401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019

1. **Description of Plan**

The following description of the Wilbert Funeral Services, Inc. 401(k) Plan, (provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. **General**

The Plan is a defined contribution plan available to all employees of Wilbert Funeral Services, Inc., (the "Company"), who are not in an excluded class and have completed three months of service. An employee may enter the plan on the first day of January, April, July, and October of each year coinciding with or next following the date the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. **Contributions**

Each year, participants may contribute up to 75% percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 50% percent of the first 4% percent of base compensation that a participant contributes to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. There were no profit-sharing contributions for the year ended December 31, 2019. Contributions are subject to certain IRS limitations.

c. **Participant Accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Description of Plan (Continued)**

d. **Investment Options**

Participants may direct the investment of their contributions into various investment options offered by the Plan.

e. **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions, plus actual earnings thereon, is based on years of continuous service. A participant becomes 100 percent vested after five years of service.

f. **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions.

g. **Payment of Benefits**

Upon termination of continuous employment, death, disability, or attainment of age 59½, participants are entitled to their vested interests of their account balances. Benefits are payable in a lump sum. Upon evidence, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. For participants with account balances greater than $5,000, the participant must consent to the distribution before it will be made. Benefits are recorded when paid.

h. **Forfeitures**

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $80,149 and $33,749, respectively. These accounts will be used to pay administrative expenses or reduce future employer contributions. During the year ended December 31, 2019, $9,006 was used to pay Plan administrative expenses.

1. **Description of Plan (Continued)**

i. **Administrative Expenses**

The Plan sponsor bears substantially all administrative costs of the plan, including the costs of officers and employees who perform certain administrative functions. Administrative expenses that are paid by the Plan consist of fees charged by the Plan's trustee.

2. **Summary of Significant Policies**

The following are the significant policies followed by the Plan:

a. **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

b. **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

c. **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

2. **Summary of Significant Policies (Continued)**

e. **Payments of Benefits**

Benefits are recorded when paid.

f. **Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

g. **Income Taxes**

The Plan's income tax filings are subject to examination by various taxing authorities. The Plan's open examination periods are 2016 and forward.

h. **Subsequent Events**

Subsequent events have been evaluated up to July 6, 2020, the date of these financial statements were available to be issued.

3. **Fair Value of Financial Instruments**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. **Fair Value of Financial Instruments (Continued)**

Level 2 - Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy within is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies, as of December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the net asset value (NAV) of the units of the collective trust held by the Plan. The net asset value is used as a practical expedient to estimate fair value, the value at which participants ordinarily transact.

3. **Fair Value of Financial Instruments (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 34,711,025	$ -	$ -	$ 34,711,025
Total assets in the fair value hierarchy	34,711,025	-	-	34,711,025
Investments measured at net asset value	-	-	-	1,981,248
Total investments at fair value	$ 34,711,025	$ -	$ -	$ 36,692,273

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,439,218	$ -	$ -	$ 23,439,218
Total assets in the fair value hierarchy	23,439,218	-	-	23,439,218
Investments measured at net asset value	-	-	-	1,803,776
Total investments at fair value	$ 23,439,218	$ -	$ -	$ 25,242,994

3. **Fair Value of Financial Instruments (Continued)**

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trust	$ 1,981,248	n/a	Daily	12 months

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trust	$ 1,803,776	n/a	Daily	12 months

4. **Financial Data Certified by the Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments held at December 31, 2019 and 2018.
- Notes receivable from participants at December 31, 2019 and 2018.
- Net appreciation in fair value of investments for the year ended December 31, 2019.
- Dividends for the year ended December 31, 2019.
- Interest income on notes receivable from participants for the year ended December 31, 2019.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. **Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan and with the approval of the Board of Directors to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination participants will become 100% vested in their accounts.

6. **Tax Status**

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRS). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

7. **Risks and Uncertainties**

The Plan invests in various investment instruments. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. **Exempt Party-In-Interest Transactions**

Some plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions.
