NOTE 1 – DESCRIPTION OF PLAN

The following description of The Holt Retirement Plan (the Plan), formerly the Holt of California 401(k) and Profit Sharing Plan for Non-Union Employees, provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering all eligible employees who have attained the age of eighteen years. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Holt of California (the Company) is the Plan's sponsor and certain of its employees serve as the Plan Committee.

Effective December 18, 2018, the Holt of California Union 401(k) Plan (the Union Plan) was merged into the Plan and the Plan name was changed to The Holt Retirement Plan. Investment assets of $8,901,883 were transferred into the Plan as a result of the merger.

The California Ag Solutions 401(k) Plan was merged into the Plan as of January 1, 2019 and investment assets of $801,829 were transferred into the Plan. Effective November 19, 2019, California Ag Solutions, LLC changed its name to Holt Ag Solutions, LLC, and the Plan was amended to account for this change.

CDS, LLC, a wholly owned subsidiary of the Company, was added as an adopting employer of the Plan as of January 1, 2019.

Contributions –

Participant contributions – Upon eligibility, non-union employees are automatically enrolled into the Plan. The automatic enrollment contribution percentage is 4% and increases 2% each year up to 12%; however, a participant may voluntarily contribute up to 100% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Internal Revenue Code (IRC). Employees may affirmatively elect not to make pre-tax elective deferral contributions. Eligible participants deferring 0% are automatically enrolled on January 1. Union employees are not automatically enrolled into the Plan and do not receive automatic contribution percentage increases each year. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match contributions – For non-union participants who are not employees of Holt Ag Solutions, LLC and CDS, LLC, the Company may elect to contribute an amount up to 100% of the first $1,000 of each non-union participant's salary deferral contribution (Tier 1 contribution). The Company may also contribute an amount equal to 50% of non-union employee contributions that are over $1,000, but are not over 4% of compensation for the Plan year (Tier 2 contribution). Non-union participants are eligible for employer contributions beginning on January 1 after their date of hire. Non-union participants employed by Holt Ag Solutions, LLC, and CDS, LLC, are eligible for discretionary matching contributions. Union employees are not eligible for employer match contributions. The Company elected to make Tier 1 and Tier 2 matching contributions as of December 31, 2019 and 2018. The Company did not make matching contributions to non-union participants employed by Holt Ag Solutions, LLC, and CDS, LLC, for the year ended December 31, 2019.

Employer profit sharing contributions – The Company may elect to make profit sharing contributions at its discretion to non-union participants. Union employees are not eligible for employer profit sharing contributions. Participants are eligible for employer contributions beginning on January 1 after their date of hire. The Company made profit sharing contributions of $2,502,250 and $2,000,000, for the years ended December 31, 2019 and 2018, respectively. The Company did not make profit sharing contributions to non-union participants employed by CDS, LLC for the year ended December 31, 2019.

Contributions are subject to regulatory limitations.

Participant accounts – Each non-union participant's account is credited with the participant's contributions, Company matching contributions, allocations of the Company's profit sharing contribution and plan earnings. Each union participant's account is credited with the participant's contributions and plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their voluntary contributions and Tier 1 employer contributions. Tier 2 and employer profit sharing contributions and gains/losses credited thereon vest over a six-year period based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.25% to 9.25% with various maturities through May 2035. No collection allowance has been recorded as of December 31, 2019 and 2018.

Payment of benefits – Benefit payments are distributed to participants in a single lump sum at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) upon reaching age 59½, 4) total and permanent disability, 5) upon demonstration of financial hardship, or 6) death of the participant.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may first be used in the subsequent year either to pay Plan administrative expenses or to reduce future Company contributions. If any forfeitures still remain, such forfeitures will be reallocated to participant accounts. As of December 31, 2019 and 2018, forfeitures of $69,758 and $28,693, respectively, were allocated to participant accounts. Forfeited nonvested accounts of $143,509 and $69,758, as of December 31, 2019 and 2018, respectively, are available for future allocation.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's trustee, Principal Trust Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – All administrative expenses of the Plan are paid by the Plan or the Company at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account. Administrative expenses are further detailed in Note 10.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through July 27, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Pooled separate accounts: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

Collective trust: Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value 12/31/19	Fair Value 12/31/18	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ -	$ 12,677,964	Daily	N/A
Collective trust	12,247,836	10,210,066	Daily	N/A
	$ 12,247,836	$ 22,888,030		

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's investments by level as of December 31, 2019 and 2018:

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 74,165,383	$ -	$ -	$ 74,165,383
Total assets in the fair value hierarchy	$ 74,165,383	$ -	$ -	74,165,383
Investments measured at NAV (practical expedient)				12,247,836
Investments at fair value				$ 86,413,219

	Fair Value Measurement at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 45,201,959	$ -	$ -	$ 45,201,959
Total assets in the fair value hierarchy	$ 45,201,959	$ -	$ -	45,201,959
Investments measured at NAV (practical expedient)				22,888,030
Investments at fair value				$ 68,089,989

NOTE 4 – PLAN TRANSFERS

Prior to the merger of the Union Plan into the Plan in 2018, funds could be transferred between the Plan and the Union Plan due to employees who transfer from non-union to union employment status or vice versa.

NOTE 5 – TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on August 8, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 7 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Net appreciation (depreciation) in fair value of investments, dividends, and interest income from notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of registered investment company funds managed by affiliates of the Plan's trustee and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for recordkeeping and administrative services are included in administrative expenses. Indirect compensation for investment management services are recorded as a reduction of appreciation or additional depreciation in the fair value of investments. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rule of ERISA.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 10 – ADMINISTRATIVE EXPENSES

Effective January 1, 2016, the Plan Committee implemented a fee equalization strategy to improve transparency and to lower participant's investment fees by using investments with minimal or no revenue sharing arrangement. Investment fees were previously charged to net appreciation in fair value of investments. Expenses related to specific participant transactions are charged to the respective participant's account. The following table discloses the plan expenses for the years ended December 31, 2019 and 2018:

	2019	2018
Participant Loan Fees	$ 11,463	$ 6,692
Investment Fees	123,079	113,964
Participant Distribution Fees	12,413	5,938
	$ 146,955	$ 126,594

NOTE 11 – SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
