401(k) RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a brief description of the Superior Forge & Steel Corporation 401(k) Retirement Savings Plan (Plan) and provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) plan established for the benefit of the employees of Superior Forge & Steel Corporation (Company), Plan Sponsor. The Plan, which was amended on October 25, 2019, is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Prior to November 1, 2018, employees who were 18 years of age and older and had completed one year of service were eligible to participate in the Plan. One year of service was defined as the twelve month period beginning on an employee's date of hire. If an employee had been credited with at least 1,000 hours of service by the end of such period, the employee would have completed a year of service at the end of any following Plan year during which the employee was credited with 1,000 hours of service.

Effective November 1, 2018, employees who are 18 years of age and older and have completed six months of service are eligible to participate in the Plan. Six months of service is defined as the six month period beginning on an employee's date of hire. Employees can begin participation on the first day of the month coinciding with or immediately following the employee meeting the eligibility requirements.

Contributions: Eligible employees may contribute pre-tax annual compensation as defined in the Plan up to the maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary contributions to the Plan subject to certain limitations. The safe harbor contribution amounted to 3% of the participant's eligible wages earned during the year ended December 31, 2019.

Participant accounts: Each participant account is (a) credited with the participant's contributions, (b) credited with the Company's contributions, (c) credited (reduced) with an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, (d) reduced by the participant's withdrawals, and (e) reduced by administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocations to individual participant accounts are based upon dollar values at specified valuation dates.

Vesting: Participants are immediately vested in their contributions, rollover contributions, and safe harbor employee contributions as defined by the Plan document plus actual earnings thereon. Vesting in the Company's elective match and profit sharing contributions portions of their accounts plus actual earnings thereon is based on years of service. A participant is 100 percent vested after six years of credited service as defined in the Plan document. Additionally, participants become fully vested, regardless of vesting table, upon attainment of normal retirement age, disability, or upon death. The Company did not make an elective match or profit sharing contributions during the year ended December 31, 2019.

Payment of benefits: Employees of the Plan Sponsor may receive payment of benefits on termination of service due to death, disability, retirement, or other reason; a participant whose Plan balance is \$5,000 or more at the time of termination may elect to remain in the Plan or receive a lump-sum distribution of their account balance. The Plan Sponsor may initiate an involuntary distribution for those terminated participants whose Plan balance is less than \$5,000 at the time of termination.

SUPERIOR FORGE & STEEL CORPORATION
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation on a daily basis.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent of their vested account balance. Loan terms generally range from one to five years, with the exception of loans for the purchase of a principal residence which may exceed five years. Loans are collateralized by a portion of the participant's vested account balance equal to the amount borrowed. The interest rate is the prime rate plus two percent on the loan's issue date and this rate is fixed for the life of the loan. Principal and interest are paid through payroll deductions.

Forfeited accounts: Forfeiture of non-vested employer discretionary contributions arising from employee terminations and withdrawals are used to pay Plan expenses or to offset future employer contributions. As of December 31, 2019 and 2018, forfeited non-vested accounts totaled \$0 and \$813, respectively. Forfeitures of \$827 were used to offset employer contributions during the year ended December 31, 2019.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value (Note 5)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: Except for loan origination fees associated with notes receivable from participants, administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document.

Subsequent events: In preparing these financial statements, the Plan Sponsor evaluated events that occurred through July 27, 2020, the date the financial statements were available to be issued, for potential recognition or disclosure.

401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Recent Accounting Pronouncement

Fair Value Measurement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this Update modify the disclosure requirements on fair value measurements in *Topic 820, Fair Value Measurement*, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. In addition, the amendments eliminate *at a minimum* from the phrase *an entity shall disclose at a minimum* to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level III fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact, if any, that adoption will have on its December 31, 2020, financial statements.

