NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Julius Zorn Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Julius Zorn, Inc. (the Company), who have attained twenty-one years of age. Effective October 2019, the Plan was amended to require six months of service for participation, as defined. Prior to the amendment, one year of service was required for participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administration Committee oversees governance of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Administration Committee.

Contributions

Each year, participants may make voluntary pre-tax and Roth contributions of up to 100% of their eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may, at its discretion, make matching contributions defined as a percentage of participant deferrals. The matching percentage is determined annually and cannot exceed 5% of eligible compensation, as defined, that a participant contributes into the Plan. For 2019, the Company authorized a match of 20% of each participant's first 5% of eligible compensation contributed to the Plan. The Company may also authorize discretionary profit sharing contributions to the Plan for the related year. These contributions are funded in the year subsequent to their authorization. There were no discretionary profit sharing contributions authorized during 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary pre-tax and Roth contributions, rollover contributions, the Company's matching and profit sharing contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's profit sharing contributions and forfeitures are given only to participants who are employed at the end of the Plan year and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's balance within each fund. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Effective October 2019, vesting in the Company's contribution portion of their accounts is based on years of continuous service, with the participant being fully vested after three years of credited service. Prior to the October 2019 amendment, vesting in the Company's contribution portion of their accounts was based on years of continuous service, in which the participant worked at least 1,000 hours, with the participant being fully vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow money within certain limits from their individual accounts. The notes are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at Prime (4.75% and 5.50% at December 31, 2019 and 2018, respectively) plus 2%, as defined, in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, attainment of age 59½, or attainment of age 55 and seven years of vesting, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a future period. If the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustees to make a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administration Committee under certain hardship conditions.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses, reduce future contributions by the Company, or are allocated to individual participants' accounts, based on the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the Plan year. The redistribution of forfeitures is at the discretion of the plan administrator. At December 31, 2019 and 2018, there were no forfeited amounts in the forfeiture account. During 2019, \$544 was used to reduce employer contributions or administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Principal Life Insurance Company and Principal Trust Company (collectively, Principal), the trustees of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administration Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Principal as of December 31, 2019 and 2018, representing investments in mutual funds, pooled separate accounts, and a stable value collective trust fund.

Investments of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2019 and 2018, and for the year ended December 31, 2019, the Plan did not have a liability for unrecognized tax benefits.

3. INFORMATION CERTIFIED BY THE TRUSTEES

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditors' examination with regard to statements or information prepared and certified by Principal, the trustees.

Other than the fair value of notes receivable from participants, Principal has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of the account which primarily includes a mix of mutual funds and common stock. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,007,661			\$ 3,007,661
Total assets in the fair value hierarchy	3,007,661			3,007,661
Investments measured at NAV:				
Pooled separate accounts				4,267,064
Stable value collective trust fund				732,730
Investments at fair value	\$ 3,007,661	\$	\$	\$ 8,007,455

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 2,463,735</u>			<u>\$ 2,463,735</u>
Total assets in the fair value hierarchy	2,463,735			2,463,735
Investments measured at NAV:				
Pooled separate accounts				3,559,163
Stable value collective trust fund				806,497
Investments at fair value	<u>\$ 2,463,735</u>	<u>\$</u>	<u>\$</u>	<u>\$ 6,829,395</u>

5. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Principal. Principal Life Insurance Company and Principal Trust Company are the trustees and recordkeepers as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has adopted a prototype plan provided by Principal Financial Group. Principal has received an opinion letter dated March 31, 2014, from the IRS stating that the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

9. SUBSEQUENT EVENT

Plan management has evaluated subsequent events through July 14, 2020, the date the financial statements were available to be issued.

Effective March 2020, the Plan was amended to allow qualifying individuals to seek tax-advantaged financial relief through distributions and loans as a result of the coronavirus (COVID-19) outbreak. Participants may receive up to \$100,000 in aggregate for withdrawals prior to December 31, 2020, that are not subject to the 10% penalty fee. Repayment of the withdrawal amount is permitted if the repayment occurs within three years of the distribution. Required minimum distribution rules for distributions have also been temporarily waived for 2020.

Effective March 27, 2020, participants may also borrow up to the lesser of \$100,000 or 100% of their vested balance for 180 days and qualifying participant loan payments due from March 27, 2020 through December 31, 2020, may be delayed for one year.
