Fund – Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held in the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no Plan investments at June 30, 2019. The Plan's investments are reported at fair value as follows at June 30, 2018:

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Total
June 30, 2018:				
Mutual funds	$ 55,167,974			$ 55,167,974
Money market fund	1,817,964			1,817,964
Total assets in the fair value heirarchy	$ 56,985,938	$ -	$ -	$ 56,985,938
Investments measured at net asset value **(a)**				1,158,923
Investments at fair value				$ 58,144,861

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments as of June 30, 2019 and 2018, and for the year ended June 30, 2019:

- Investments, at fair value
- Notes receivable from participants and related interest
- Net appreciation in fair value of investments
- Interest and dividends

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds, money market fund, and a common/collective trust fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of June 30, 2019 and 2018:

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2019 AND 2018

1. DESCRIPTION OF THE PLAN

The following description of the Bradken 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") for all eligible employees of Bradken, Inc., Bradken-Atchison/St. Joseph, Inc., Bradken – Amite, Inc. and Bradken – Atlas Limited Partnership (collectively the "Company). The Company adopted a new plan agreement effective October 1, 2016.

Fidelity Management Trust Company ("Fidelity") serves as the trustee and recordkeeper for the Plan.

Plan Merger – The Plan assets were merged into the Hitachi Employee 401(k) Retirement Plan in June 2019.

Prior to the plan transfer, the following provisions applied:

Eligibility – An individual is eligible to participate in the Plan on the first day of the month after completing 3 months of service. The Plan is not open to residents of Puerto Rico, non-resident aliens or directors not otherwise employed by the Company.

Contributions – Participants may contribute up to 50% of eligible compensation, as defined in the Plan Document, subject to certain Internal Revenue Code ("IRC") provisions. Contributions may be designated as pre-tax or Roth contributions. Once an employee has met the eligibility requirements, automatic deferrals equal to 3% of compensation will be made to the Plan with annual increases of 1% as of August 15th, to a maximum of 6% deferral, unless the participant states in writing to defer more or less than the automatic deferral percentage. The automatic enrollment and escalation provision does not apply to former participants of the Bradken-Atchison/St. Joseph, Inc. Hourly Employees' 401(k) Plan who were employed by the Company on 10/1/2016. In addition, participants meeting certain age requirements may also make catch-up contributions.

The Company matches participant contributions at an amount equal to 50% of each eligible contribution, not to exceed 6% of compensation in any period.

Employees covered by the United Steel Workers collective bargaining agreement shall receive an employer contribution as follows:

- Employees not participating in the defined pension plan (employees hired after May 10, 1993), the Company will make a 1% contribution of compensation earned, as defined by the Plan. Effective February 1, 2019, the rate was increased to 1.25%.

- Employees hired before May 10, 1993, as follows:

Years of service	Amount per hour worked	Amount per hour worked (eff 2/1/2019)
25 to 30 years	$1.11	$1.17
30 to 35 years	$1.19	$1.25
35 to 40 years	$1.27	$1.33
40 years and more	$1.35	$1.42

In addition, the Company may contribute a discretionary profit sharing amount annually. There was no such contribution during fiscal year 2019.

Participant Accounts **–** Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings, and is charged with the participant's withdrawals and distributions and a share of Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments **–** Participants direct their contributions into various mutual funds, a common/ collective trust fund ("CCT") or a money market fund.

Vesting **–** Participants' contributions are fully vested at all times. Effective October 1, 2012, the employer's discretionary profit sharing contribution vesting was amended to be fully vested immediately. The Company's match contribution is 100% vested after three years of service, except for Atlas Limited Partnership employees hired before April 1, 2008, for which all prior employer contributions are 100% vested. In the event of permanent disability, death, or termination of the Plan, the Company's contributions will become fully vested.

Forfeitures **–** Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. Forfeitures are used to reduce future employer contributions.. There is approximately $0 and $7,900 of forfeitures available at June 30, 2019 and 2018, respectively.

Payment of Benefits **–** Distributions from the Plan are made upon death, retirement or termination pursuant to the Plan's provisions and as permitted by law. A participant's vested account balance under $5,000 will be subject to automatic distribution. Vested balances between $1,000 and $5,000 will be automatically rolled over to an IRA account in the participant's name, unless otherwise instructed by the participant. If the account balance is $5,000 or greater, distributions can be in the form of a lump-sum payment, installments, or rollover to a personal IRA or another trustee.

In-Service Withdrawals **–** Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested. Upon making such a withdrawal, the participant is suspended from making deferrals for six months.

Participants who have obtained the age of 59 ½ are allowed to receive a distribution of all or any portion of their vested account balances.

Notes Receivables from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Interest rates are established by the Company based on the prevailing interest rates of local financial institutions. The maximum term for a loan is 5 years, except if the loan is to acquire the participant's principal residence, which has a maximum term of 10 years. Loan repayments are made ratably through payroll deductions.

Administrative Expenses – The Plan pays certain permitted expenses of the Plan. During fiscal 2019, the Plan paid $50,626 in fees related to recordkeeping and investment expenses. The Company pays other professional fees associated with the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Contributions are recorded in the year in which the services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Excess Refundable Contributions – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year-end.

Payment of Benefits – Benefit payments are recorded upon distribution.

Date of Management's Review – Subsequent events have been evaluated through April 14, 2020, the date that these financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 (all assets were transferred or distributed prior to June 30, 2019):

Mutual Funds and Money Market Fund– Valued at the net asset value (NAV) of shares held by the plan at year end based on published quoted prices.

Common Collective Trust Fund – Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held in the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no Plan investments at June 30, 2019. The Plan's investments are reported at fair value as follows at June 30, 2018:

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Total
June 30, 2018:				
Mutual funds	$ 55,167,974			$ 55,167,974
Money market fund	1,817,964			1,817,964
Total assets in the fair value heirarchy	$ 56,985,938	$ -	$ -	$ 56,985,938
Investments measured at net asset value **(a)**				1,158,923
Investments at fair value				$ 58,144,861

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments as of June 30, 2019 and 2018, and for the year ended June 30, 2019:

- Investments, at fair value
- Notes receivable from participants and related interest
- Net appreciation in fair value of investments
- Interest and dividends

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds, money market fund, and a common/collective trust fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