Note 3. Information Certified by Voya

The following is a summary of the investment information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of December 31:

	2019	2018
Investments:		
Pooled separate accounts, at fair value	\$ 17,995,966	\$ 15,690,286
Guaranteed investment contract, at contract value	737,860	727,870
	<u>\$ 18,733,826</u>	<u>\$ 16,418,156</u>

The Custodian also certified to the completeness and accuracy of \$3,454,995 of net appreciation in fair value of pooled separate accounts, \$7,033 of interest on guaranteed investment contract, and \$32,395 of interest related to notes receivable from participants for the year ended December 31, 2019. Notes receivable from participants that were certified as of December 31, 2019 and 2018, amounted to \$467,005 and \$524,660, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2019 or 2018:

Pooled separate accounts: Valued using the net asset value (NAV) as a practical expedient to estimate fair value, as provided by the Plan's Custodian. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2019				
	Total	Level I	Level II	Level III
Pooled separate accounts measured at net asset value (a):	\$ 17,995,966	\$ -	\$ -	\$ -

SUPERIOR FORGE & STEEL CORPORATION
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

	Assets at Fair Value as of December 31, 2018			
	Total	Level I	Level II	Level III
Pooled separate accounts measured at net asset value (a):	\$ 15,690,286	\$ -	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of fair value hierarchy to the line item presented on the statements of net assets available for benefits.

Transfers Between Levels

For years ended December 31, 2019 and 2018, there were no transfers between Levels I and II and no transfers in or out of Level III.

Investments Measured Using NAV per Shares as Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency if Currently Eligible	Redemption Notice Period
	2019	2018			
Pooled separate accounts	<u>\$ 17,995,966</u>	<u>\$ 15,690,286</u>	N/A	Daily	Daily

Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a traditional investment contract with Voya Retirement Insurance and Annuity Company. The Voya Fixed Account (4062) meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract value as of December 31, 2019 and 2018, amounted to \$737,860 and \$727,870, respectively.

The crediting interest rate is based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset annually, but in no event is the crediting interest rate less than one percent. Withdrawals are permitted at any time without penalty. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan; or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. The Plan Administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

**SUPERIOR FORGE & STEEL CORPORATION
401(k) RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 6. Related Party Transactions

Certain Plan investments are pooled separate accounts and a guaranteed investment contract, managed by the Custodian, Voya. Voya is the Custodian as defined by the Plan and, therefore, transactions with these accounts qualify as party-in-interest transactions.

Fees paid by the Plan for the administrative services and/or investment management services amounted to \$80,580 for the year ended December 31, 2019. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain other administrative expenses are paid directly by the Company for which it is not reimbursed.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their entire accounts. Participants will then receive either lump-sum cash payments or an annuity.

Note 8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the sponsor of the prototype plan by a letter dated January 27, 2015, that the Plan is qualified and the trust established under the Plan is tax exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended December 31, 2016, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 10. Plan Transfer

Funds transferred into the Plan reflect an amount being transferred from the Markovitz Enterprises, Inc. 401(k) Retirement Savings Plan, a related party through common ownership, to the Plan Sponsor as an employee transferred from Markovitz Enterprises, Inc. to the Company.

NOTES TO FINANCIAL STATEMENTS

Note 11. Subsequent Event

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. This coronavirus outbreak has severely restricted the level of economic activity around the world. The pandemic has significantly impacted both the world and U.S. economies. During March 2020, many state and local governments, in addition to the federal government, reacted to the public health crisis, creating significant uncertainties in the U.S. economy. The impact of the pandemic as well as other commodity and financial market forces have not resulted in a significant decline in the fair value of the Plan's investments since December 31, 2019, through the date of issuance of these financial statements. As part of the United States federal government's response to the pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into federal law on March 27, 2020. Under this legislation, qualified participants of the Plan may receive coronavirus-related distributions of up to \$100,000 that are exempt from the 10% early withdrawal tax and for which the income tax is deferred over a three year period. Additionally, under the CARES Act, the participant may repay the distribution over a three year period without incurring any additional income tax burden. The legislation also permits suspension of loan repayments for new and existing Plan loans for a period of up to a year and for extension of the term of the loan for a period of up to a year without violating the maximum five year term for qualified individuals. The Plan has paid two coronavirus-related distributions to qualified participants through July 27, 2020. Additionally, the Plan has not made any loans or altered the repayment terms of any loans as permitted by the CARES Act through July 27, 2020. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits depends on the continuing responses of the financial markets to the successes or failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
