Note 1. Plan Description

The following description of the Cannon Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a deferred contribution plan covering all employees of the Company who are age 21 or older, except members of a collective bargaining unit and non-resident aliens. Employees may enter the Plan on the date on which they satisfy the eligibility requirement. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration:

Cannon Corporation (the Company) is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance.

The custodian, Voya Retirement Insurance and Annuity Company, has been granted discretionary authority to invest and reinvest the assets of the Plan, subject to the investment discretion of the individual participants over the participant contributions and Company matching contributions, if any.

Contributions:

Participants may elect to contribute a percentage of their compensation, which is withheld from the employee’s pay through payroll deductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may also designate a portion or all of the deferral contributions as Roth 401(k) contributions that are includable in the participant’s gross income at the time deferred. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a matching contribution of 50% of the elective deferral up to 6% of compensation. The Company may also make discretionary non-elective contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant's account is credited with the participant’s contributions and employer matching contributions, as well as allocations of the employer’s discretionary contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All amounts in

participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may also transfer benefits from other qualified plans into the Plan.

Vesting:

Participants are vested immediately in their voluntary contributions, the employer matching contributions, employer discretionary non-elective contributions, if any, plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and the loan is charged interest at the prime rate plus 1%, which has been determined by the Plan administrator as a reasonable rate of interest, commensurate with local prevailing rates, as of the loan date. Principal and interest are paid through payroll deductions, or through direct payments from the participants.

Benefit payments and withdrawals:

On termination of service for any reason, participants or their beneficiaries are entitled to a benefit equal to the vested and non-forfeitable interest in their account as a lump sum distribution. If the terminated participant's vested and non-forfeitable balance is less than $5,000, the participant's balance will automatically be distributed in the form of a lump sum, as a cash distribution if the balance is under $1,000, and as a direct rollover to a default IRA if the balance is under $5,000, unless otherwise specified by the participant.

A participant may withdraw the elective deferral balance of their account for reasons of hardship.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Forfeitures may be applied to reduce administrative expenses of the Plan, then any remaining forfeitures may be used to supplement employer contributions.

At December 31, 2019 and 2018, there was no forfeited account balance.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable as of December 31, 2019 and 2018.

Payment of benefits:

Benefits are recorded when paid.

Administrative fees:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative fees. Investment advisory fees have also been included in administrative

fees. Other investment related expenses, including transaction fees, are included in net appreciation of fair value of investments.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2019 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (VRIAC).

Total assets held and certified by VRIAC in the accompanying statements of net assets available for benefits was $12,156,275 and $9,801,678 as of December 31, 2019 and 2018, respectively. Investment income, which includes net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants, certified by VRIAC in the accompanying statement of changes in net assets available for benefits was $2,034,038 for the year ended December 31, 2019.

Note 4. Investments and Fair Value Measurements

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: The pooled separate accounts are valued at their "accumulation unit value" (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically the beginning AUV is $10.00) and is then determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the Contact's separate account charges. Transactions occur daily in and out of the accounts. The funds NAV's are available from the custodian. The Contract's daily asset charge (separate account charge) is communicated to Plan management in the Contract and applicable notice of change.

Self directed brokerage account (SDBA): Brokerage account assets are valued based on prices provided to the brokerage firm from external pricing sources and based on market prices. The securities held within the SDBA include cash equivalents, equities and mutual funds and are reported at quoted market price.

Limited Partnership investment: The Limited Partnership is valued at estimated remaining return of capital, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	***Level 2***	***Level 3***	***Total***
Pooled separate accounts	$ -	$11,051,275	$ -	$ 11,051,275
Self directed brokerage account	114,104	-	-	114,104
Limited Partnership investment	-	-	56,068	56,068
Total investments at fair value	$ 114,104	$11,051,275	$ 56,068	$ 11,221,447

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	*Level 2*	*Level 3*	*Total*
Pooled separate accounts	$ -	$ 8,424,788	$ -	$ 8,424,788

Total investments at fair value	$ 95,862	$ 8,424,788	$ 59,032	$ 8,579,682

For the year ended December 31, 2019, there were no significant transfers between Levels 1, 2 or 3.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

	Limited Partnership investment
Balance, as of December 31, 2018	$ 59,032
Unrealized loss	(2,964)
Balance, as of December 31, 2019	$ 56,068

The valuation technique for the Level 3 investment is based on the estimated remaining return of capital, which approximates fair value. There are no significant unobservable inputs and the balance is not significant to overall plan assets.

Note 5. Group Annuity Contract with Voya Retirement Insurance and Annuity Company

The Plan has a fully benefit-responsive guaranteed interest contract with VRIAC totaling $701,617 and $1,056,276 as of December 31, 2019 and 2018, respectively. VRIAC maintains the contributions in a general account (Voya Fixed Account). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VRIAC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Related Party and Party-in-Interest Transactions

Certain underlying assets of the Plan are managed by VRIAC and affiliated entities. VRIAC is the custodian and recordkeeper for the Plan, and therefore these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The Ryding Company is the third party administrator of the Plan and provides administrative services and is a party-in-interest. Fees incurred by the Plan for third party administrative services are included in administrative fees.

Nielsen Insurance Group, Inc. is the investment advisor and is a party-in-interest. Fees incurred by the Plan for investment management services are included in administrative fees.

Notes receivable from Plan participants and related interest income are also considered party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

The Company has adopted a standardized volume submitter profit sharing 401(k) plan. The IRS has opined and informed the volume submitter plan administrator by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2019, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of the Plan Financial Statements to the Form 5500

Certain amounts included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

There were no reconciling items between the net assets available for benefits per the financial statements and the Form 5500 at December 31, 2019.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2018.

Net assets available for benefits, per the financial statements	$ 9,869,559
Benefit payments distributed in 2019, accrued in 2018 on Form 5500	(1,029)
Net assets available for benefits, per Form 5500	$ 9,868,530

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019.

Net increase in net assets available for benefits per the financial statements	$ 2,342,784
Benefit payments distributed in 2019, accrued in 2018 on Form 5500	1,029
Net increase, per Form 5500	$ 2,343,813

Note 11. Subsequent Events

Subsequent to year-end, a novel strain of coronavirus surfaced in the United States resulting in economic and social disruption. The market impact from COVID-19 has resulted in significant fluctuations in investment performance for the Plan. The extent to which the coronavirus may impact the Plan will depend on future developments and related impact on the financial market. The future developments and its impact are highly uncertain and cannot be predicted. Management will be closely monitoring the Plan and will take actions necessary to, as much as possible, mitigate the impact on the investment performance of the Plan.

The Plan has evaluated subsequent events through July 21, 2020, the date the financial statements were available to be issued.
