1. PLAN DESCRIPTION

The following description of the CU Cooperative Systems, Inc. Employee Retirement Savings Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees who are employed by CU Cooperative Systems, Inc. (the "Company" or the "Plan Sponsor"). Effective December 31, 2018, the related employers, Lending Call Center Services, LLC, CO-OP eCom, LLC, Covera Solutions, Inc. and The Members Group, LLC were merged into CU Cooperative Systems, Inc.

Fidelity Management Trust Company (the "Trustee") is responsible for receiving Plan contributions from the Company, investing and safeguarding the Plan's assets held for investment, as well as maintaining the individual participant account balances. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan excludes employees covered under a collective bargaining agreement. Prior to December 31, 2018, employees who were employed by Lending Call Center Services, LLC were required to complete 60 days of service to be eligible to participate and to receive the Company contributions.

Contributions - Each year, participants may make pretax and Roth contributions of up to 60 percent of their eligible compensation, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for safe harbor matching contributions equal to 134 percent of the first one percent of deferred compensation, 133 percent of the next two percent of deferred compensation and 100 percent of the next three percent of deferred compensation. For the year ended December 31, 2019, the Company made safe harbor matching contributions of $6,691,968.

The Plan also provides for additional discretionary profit sharing contributions at the discretion of the Company's board of directors. Participants must be employed on the last day of the Plan year and have completed at least 501 hours of service during the Plan year to be eligible for Company profit sharing contributions. The Company did not make a discretionary profit sharing contribution for the year ended December 31, 2019.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures - Forfeitures of Company contributions will be used to pay Plan administrative expenses or to reduce future Company contributions. During the year ended December 31, 2019, no forfeitures were used. As of December 31, 2019, forfeitures of $11,686 are available for future use.

Vesting - Participants are immediately vested in their contributions, the Company's contributions, and any earnings thereon.

Payment of Benefits - On termination of service for death, disability, retirement or for other reasons, a participant or their beneficiaries, as applicable, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, or they may elect to receive an annuity form of payment, in accordance with the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by the Trustee.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees; however, see Note 5, Revenue Credit Account.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Fidelity Managed Income Portfolio – The Fidelity Managed Income Portfolio ("MIP"), held in a common collective trust, is valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the MIP fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The MIP fund does not have unfunded commitments relating to its investments. Participant-directed redemptions for in-service withdrawals or termination of employment can be made on any business day and do not have a redemption notice period. Participant-directed exchanges to another investment option may be made on any business day, provided that the exchange is not directed into a competing fund, in which case there is a 90 day holding period in a non-competing investment option.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 100,387,795	$ -	$ -	$ 100,387,795
Investments in the fair value hierarchy	$ 100,387,795	$ -	$ -	$ 100,387,795
Investments measured at NAV practical expedient				-
Investments at fair value				$ 100,387,795

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 74,135,690	$ -	$ -	$ 74,135,690
Investments in the fair value hierarchy	$ 74,135,690	$ -	$ -	$ 74,135,690
Investments measured at NAV practical expedient				5,546,832
Investments at fair value				$ 79,682,522

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and contract value, accrued interest on investment and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

b. Net appreciation of investments, dividend and interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

c. Investments, fully benefit-responsive investment contract, and participant loans as of December 31, 2019 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan document which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes the Plan is currently being operated in compliance with the applicable sections of the IRC, and, therefore believes the Plan is exempt from income taxes. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee of the Plan and therefore these transactions qualify as party-in-interest transactions for which exemptions exist. The Trustee received $169,541 for loan administration and transaction fees, which were paid by the participants through the Plan. The Trustee also receives indirect fees based on a formula. In addition, the Plan utilizes an investment advisor and an independent public accountant that received direct compensation of $90,332 and $7,530, respectively, from the Revenue Credit Account.

***Revenue Credit Account* -** The Plan maintains a revenue credit program with the Trustee. Under the program, the Trustee pays revenue credit to the Plan on a quarterly basis. The revenue credits are allocated to participants on a quarterly basis and any unallocated revenue credits are allocated to a Revenue Credit Account ("RCA"). Amounts held in the RCA are used to offset certain permitted Plan administration expenses. The Plan administrator may also direct the Trustee to allocate any unused RCA balances to participants. During the year ended December 31, 2019, the Trustee paid $19,495 in revenue credits to the Plan which was included in the net appreciation of investments, of which $5,582 was funded to the RCA. During the year ended December 31, 2019, revenue credits of $97,862 in the RCA were utilized to pay for Plan administrative expenses. As of December 31, 2019, revenue credits of $105,063 in the RCA are available for future use.

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Effective November 14, 2018, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company ("New York Life") totaling $5,444,113 and $243,967 as of December 31, 2019 and 2018, respectively. New York Life maintains the contributions in a pooled separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. New York Life is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with New York Life. Such interest rates are reset on a quarterly basis.

The New York Life Anchor Account meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on New York Life's ability to meet its financial obligations. New York Life's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with New York Life. Such events include, but are not limited to the following: (1) premature termination of the contracts by the Plan, (2) Company layoffs, (3) bankruptcy of the Plan Sponsor, (4) Plan termination, (5) mergers, (6) spin-offs, (7) sale or closing of all or part of the Plan Sponsor's operations, or (8) early retirement incentive program. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with New York Life and that would also limit the Plan's ability to transact at contract value with participants.

7. PLAN TERMINATION

The Company has the right under the Plan to amend the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow from their vested account balance within specified guidelines, as defined in the Plan. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined by the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2019	2018
Net assets available for benefits per the financial statements	$ 108,540,333	$ 82,148,231

Change in accounting difference in value of investment	58,881
Net increase in net assets available for benefits per the Form 5500	$ 26,291,444

10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 21, 2020, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective January 1, 2020, the Plan was amended for the following:

- The Plan name was changed to CO-OP 401(k) Retirement Plan.
- The 60 day service eligibility requirement for employees of the Lending Call Center Services, LLC was removed.
- The entry date was amended from the first day of the month to immediate entry.
- Participants may make pretax and Roth contributions of up to 100 percent of their eligible compensation.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act provides participants with optional relief provisions related to distributions and loans from the Plan. The Company has evaluated and authorized the implementation of certain relief provisions effective April 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
