NOTE 1 - DESCRIPTION OF PLAN

The following description of Hickory Point Bank and Trust 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Hickory Point Bank and Trust (the Company) for the benefit of its employees who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may elect to reduce their salary and have that amount contributed to the Plan. The elective deferral amount may not be more than the lesser of: (a) 100% of their eligible compensation for the period, (b) the maximum dollar limit allowed under the requirements of the Internal Revenue Code ($19,000 for 2019) or (c) such lesser amount as determined by the discrimination tests for the Plan. Participants who will be age 50 or older during the plan year are eligible to make catch-up contributions (up to $6,000 additional for 2019). Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company may contribute discretionary matching contributions. The Company elected to contribute a discretionary match of 100% of the first 4% and 50% of the next 2% of compensation that a participant contributed to the Plan during 2019. The Company may also make a discretionary profit sharing contribution each year for the benefit of all qualifying participants. There was no discretionary profit sharing contribution to the Plan during the year ended December 31, 2019. Contributions are subject to certain limitations. All contributions are invested in investment accounts with United of Omaha Life Insurance Company. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on any business day.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Discretionary matching and profit sharing contributions, plus earnings thereon, are based on years of continuous service at the rate of 25% per year.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at any time. Loan terms include a maximum of 5 years, unless such loan is used for the purchase or repair of the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the national prime interest rate in effect on the date of the loan. Interest rates applicable to outstanding notes as of December 31, 2019 ranged from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Upon termination of service, a participant may elect to receive an amount equal to the value of his or her vested account in either a single lump-sum amount or in installment payments. In-service, partial withdrawals and 59 ½ years of age withdrawals are available under the Plan.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions, future profit sharing contributions, or administrative expenses of the Plan. At December 31, 2019 and 2018, there were no forfeited non-vested accounts.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments other than the fully benefit-responsive investment contract are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent loans are treated as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through July 24, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest income on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by United of Omaha Life Insurance Company. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Common Stock: The fair value of common stock is determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs).

Pooled Separate Accounts: The Plan holds an investment in United of Omaha Life Insurance Company Pooled Separate Accounts K, which is comprised of various sub-accounts to which Plan participants direct their investments, each of which is a pooled separate account of United of Omaha Life Insurance Company. The fair values of participation units held in the sub-accounts of pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transactions. Each of the sub-accounts of pooled separate accounts invests in a single, open-ended mutual fund as identified in the name of the sub-account. The investment strategies of these sub-accounts are consistent with each of the mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2019 Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Common stock	$ 56,236	$ 56,236	$ -	$ -
Pooled separate accounts*	8,980,457	-	-	-
Total investments	$ 9,036,693	$ 56,236	$ -	$ -

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

	Total	Fair Value Measurements at December 31, 2018 Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Common stock	$ 52,049	$ 52,049	$ -	$ -
Pooled separate accounts*	6,536,930	-	-	-
Total investments	$ 6,588,979	$ 52,049	$ -	$ -

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract was $706,134 and $588,531 as of December 31, 2019 and 2018, respectively.

The Plan holds a fully benefit-responsive investment contract with United of Omaha Life Insurance Company (Issuer). United of Omaha Life Insurance Company maintains the contributions in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated monthly based upon contract provisions, and it may not be less than 0.90%. The Issuer's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

(Continued)

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Company provides certain administrative services to the Plan at no cost. Some administrative expenses of the Plan are paid directly by the Company. Certain plan investments are units of pooled separate accounts and a guaranteed investment contract, which are managed by United of Omaha Life Insurance Company, therefore, these transactions and the Plan's payment of fees to United of Omaha Life Insurance Company qualify as party-in-interest transactions. Advanced Capital Group provides investment advisory services to the Plan and thus qualifies as a party-in-interest. Stadion Money Management receives management fees from the Plan in relation to providing investment recommendation services to individual participants that opt out of self-managing their investment elections and qualify as a party-in-interest. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.
