Independent Auditors' Report

To: The Plan Administrator of
Golden Queen 401(k) Plan
Mojave, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Golden Queen 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Golden Queen 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan was formed in October 2016 as a defined contribution plan covering substantially all employees of Golden Queen Mining Company, LLC and any participating affiliates (the Plan Sponsor, or the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan as of the first day of the month, after they have reached age 18. There is no service requirement to enter the Plan.

Administration. The Plan is administered by the Plan Sponsor, Golden Queen Mining Company, LLC. Certain administrative costs are paid and certain administrative functions are performed by the officers or employees of the Plan Sponsor, without compensation from the Plan.

Contributions. Participants may elect to contribute up to a specific percentage or dollar amount, subject to certain statutory limits which change periodically. In addition, they may elect to make rollover contributions of balances held with other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Matching contributions are made for all persons who were active participants at any time during that payroll period and are calculated based on compensation and 401(k) elective deferrals for the payroll period. The Company makes an employer match contribution equal to 100% of 401(k) elective deferral contributions up to 3% of compensation, plus 50% of 401(k) elective deferral contributions over 3% of compensation, up to 5% of compensation. The matching Company contribution is invested as directed by the participant.

Qualified Non-Elective Contributions (QNEC) and Qualified Matching Contributions (QMAC). As of December 31, 2018, the employer receivable includes an accrual for QNEC and QMAC in the amount of $67,238. This amount represents corrective contributions to be made by the Plan Sponsor to compensate certain participants who were not given the opportunity to make deferrals and related employer matching contributions despite their eligibility. The QNEC/QMAC became 100% vested to the employees. The QNEC/QMAC were made in accordance with IRS regulations and do not affect the tax status of the Plan and are reflected as employer contributions on the 2018 statement of changes in net assets available for benefits and as employer receivable on the 2018 statement of net assets available for benefits. In 2019, there were no corrective contributions required.

Participant Accounts. Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Upon enrollment in the Plan, a participant may direct his or her respective share of contributions into various investment options. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting. Participants are immediately vested in their elective contributions plus net earnings (losses) thereon. They become vested in discretionary matching employer contributions plus earnings (losses) thereon at a rate of 20% per year of vesting service, beginning with the first year of service.

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits. In the event of death, disability, retirement, or termination of employment, the vested portion of a participant's account may be paid to the participant or his or her beneficiary as a lump-sum payment or rolled over to an individual retirement account or another tax-qualified plan. A participant with a vested account balance of more than $5,000 may instead choose to have the vested balance paid in installments or to defer receiving payments until age 70½.

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition. The Plan provides participants the choice of investment options in a variety of mutual funds, common collective investment trusts, and pooled separate accounts that invest in stocks, bonds, fixed-income securities, and other investment securities. The Plan's investments are reported at fair value. Fair value is the price between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and Custodian.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Payment of Benefits. Benefits are generally recorded when paid.

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Concentrations, Risks, and Uncertainties. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests substantially all of its assets with a single institution. In the event of the institution's failure, the Plan could be subject to substantial losses.

Recent Accounting Pronouncement. In August 2018, FASB issued ASU 2018-13, *Fair Value Measurement: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This amendment to the Accounting Standards Codification Topic 820, *Fair Value Measurement*, requires disclosure of the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements for public entities. This amendment also removes the disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels and the valuation process for Level 3 fair valued measurements. Furthermore, for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncement, continued. The amendment also clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date. This amendment is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

3. INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

As of December 31, 2019 and 2018, and for the year ended December 31, 2019, the Plan's investments were held by its Custodian. The following information included in the accompanying financial statements was obtained from the data that has been prepared and certified as complete and accurate by the Custodian in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA for the years ended December 31:

	2019	2018
Statemetns of net assets available for benefits:		
Participant-directed investments, at fair value	$ 3,888,187	$ 2,140,448
Statement of changes in net assets available for benefits:		
Net appreciation (depreciation) in fair value of investments	$ 584,044	$ (192,945)

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA.

