## NOTE 1 - Description of the Plan

The following description of the Parent Petroleum, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's adoption agreement for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution plan with a 401(k)-provision sponsored by Parent Petroleum, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan permits all employees of Parent Petroleum, Inc., CIMA Developers, Limited Partnership, and Pride Stores, Inc. (collectively the "Company" or "Employer"), who have completed at least 90 days of service with the Company, as defined in the Plan, and are age 18 or older to participate. Employees may enter the Plan on the first day of the month after meeting eligibility. Upon enrollment in the Plan, participants may direct participant and company contributions to any combination of available investment options.

*Contributions*

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code ("IRC"). The Plan allows participants to contribute their taxable annual compensation as a Roth 401(k) contribution. Participant who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollover contributions). The Employer may, at its discretion, contribute participant matching contributions. Participants must be employed at the end of a plan year to receive employer discretionary matching contributions. For the year ended December 31, 2019 the Employer matched 100% of employee deferrals up to 4% of qualified wages as defined in the Plan.

*Participant Accounts*

Each participant's account is credited with the participant's contributions and allocations of the Employer contributions and Plan earnings (net of administrative expenses). Allocations are based on the participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting*

Participants are immediately vested in their contributions plus earnings thereon. Participants who leave the Plan because of death, normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

| Vesting Years of Service | Percentage Vested |
|---|---|
| 0-1 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 or greater | 100% |

## NOTE 1 - Description of the Plan (cont.)

*Forfeited Accounts*

Forfeited accounts may be used to reduce administrative expenses or Employer contributions. As of December 31, 2019 and 2018, forfeited non-vested accounts were $13,422 and $4,432, respectively.

*Investment Options*

Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices. Investment choices are more fully described in the Plan's literature. Participants may change their investment options at any time.

*Notes Receivable from Participants*

Participant loans are not permitted under the Plan.

*Excess Contributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

*Payment of Benefits*

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan. The Plan provides for normal retirement at age 60. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants may take in-service payment of benefits on rollover contributions, upon reaching the age of 59-1/2 or financial hardship if certain criteria are met, as defined in the Plan.

## NOTE 2 -Summary of Significant Accounting Policies

*Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with generally accepted accounting principles in the United States of America (GAAP).

*Use of Estimates*

The preparation of the financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

## NOTE 2 -Summary of Significant Accounting Policies (cont.)

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

*Payment of Benefits*

Benefits are recorded when paid.

*Administrative Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

## NOTE 3 -Information Prepared and Certified by Custodian - Unaudited

The following information, included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company and Principal Trust Company, the Custodians of the Plan:

Investments
Investment income
Schedule H, Line 4i - Schedule of Assets (Held at End of Year)

## NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include
- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**NOTE 4 - Fair Value Measurements (cont.)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Registered investment companies* - The fair value of registered investment companies, are valued using quoted market prices in active markets.

*Money Market* - The fair value of units owned is obtained from independent pricing data and is based on sales of similar securities and other observable market data.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below presents the balances of assets measured at fair value on a recurring basis by level within the hierarchy.

| | December 31, 2019 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 3,369,628 | $ - | $ - | $ 3,369,628 |
| Money market | - | 281,658 | - | 281,658 |
| Investments at fair value | $ 3,369,628 | $ 281,658 | $ - | $ 3,651,286 |

| | December 31, 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 2,899,151 | $ - | $ - | $ 2,899,151 |
| Money market | - | 163,039 | - | 163,039 |
| Investments at fair value | $ 2,899,151 | $ 163,039 | $ - | $ 3,062,190 |

## NOTE 5 - Guaranteed Investment Contracts

The Plan has entered into a fully benefit-responsive guaranteed investment contract issued by insurance companies, banks and other financial institutions and certain contributions of the Plan and are maintained in a fixed account. The guaranteed investment contracts are contractually obligated to repay the principal and a specified interest rate that is guaranteed by the issuers. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

## NOTE 6 - Parties-In-Interest

Certain of the Plan's investments are managed by the Custodian, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

## NOTE 7 - Tax Status

The Plan has adopted a non-standardized form of a prototype plan with CODA, sponsored by Fidelity Management & Research Company. The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 8 - Reconciliation of Financial Statements to Schedule H Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 at December 31, 2019 and 2018:

| | 2019 | 2018 |

| Adjustment for excess contributions payable | 37,841 | 23,322 |
| Net assets available for benefits per Form 5500 | $ 3,651,286 | $ 3,462,631 |

The following is a reconciliation of the increase in net assets available for benefits on the financial statements to Form 5500 for the year ended December 31, 2019:

| | |

| Less: Adjustment for employer contributions receivable at December 31, 2019 | (272,195) |
| Net increase in net assets available for benefits per Form 5500 | $ 188,655 |

## NOTE 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts

## NOTE 10 - Subsequent Events

The Plan has evaluated subsequent events through July 23, 2020, which is the date that the financial statements were approved and available to be issued.

As of the date these financial statements were available to be issued, the outbreak of the novel coronavirus ("COVID-19") in many countries continues to adversely impact global commercial activity and has contributed to significant volatility in financial markets. The global impact of the outbreak has been rapidly evolving, and as cases of the virus have continued to be identified in additional countries, many countries have reacted by instituting quarantines and restrictions on travel. Such measures, as well as the general uncertainty surrounding the dangers and impact of COVID-19, are creating significant disruption in supply chains and economic activity. The outbreak could have a continued adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate adverse impact of COVID-19. Nevertheless, COVID-19 presents material uncertainty and risk with respect to the performance of the Plan's investments and financial results.

The Plan's management has determined that there are no other subsequent events that require recognition or disclosure in the financial statements.