5. RELATED PARY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, insurance company pooled separate accounts and common collective trusts managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the administrative expenses in the accompanying statement of changes of net assets available for benefits. Fees incurred and paid directly by the Plan for the investment management services were $11,746. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. RECONCILIATION TO FORM 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. Reconciliation of the amounts appearing on Form 5500 to the accompanying financial statements are as follows:

	2019	2018
Net Assets Available for Benefits		
Net assets, as reported on Form 5500	$ 3,889,096	$ 2,140,530
Adjustment to accrue for QNEC/QMAC	-	67,238
Net assets, as reported in the accompanying financial statements	$ 3,889,096	$ 2,207,768
Change in Net Assets Available for Benefits		
Increase in net assets, as reported on Form 5500	$ 1,748,566	$ 856,191
Reversal of adjustment to accrue for QNEC	(67,238)	-
Increase in net assets, as reported in the accompanying financial statements	$ 1,681,328	$ 908,368

7. FAIR VALUE MEASUREMENTS

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Common collective trusts include various target dated funds and various stable value funds. The target dated funds primarily consist of mutual funds, insurance company separate accounts, and collective trusts. The objective of the various target dated funds is to provide a total return consisting of long-term growth of capital and current income. The Plan uses net asset value (NAV) as a practical expedient to determine the fair value of the target dated funds and is based on the fair value of the underlying investments held by the fund less its liabilities. The various stable value funds primarily consist of investments in synthetic investments, separate accounts, guaranteed investment contracts issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The objective of the stable value funds is to provide preservation of the capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit responsive plan or participants payments. These stable value funds are valued at contract value, as contract value is the relevant fair value.

7. FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts (PSAs) are privately managed through investment companies and are not publicly quoted. PSAs are valued by the Custodian at NAV which is based on the value of the underlying assets owned by the PSA, minus any liabilities, and then divided by the number of shares outstanding. The Plan has concluded that the NAVs reported by the investment companies are used as a practical expedient to approximate the fair value of the investments. This practical expedient would not be used if it is determined to be probable that the investments will sell for an amount different from the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce fair value calculations that are not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments, by level within the fair value hierarchy, as of December 31, 2019 and 2018:

Investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Common collective trust (a)	$ -	$ -	$ -	$ 3,247,548
Pooled separate accounts (a)	-	-	-	640,639
Total investments at fair value	$ -	$ -	$ -	$ 3,888,187

Investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Common collective trust (a)	$ -	$ -	$ -	$ 1,826,967
Pooled separate accounts (a)	-	-	-	313,481
Total investments at fair value	$ -	$ -	$ -	$ 2,140,448

(a) These investments are measured using NAV as a practical expedient and are not classified in the financial value hierarchy. The fair value amounts represented in these table are shown for the purpose of reconciling to the accompanying statements of net assets available for benefits.

8. TAX STATUS

The Plan follows the provisions of the Principal Financial Group Prototype Standardized Profit Sharing Plan. The IRS has determined and informed the Company by a letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax-exempt.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions (generally three years for federal purposes and four years for state purpose); however, there are currently no audits for any tax periods in progress.

9. SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events through July 27, 2020, the date on which the accompanying financial statements were available to be issued, and concluded that no material subsequent events have occurred since December 31, 2019 that require recognition or disclosure in the financial statements, except as follows:

In December 2019, a novel strain of coronavirus (COVID-19) surfaced. The spread of COVID-19 around the world in the first quarter of 2020 has caused significant volatility in U.S. and international markets. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies and, as such, the Company is unable to determine if it will have a material impact to its operations and cash flows.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act, (CARES Act). The Plan authorized Principal Life Insurance Company to amend the Plan provisions for the following optional relief items offered to impacted participant(s) as permitted under the CARES Act. These changes include the:

- Coronavirus-Related Distributions (COVID-19 withdrawals;
- Required Minimum Distributions (RMD).

Management approved of these amendments on April 24, 2020.
